HARDING HALTS RAIL MESSAGE PENDING PARLEY

Railmen, Executives Meet Today.

(By a Staff Correspondent.)

Washington, D. C., Aug. 16.—[Special.]—Prospects of settlement of the rail strike at tomorrow's conference in New York improved today to such an extent that President Harding probably will postpone or abandon his plan to go to the capitol and lay the industrial situation before congress.

Broad intimations of a change in the President's program came, both from the White House and from responsible party spokesmen in congress, following the departure of the railroad labor leaders for New York to reopen negotiations with the railroad executives tomorrow.

Awaits Rail Parley.

It was stated on the best authority that the President had made no final decision as to his plans, but that it was virtually certain he would postpone his appearance before congress at least until the brotherhood chiefs and the executives had another opportunity of reaching a basis of settlement.

Several developments were responsible for the optimism with which the outcome of the New York conference is being awaited. Outstanding among these developments were:

The announcement of President Harding in his letter yesterday to Chairman McChord of the interstate commerce commission that the federal laws relating to inspection of rolling stock and safety appliances must be strictly enforced, regardless of the public inconvenience which might ensue.

The signing of the peace agreement at Cleveland between the miners and some of the bituminous operators, which is expected to furnish the basis for complete agreement in the coal fields.

Labor Leaders Elated.

Railroad labor leaders were elated over the President's letter to Chairman McChord. Their reports on equipment led them to believe that conditions are so bad that strict enforcement of the laws by the federal government would soon bring about a general tieup of traffic, without the calling of a general transportation strike.

The virtual settlement of the coal strike was also expected to react favorably on the railroad situation. Public clamor, especially from big manufacturing and business interests, for coal supplies, it was pointed out, would create a strong pressure upon the executives and might be the means of forcing abandonment of their "hard boiled" attitude concerning seniority.

The brotherhood heads left Washington in a conciliatory mood to attend the New York conference.

VITAL MEETING IN N. Y.

New York, Aug. 16.—[Special.]—On his arrival tonight at the Pennsylvania station from Washington, Warren S. Stone, chief of the Brotherhood of Locomotive Engineers, while uncommunicative as to what the labor leaders hoped for in the way of results, indicated that today's conference between the committees appointed by the Association of Railway Executives and the brotherhood chiefs would be the most important move that has been made to bring about a settlement of the shopmen's strike.

Mr. Stone said that in addition to the Big Four group of union leaders, representing the engineers, firemen, conductors and trainmen, along with the switchmen, the brotherhood leaders succeeded today in inducing officers representing sixteen other unions having relations with the railroads, including striking and nonstriking organizations, to come from Washington and be on hand, figuratively "outside the door" for ready consultation during the conference.

Those to Attend Parley.

Mr. Stone made public the personnel of the committee which will confer with Thomas De Witt Cuyler, chairman of the Association of Railway Executives, and the other railway executives members of his committee at tomorrow's meeting called for 2 o'clock in the offices of the association at 61 Broadway.

The brotherhoods' committee will consist of Mr. L. E. Sheppard, for the conductors; W. N. Doak, representing President Lee of the trainmen's organization; E. H. Robertson, chief of the firemen, and T. C. Cushen, head of the switchmen's union.

The conference with the railroad executives will be limited, Mr. Stone said, at least at the start, to deliberations conducted on behalf of organized labor by the group of which he is the spokesman and leader.

NEWS SUMMARY

RAIL STRIKE.

President Harding may decide not to go before congress with rail strike problem tomorrow, deferring his plan to give new mediation effort in New York between brotherhoods and railroad executive a chance; hopes high in some quarters that settlement of shopmen's strike may be near.

Disorders by railroad strikers, attacks on nonunion workers, attempts to destroy tracks and workers' homes were reported from various parts of the country.

COAL STRIKE.

Both sides firm in dispute over arbitration as conference of Illinois coal operators and miners nears; optimists expect public sentiment to force settlement.

President Harding to ask congress to legalize fuel board to obtain fair coal distribution and avert profiteering.

President Lewis of the mine workers says the union won a big victory. Resumption of mining is well under way.

Strike statistics show majority of walkouts in last few years have resulted in compromises, with both sides virtual losers.

LOCAL.

Senator W. B. McKinley's name is brought into booze investigation as a result of which Special Internal Revenue Agent John A. Tatro is "fired"; Tatro denies he made charges against the senator.

Frank Burns Watling prepared to depart for California in move to "make good" in four months as stipulation to remarriage with recently divorced wife, Mrs. Mayme Thorne Watling.

Wife of Francis J. Lewis, multimillionaire, sues him for separate maintenance, charging cruelty and "imperious airs."

Assistant business manager of school board tells trustees he placed steam heating "plums" with Acme company on orders of former President Davis; grand jury orders letter of censure for witness who asked investigation but did not personally know facts.

Wife of Edward Tilden gets writ restraining public sale of his seat on Board of Trade pending her divorce suit.

World's champion telegrapher kills himself at door of girl when she refuses to marry him.

Twenty-one women submit to examinations under Bundesen plan to battle venereal disease; Arthur Burrage Farwell finds old law he claims prohibits such tests.

Ladies and bottles adorned Milliner Leschin's flat, says janitor's wife, who may aid Mrs. Leschin's divorce suit.

Character witnesses testify Thomas Walsh, union business agent on trial on extortion charges, bore good reputation; he takes stand and denies all charges.

Surface lines to ask federal court today to permit discontinuance of sale of tickets on street cars.

FOREIGN.

Impoverished Europe spending more millions in gayer Deauville than before in history. High stakes, high fashions, and high life.

German farm hands, led by Communists, strike as mark crashes, due to failure of conference of allies. French cabinet holds up sanctions until reparations commission acts.

EUROPE JAZZES DEAUVILLE BY ORGY OF GOLD

Too Fast for U. S. Millionaires.

BULLETIN.

VIENNA, Aug. 16.—A long defense of the decision of the Vienna municipality in rejecting further American aid in feeding the city's children was published today by the Arbeiter Zeitung. It says this relief was invaluable during the dark days immediately following the armistice, but the position of always being aided is degrading to the city. If Vienna can support such notorious luxury, it says, it should be able to care for its own children.

DEAUVILLE, Aug. 16.—Money is the cheapest thing in Deauville amid the seething swirl of the most diaphanously clad women, aflame with huge jewels, who mingle with the most beflanneled men in the most gigantic motor cars by the bluest sea, the most vivid flowers, the greenest grass, and the most dazzling sunshine—all of which marks the height of the thirty-one day season.

Never before has there been such an influx of notable visitors from royalty to millionaires and back again, with Americans largely in evidence, but with the French, English, and Italian of ruined Europe and South American elements well represented.

Stacks of Coin.

But money, money is everywhere, the purple thousand franc notes predominating, and yellowbacks, dollars and white Bank of England certificates well interspersed. The play of baccarat at the Chemindefer tables has been higher in isolated cases than in other years, but never have there been so many tables in play as this season, and the average rate of betting established a new record.

Twenty million francs—roughly, $2,000,000—sets the top total bet during one session at the casino from 2 o'clock in the afternoon to 8 o'clock the following morning.

Anibal Demessa, a Cuban sugar planter; Andre Citroen, a French automobile manufacturer; Baroness Derlanger, formerly Mrs. Peter Cooper Hewitt; Mrs. Eggers, a wealthy English woman, and Jean Patou, a Paris dressmaker, are the sensational plungers this season.

Even Millionaires Flinch.

"Why aren't you playing?" Alexander P. Moore, husband of the late Lillian Russell, asked Jesse Livermore, New York broker, and Claus Spreckels, sugar king, who were watching the players.

"We cannot afford to play this game," replied Mr. Livermore and Mr. Spreckels. "It's too steep for us."

But at the table sat half-clad notorious demimondaines, fingering big packets of notes with bejeweled fingers; svelte sports-collared professional dancers with bunches of currency stuck in platinum cigaret cases; race track followers and bookmakers, who cleaned up on the track and are now tempting fortune at cards.

The electric money laden atmosphere of Deauville is reinforced during the excitement of gambling by champagne and cocktails, and also cocaine and morphine among certain habitues, which obviate the necessity for sleep. Although the lingering devotees of chance are not abed until 7 or 8 o'clock in the morning, they are content with four or five hours' sleep, joining the rest of the colony at the beach before noon.

Mabel Normand There.

Bathing girls no longer are an attraction, as the women generally are more scantily clad at the casino or restaurants than in swimming, but the crowd watches Charley Stuart's flying kites, the Dolly sisters playing leap frog, or Mabel Normand swimming with her big police dog.

Alfonso of Spain has ceased to be an attraction, and it is a curious sight to watch the king step gingerly into the baccarat room, reserved for men only, where the spectators are three deep behind the table, and where the players silently smoke $4 cigars and shove big piles of money around.

King Alfonso tiptoes to the edge of the table and carefully whispers to his neighbor, inquiring who is the banker and how much are the stakes. The shah of Persia, a short, stout youth, edges in, but is unable to peer over the shoulders of those standing, so steps quietly out.

HEAT WAVE DUE TO LINGER DAY MORE AT LEAST

Chicago continues to swelter.

Although the mercury yesterday did not reach the high temperatures of the day before by several degrees, the city continued in the grip of one of the hottest periods of the summer.

The 4 a. m. record of the weather bureau showed the thermometer standing at 78 degrees. During the morning the mercury gradually rose, the absence of any sort of a breeze continued, and by 2 o'clock in the afternoon the temperature reading showed 84 degrees. The heat continued with only the abatement of a degree or two until late last night.

Weather bureau chiefs do not predict any relief from the torrid wave today. Reports show that high temperatures continued over the central and northern districts between the Rockies and the Appalachians.

BOMB INJURES ONE; PARTIALLY WRECKS HOUSE

Explosion of a dynamite bomb, believed to be the work of a Black Hand gang, caused the slight injury of one person and the partial destruction of a three story brick building, occupied by Italians, at 1161 Cambridge avenue, early this morning.

Peter Ferra, owner of the building, admitted receipt of threatening letters. He and two other men living in the building are nonunion glaziers employed by Tyler & Hippach, where glass workers have been on a strike for several months.

Samuel Pinzi was the man injured. He was sleeping on the first floor. Windows in neighboring houses were broken by the explosion.

1,100 MILE "HOP" IN 11 HOURS FROM TEXAS TO COAST

San Diego, Cal., Aug. 16.—Establishing what is believed to be a record for the 1,100 mile air trip from San Antonio, Tex., to San Diego, Lieut. Westside T. Larsen, army aviator, arrived at Rockwell field this afternoon in less than eleven hours after he left the Texas city.

Two stops were made en route, one at El Paso and the other at Nogales, Ariz. The aviator left Kelly field, San Antonio, at 5:30 o'clock this morning and reached El Paso, 625 miles distant, at 9 o'clock. After refueling his plane Lieut. Larsen flew to Nogales where another landing was made. He reported at Rockwell field at 4 p. m.

WATLINGS MAY REWED SHORTLY

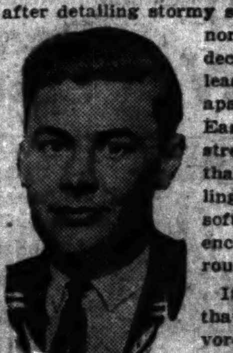
Youth Going West to "Make Good."

Placed upon his honor "to make good" in four months, Frank Burns Watling, son of the head of the Watling Scale company and recently divorced by Mrs. Mayme Thorne Watling, leaves Chicago for "somewhere in California" tonight, where, it is said, the couple will be remarried in December.

MRS. MAYME THORNE WATLING.
[TRIBUNE Photo.]

This morning Mrs. Watling, widow of Raymond Thorne, son of the vice president of Montgomery Ward & Co., leaves for French Lick Springs to remain until convinced that Watling has conquered the "temperament" to which she ascribed his frequent assaults upon her.

In her bill for divorce, Mrs. Watling, after detailing stormy scenes in many north side hotels, declared that she leased a luxurious apartment at 220 East Pearson street, convinced that young Watling "needed the softening influence of home surroundings."



FRANK B. WATLING.
[TRIBUNE Photo.]

It is known that after the divorce was granted on Aug. 11 Watling protested his love for Mrs. Watling, and friends predicted the couple would not remain separated long.

Rumors that Watling has been accepting $75 weekly "alimony" from Mrs. Watling were indignantly denied by close friends of the couple, who verified the reports of the impending remarriage.

From the same sources it was learned that Watling has been a frequent and welcome guest at the East Pearson street apartment, from which he was evicted by court order, several times since the entry of the decree.

OBENCHAIN JURY FOREMAN HIT IN PLEA FOR BONDS

Los Angeles, Cal., Aug. 16.—Affidavits containing charges against M. E. Paddock, foreman of the jury in the second trial of Mrs. Madelynn Obenchain for the murder of J. Belton Kennedy were filed in the Superior court here today in preparation for an announced plan of the defense to apply for her release on bond Friday when her third trial is to be set.

The affidavits were sworn to by five members of the jury who voted for Mrs. Obenchain's acquittal. They contained the allegations that Paddock, before a ballot was taken, declared he believed the defendant guilty; called the court's instructions to the jury "ridiculous" and that he would not permit the other jurors to vote when and as they desired.

Before Mr. McCraren reached the house he had been stung a score of times.

F. J. Lewis Sued by Wife as 'Imperious'

(Pictures on back page.)

Their home disrupted by his "transcendent airs and imperious, overbearing attitude," Mrs. Alberta E. Lewis, widely known as a social worker and philanthropist, yesterday filed suit for separate maintenance against Francis J. Lewis, multi-millionaire roofing manufacturer and building contractor.

The suit marks the collapse of a romance of thirty-four years, during which time Lewis is said to have accumulated a fortune estimated at between $5,000,000 and $8,000,000. The couple have six children—F. Jerome Lewis, Omaha bank official; John Lewis, Joseph Lewis, Josephine Lewis, James, and Otto Henrici Jr., an adopted son.

Try to Keep It Secret.

Strenuous efforts made by Attorney Charles E. Erbstein, counsel for Mrs. Lewis, to withhold knowledge of the suit, were revealed last night, when it became known that Lewis was served with notice of the suit in his rooms at the Union League club by a deputy sheriff. Attorney Erbstein had earlier in the day procured an order of the Circuit court suppressing the suit.

The bill, based on cruelty and desertion, traces the marital discord to the sudden acquisition of great wealth by Lewis during war times, which, Mrs. Lewis intimates, caused the millionaire to become "imperious and overbearing in his attitude, assuming airs of transcendence and predominance."

One Act of Cruelty.

But one specific act of cruelty is mentioned in the bill, which declares that on June 1, 1922, Mrs. Lewis allowed the two younger children, James and Otto, to attend a picnic, accompanied by their tutor.

For some unknown reason, Mrs. Lewis continues, Lewis became incensed at her and after discharging the tutor, threatened to beat her. Immediately after, the bill asserts, Lewis abandoned his home and moved to the Union League club.

Following the separation, Mrs. Lewis declares that as the result of a family conference, Lewis agreed to give her $1,500 monthly for the maintenance of herself and children and promised to increase the amount to $2,000 a month later.

Household Budget $50,000.

Lewis also agreed to turn over to Mrs. Lewis a summer home at Whitehall, Mich., where she is now living, as well as the furnishings of their Ellis avenue home. After paying two months, Lewis, the bill charges, repudiated the agreement and offered Mrs. Lewis $375 temporarily, despite the fact, as she says, he well knows that for many years their household expenses have exceeded $50,000 annually.

Mrs. Lewis also seeks custody of their minor children and an accounting from her husband of moneys derived from the sale of a home in Omaha, Neb., and from the sale of certain securities.

Holder of Stock.

Among his many business activities, in addition to being president of the F. J. Lewis company, 2513 South Robey street, capitalized at $2,500,000, Lewis is also the principal owner of the Bunting Building corporation. Large holdings of Baltimore and Ohio railroad and Central Petroleum stock are attributed to Lewis. Mrs. Lewis declares that his income is over $500,000 annually.

For years the couple have been known as generous givers to Catholic charities and institutions, Mrs. Lewis being the donor of the first $10,000 free scholarship to Rosary college and chairman of several tag day campaigns. Lewis has taken an active part in local movements sympathetic with Irish freedom and was associated with other local financiers in subscription of funds to relieve destitute and homeless Irish.

FIRE DRY AGENT AS SENATOR'S NAME IS USED

Sleuth Denies; Gets Job of Clabaugh.

Joseph A. Tatro, special agent of the internal revenue service in Chicago, announced last night that he had been summarily dismissed from the government service on the ground that he had made unwarranted and untrue charges that United States Senator Willim McKinley and his secretary, Chester Willoughby, were involved in the fraudulent removal of 1,800 cases of whisky, valued at $53,000, from the Central Cold Storage Warehouse last April.

Mr. Tatro denies that he made the charges and denies that he has any charges to bring against the Senator and his secretary. He declares the whole thing is a conspiracy in the federal building to get him out of the way and insinuates that if he were permitted to continue his investigations he might actually obtain evidence that would involve "some of the persons I am charged with having named."

Permit Signed by Gregory.

The story centers around a permit signed by Charles A. Gregory, prohibition officer in charge of the Illinois district, to remove the 1,800 cases of whisky, given to the Yondorf Drug and Chemical company, a fictitious concern. It has all the earmarks of a Diamond Dick scarehead, with mysterious agents bobbing up, a gun play, stolen records and secret conferences.

Things have been happening swiftly to Mr. Tatro since he began this dangerous investigation. On Aug. 3 he received a letter detailing the charges against him and demanding an explanation. On Aug. 9 he was discharged from the internal revenue service to take effect last Tuesday. Yesterday he thought he was through, but when he told his troubles to Hinton G. Clabaugh, special investigator in the federal building, Mr. Clabaugh gave him a new job on his pay roll.

Clabaugh Confirms Employment.

Mr. Clabaugh confirmed Tatro's statement concerning his reëmployment.

"I know nothing of the McKinley-Willoughby affair," said the federal investigator. "I do not care about that. Mr. Tatro has been employed by me and will continue in my service. He is a valuable government man and will be extremely useful in helping me prepare the cases that I am engaged in. This includes not only the prohibition but other government departments."

Mr. Clabaugh's investigation is being conducted through a score or more of investigators. He was employed by John Montgomery and Maj. Edgar B. Tolman, who were directed by Attorney General Daugherty to find out what the trouble is in the federal building.

Mr. Daugherty's interest is a development of the row between District Attorney Clyne and Col. John V. Clinnin, former first assistant district attorney, who was censured and who filed charges against Mr. Clyne and the conduct of that office.

The Clabaugh investigation, however, has broadened into a general inquiry of various federal departments. He has a number of experts at work on books and has been tracing cases from their inception.

Says He'll Stick on Trail.

"I will continue these investigations on which I have been engaged," Mr. Tatro said last evening, thereby injecting a new complex into the federal muddle in Chicago.

Mr. Tatro staged the setting for his sensational disclosures at his home, 5529 Prairie avenue, at 8 o'clock last night. He said that he would "break" a story of national interest and also "one that might hold some attention across the Atlantic," where Senator McKinley at present is sojourning.

He first exhibited the letter from David Nolan, acting special agent in charge in Chicago, containing the charges which formed the basis of his dismissal.

LETTER OF CHARGES

The letter, dated Aug. 3, follows:

"Complaint has been received by the chief, special intelligence unit, as you are already aware, regarding certain statements alleged to have been made by you to Assistant United States Attorney Edward Weisl and United States Commissioner Lewis F. Mason. After making an investigation of the matters charged, I have been directed to submit the following charges for your consideration, and such explanation as you may deem proper:

1. That about three weeks, more or less, ago, during the course of a conversation with Assistant United States Attorney Edward Weisl, you stated to him, without sufficient evidence to support such evidence, substantially as follows:

That you expected to present to him for appropriate action in a short time "The largest case in the United States—a case centering around the alleged fraudulent withdrawal of some 1,800 cases of whisky, and would involve United States Senator McKinley, a Mr. Willoughby, some assistant district attorneys, and other prominent politicians."

2. That about three weeks, more or less, ago, during a conversation with United States Commissioner Lewis F. Mason, you stated to him without sufficient evidence to support such a statement, substantially as follows:

That you expected to call upon him shortly with a complaint against Chester A. Willoughby and his boss, the inference being taken that you alluded to United States Senator William McKinley, by whom Mr. Willoughby is said to be employed as secretary.

3. That on Saturday, July 29, 1922, you made an untruthful statement to the chief, special intelligence unit, in that you entered a positive denial to making the statements described in charges one and two.

"Please submit your reply to the above charges in writing, addressed to the undersigned on or before Monday, Aug. 7, 1922, setting forth any reasons you may think proper why you should not be removed from the internal revenue service or otherwise disciplined."

Start of the Scandal.

Tatro has been in the federal service for fifteen years. His connection with the affair that resulted in his dismissal began last April. He brings in Charles W. Carey, 6510 Yale avenue, as his original informant. Carey was at that time a secret agent in the prohibition service. Carey's activities and detective ability resulted in the discharge of fifteen prohibition agents at one time. Later he was dismissed. Carey, according to Tatro, had a lot of information about "higherups."

"He gave me all sorts of information about corruption in the prohibition detail," said Tatro. "I tried to get him to put it in statement form. He said it would mean his life if he did. Later I questioned him again about the higher people. He came across and certified to it, modifying some of his remarks a little. I proceeded with the investigation and found he was nearly right."

CAREY'S STORY

The story that Carey told Tatro and that Tatro found "nearly right" and is still "proceeding with" is that about the middle of April Schwartzhaup & Co., 220 South State street, had 1,800 cases of whisky in bond at the Central Cold Storage warehouse, 325 North Clark street.

A man giving the name of "Yondorf" of the "Yondorf Drug and Chemical company," with an address on Commercial avenue that afterward proved nonexistent, called on Mr. Schwartzhaup and said he wanted to buy 2,000 cases of whisky.

"I can't give you that much," Mr. Schwartzhaup is quoted as saying. "I have 1,800 cases I can let you have if you get a bona fide permit. The price will be $53,400, on the understanding that if anything happens and it does not go through I am to get $3 a case for my trouble, $5,400."

"I agree," the mysterious Mr. Yondorf said.

The whisky was paid for with a cashier's check for $53,400.

Trucks Call for Booze.

Several days later, after arrangements had been made to move the cases, six trucks with twenty men drove up to the warehouse.

The permit signed by Mr. Gregory had been given to Mr. Schwartzhaup and he had found it genuine. There were three copies of the permit. The truck men had one. They were just about to begin loading the trucks when a runner appeared. There was a hurried conference in the warehouse. The trucks and the men disappeared. The whisky was undisturbed.

Just before this, it appears, John Clark, prohibition officer, who happened to be in the Chicago office, was called on the telephone and was told that a removal was going on at the warehouse and that it "looked funny."

Carey Hears About It.

At the same hour Carey bobbed up again. He had heard somewhere in a saloon on South Water street that this whisky was being moved. He went over to the city hall and heard some more about it. Then he called Mr. Gregory and told him about it. At that time he was still employed by the government. Mr. Gregory told him to drop around and see what was going on.

Whether some one behind the scenes, operating for the purchasers, learned that the prohibition office was investigating, and whether this information stopped the removal, is one of the unknown links in the story.

In the meantime Mr. Swartzhaup had been informed that the "deal was off" and had obtained his check for $5,400, giving back the $53,400 check. Several days later the mysterious Mr. Yondorf appeared in his office and said:

"The real fellow that is back of this thinks I was trying to shake him down for $5,400. I want you to show him your records and set me right."

Then Comes Some Gun Play.

Mr. Swartzhaup opened his safe and produced the documents.

"These are just what I want," said the visitor and started to walk away.

"Here, you can't get away with that. That is all I have to show I am clean in this matter," said Mr. Swartzhaup.

The man still retreated with the precious papers. There was a struggle which was interrupted by a second stranger, a dark, tough looking man, who shoved a gun in Mr. Schwartzhaup's ribs and held it there until his chief had made his escape with the papers.

Tatro Takes Up Inquiry.

Mr. Tatro's investigation, taken up from this point, involved the identity of the real persons behind the removal. How the permit was obtained is another matter. Mr. Tatro has a copy which was presented to the warehouse people.

On July 23, while still working on the case, Tatro and his acting chief, Nolan, were summoned to Washington by the chief of the service, Elmer L. Irie. He said they had a four minute conference in Mr. Irie's office, in which he was informed that he had been to Weisl in Chicago with a story of Senator McKinley and had asked for warrants against the senator and his secretary and that the senator had complained to David Blair, chief of the internal revenue department, and that Blair had come down on the intelligence department hard.

TATRO'S REPLY TO NOLAN

The letter from Nolan, quoted above, was the next step. This was answered on Aug. 5 by Tatro as follows:

"August 5, 1922.

"Mr. David Nolan,
"Acting Special Agent in Charge,
"Special Intelligence Unit,
"Internal Revenue Department,
"Chicago, Illinois.

"Receipt is acknowledged of your letter of August 3, 1922, wherein you charge me:

"1. With having made an untruthful statement to the Chief, Special Intelligence unit.

"The statement to which you refer but which is somewhat obscured is my denial to my having applied for a warrant of arrest for Senator William McKinley. I still maintain this denial and I assure you that if I had said what I am charged with I would at least admit it to our chief, but here you are faced with what I know is a conspiracy to bring about my dismissal from the service; also to permit certain investigations I have commenced to evaporate.

Takes Up Second Charge.

"2. You also charge me with having, while in conference with Assistant United States District Attorney Weisl, stated to him that I expected shortly to place in his hands for prosecution the largest liquor case ever had in the United States and that it would involve United States Senator McKinley, Mr. Chester Willoughby, his secretary; some United States assistant district attorneys, and other prominent politicians.

"3. That I mentioned during a conversation I had with United States Commissioner Lewis F. Mason that I expected shortly to call upon him with complaint against Chester Willoughby and his boss, the inference being taken that I alluded to United States Senator McKinley, by whom Mr. Willoughby is said to be employed as secretary.

His Answer to Charges.

"In answer to the charge I can only reply that:

"1. You are aware, as most any one who has anything to do about the federal building is aware, of advantages that would accrue to Volstead act jugglers, particularly if the special intelligence unit were extinguished or muzzled. Lesser advantages would result, of course, if only Agent Tatro was discredited, but in view of his having persistently embarrassed the liquor ring, would it not be a fitting reward for him by reason of said ring?

"2. You are also aware of several investigations on which I am now engaged that if compelled might, in fact, involve some of the persons I am charged with having named.

His View of Results.

"3. Your investigation of the complaint against me has only brought forth, as I can best follow it, the one fact that as Assistant United States District Attorney Weisl informed United States District Attorney Clyne that while in official communication with him I stated, as in your charge in No. 2, I deny that I so stated to Mr. Weisl.

"But what of it, if I had? [Of course you know me well enough to credit me with not making such statement unless I had tangible proof at my command.] Are not special agents enjoined by the regulations to directly confer with United States district attorneys on matters before them? And, are not all United States district attorneys enjoined by oath to hold in strictest confidence all communications with them?

"I concede the propriety of assistant attorneys repeating to the district attorneys whatever is really said to them, but what about District Attorney Clyne in this case informing Senator McKinley of this sacred alleged communication of mine? What are his motives for violating his oath of office? Are there any reasons why greater credit should be given to Mr. Weisl's lone word than to mine? I am the defendant in this case and by all the laws of evidence I am entitled to the benefit of the doubt.

Asks New Talk with Mason.

"4. You quote Commissioner Mason seemingly, in corroborative support of Mr. Weisl's allegations. I request that you reinterview Mr. Mason and ask him if the occasion of the statement he relates was not that of an official conference we had which he ordered me to have with him relative to the advisability of my obtaining a warrant of arrest in case of 'S. L. 1896.' previous to my going to Denver, as it was then contemplated I should.

"Commissioner Mason very naturally questioned me on all angles of the case, but even so, I do not recollect mentioning Mr. Willoughby's name. I would state that former Prohibition Agent Carey referred to Mr. Willoughby in the matter of the issuance of the alleged fraudulent whisky permit for 1,800 cases by the prohibition office, and that the case that Mr. Mason and I had under discussion related to this permit.

May Have Quoted Carey.

"I may have quoted Mr. Carey to Mr. Mason, but if so, I do not recollect it. But even if I did I fail to see the impropriety of it. Mr. Mason has, I might say, been the most confidential advisor and best friend our unit has had, and in whom as commissioner, it is permissible for us to confide.

"Please ascertain and incorporate as part of your report Mr. Mason's opinion as to whether or not I ever confided anything to him which he deems improper either in this or any other instance.

Tells of His Long Work.

"5. I have had fifteen years of government service and during this time I have faced death a score of times to perform my duty, worked night and day for a wage that has afforded my family a bare living; I have been subject to persecutions for having the stamina to perform my duty against exalted offenders I have met.

"May I not hope and believe that after all these years of loyalty, honesty, and the giving of the best that is in me, neither Mr. Blair or Mr. Irie will attach prejudice to my official report on account of these charges.

"JAMES A. TATRO."

Letter of Dismissal.

The reply to this was the letter of dismissal, which follows:

"Aug. 9, 1922.

"Mr. Joseph A. Tatro:

"You are hereby removed from the position of special agent, effective at the close of Aug. 15, 1922. This action is based on conduct indicating unfitness for employment in the above mentioned capacity and is taken after careful consideration of your reply to the letter under date of Aug. 3, 1922.

"C. P. SMITH,
"Acting Commissioner."

The other persons named in the letters could not be reached last night. Mr. Gregory was reported out of the city and Mr. Weisl was fishing in Wisconsin.

MINERS WON BIG VICTORY, IS VIEW OF JOHN L. LEWIS

Cleveland, O., Aug. 16.—[By the Associated Press.]—Before leaving for Philadelphia tonight to take part in three anthracite negotiations there tomorrow, John L. Lewis, president of the United Mine Workers of America, announced that additional agreements amounting to approximately 10,000,000 tons annual soft coal production were executed here today in the settlement, in part, of the bituminous coal strike.

"Acceptance of the approximately 60,000,000 tons annual production represented in the conference of miners and operators yesterday and the execution of additional agreements today involving something more than 10,000,000 tons production gives the settlement impetus that will be irresistible," Mr. Lewis declared in a statement.

"Despite unfavorable economic conditions and with tremendous political and financial influences raised against us, we are emerging from the conflict victorious," the statement said.

MINES ARE REOPENING.

Associated Press dispatches announce resumption of work today or before the end of the week in the following mine districts:

Terre Haute, Ind.—John Hessler, local president, has authorized resumption of work in ten mines, the operators of which signed the Cleveland agreement. Some of these mines will reopen today. Owners of others will meet with union officials Monday.

Lansing, Mich.—Miners in the Saginaw district are preparing to return to work under the Cleveland agreement.

West Frankfort, Ill.—The miners here held a big celebration, resembling armistice day, when they heard the Cleveland agreement was signed. They predict many big mines will reopen this week.

Danville, Ill.—Miners of the Carbon Hill Mine company will return to work today.

Troops Ordered Home.

Columbus, O.—Ohio National Guard troops on duty at Ohio mines were ordered home yesterday by Governor Davis.

Pittsburg, Kas.—Two companies operating coal mines here signed the Cleveland agreement and their mines will reopen today.

Kansas City, Mo.—Harry N. Taylor, president of the Southwestern Operators' association, will meet with the union officials here Tuesday to talk peace.

Staunton, Ind.—Troops guarding strip mines here have been ordered home.

LIVELY IMAGINATION

The Greeks wrapped the seeds of melons in rose leaves, with which they were afterward sown,

Maintaining that, at maturity, the delectable melon was impregnated with sweet emanations,

And that its flavor called to mind its delightful abode with the queen of flowers.

Thus, in imagination at least, they enjoyed melons as deliciously flavored as those served at CHILDS.

Luscious, ripe cantaloupe, as cool and refreshing as a quaff from a crystal spring.

HOPE VOX POP CAN FORCE COAL PEACE IN STATE

Arbitration Looms as Big Obstacle.

Although the question of arbitration promises to be a stumbling block to the success of the conferences between Illinois operators and miners which open here tomorrow, it is believed that the pressure of public opinion will force a settlement of some kind under which the mines in this state will be reopened in the near future.

Dr. F. C. Honnold, secretary of the Illinois Coal Operators' association, refused to make any forecast of the outcome of tomorrow's meeting, which will be held at the Auditorium hotel, until he is fully informed of the nature of the proposition the miners will present.

According to Frank Farrington, president of the Illinois miners, neither he nor his scale committee, consisting of thirty members, is authorized to offer a settlement on any basis other than that laid down by the Cleveland agreement. The operators already have rejected this agreement and have announced they will stand pat for arbitration.

Farrington in City.

On the surface, therefore, it appears that the conference will result in a deadlock at the outset, but those who take the more optimistic view believe that the mere fact that the contending parties are to "get their feet under the same table" augurs favorably for some kind of a settlement.

President Farrington spent a few hours in Chicago yesterday between trains before going on to Springfield, but conferred with none of the operators while here.

"We are authorized to accept a settlement in Illinois on the basis of the Cleveland agreement, no more and no less," President Farrington said. "The Illinois miners absolutely will not accept arbitration. I believe, though, that when the miners learn exactly what this Cleveland agreement means they will reject Lewis' plan. This agreement really means nothing at all. It is in effect only a seven months' agreement, and I do not believe the Illinois miners will stand for it. However, as the situation now stands, we cannot effect a settlement on any other basis."

President Farrington stated the plan provides for a referendum vote on the acceptance or rejection of the Cleveland agreement in the various districts as soon as the miners return to work.

"I think the Illinois miners will poll an overwhelming vote against the Cleveland agreement, but if a majority of the miners favor it in the other states then Illinois still would be bound by it."

Illinois Gets a Blow.

While Gov. Small was allowing another day to slip by without naming the Cook county committee to supervise the rationing of coal, local fuel dealers received word from Washington of an order by the interstate commerce commission, which considerably dims the hope of bringing Kentucky coal into this state.

The order, which was to become effective at 4 o'clock yesterday afternoon, compels operators in the Harlan-Hazard fields, which produce the only high grade bituminous coal in the Kentucky district, to ship their entire outputs to the nearest lake ports for distribution under "priority one," which provides for the distribution without restriction as necessity may require. Operators refusing to obey the order, it was said, will be penalized by not having cars supplied them.

"This order means that none of this coal, a small quantity of which is now reaching Chicago, can be brought into this district," said State Fuel Administrator Medill. "It means that practically all of it will be gobbled up by the railroads and other interests at the lake ports. I was told that two Kentucky operators have announced they will not obey the order and are on their way to Washington to protest."

Urges Cutting Off Hot Water.

Louis T. Orr, who is conducting a survey of household and apartment building coal supply for the Chicago Real Estate board, suggested that apartment house owners hoard what meager supplies of fuel they have for the advent of cold weather by cutting off hot water supply.

JOLIET SNIPERS FIRE ON TROOPS; HOMES SEARCHED

Incident Likely to Keep Force There.

Joliet, Ill., Aug. 16.—[Special.]—Resentment and protest against the presence of Illinois national guard troops in the Elgin, Joliet and Eastern railroad strike zone here flamed up again last night, when several shots were fired at soldiers stationed near the yards. The shots came from the vicinity of strikers' homes. The soldiers did not return the fire.

LIEUT. COL. MORRIS.

Today Lieut. Col. Nelson Morris, in command of the 132d infantry detachment here, led a searching party through twenty homes in the neighborhood where the shooting occurred. Capt. Jack O'Donnell, chaplain of the regiment accompanied the party. One revolver, two rifles, and several railroad fuses were confiscated.

Likely to Prolong Stay.

A crowd of 500 persons, made up chiefly of striking shopmen and train service men and their families, watched the soldiers enter the houses. There was no demonstration. The incident, far from speeding the departure of the troops, will serve to keep them here until all danger of trouble has passed, it was stated today.

This is the first outbreak against the soldiers since their occupation of the yard territory a week ago. The first night there was some sniping, but everything has been quiet since.

Eighteen hundred shopmen are on strike and 1,300 engineers, firemen, and train crew men. The Big Four brotherhood men are not on strike against the railroad, but walked out because they resented working under soldier protection. They did not like being challenged by sentries on their way to work and having to show credentials at the gates, where soldiers with machine guns are on guard.

The sheriff in charge, August Lindrin, said that the troops were there at his request and would stay. Sheriff James Newkirk, who was shot in the strike riot a week ago, continues to improve.

Mayor to Succeed Reitz.

Mayor Thomas V. Gorey offered his resignation at a special meeting of the city council today. He resigns to accept the position of chief special agent of the E., J. & E. railway, succeeding Philip Reitz, who was killed in the strike riot. Gorey has been a city official since 1915. He was formerly commissioner in charge of the police and fire departments and was appointed mayor by the council.

BRITAIN IS URGED TO CANCEL DEBTS OWED BY EUROPE

'Unpaid Bills Brake on Prosperity.'

BY JOHN STEELE.

[Chicago Tribune Foreign News Service.]
[Copyright: 1922: By The Chicago Tribune.]

LONDON, Aug. 16.—In the calm succeeding the allied conference storm, British statesmen now are taking stock of their position and figuring the next move on the international chess board.

The French talk of stern action alone against Germany is discounted, but more stock is taken in the discussion in Paris about a possible Franco-German rapproachment with the idea of isolating Great Britain.

Great Britain is not afraid of isolation in this way and looks with hope to anything that will brng better relatons between France and Germany, with the consequent stabilization of European economic affairs, with which British prosperity is bound up.

Would Wipe Out British Claims.

As soon as Mr. Lloyd George returns from his Welsh holiday he will have to face an insistent demand that he tear up the Balfour note. Sir Robert Horne, chancellor of the exchequer, is heading a party growing in number daily which believes it is to Great Britain's interests to wipe out formally the European debt to Great Britain.

Their position is that these debts are not collectable anyway, but while they exist they serve as a brake to the revival of trade and prosperity.

Expect to Pay America.

With regard to England's debt to America, everything is going forward now for settlement of the terms of repayment. Gold is being shipped to the United States weekly for payment of interest due this fall, and a funding commission, probably headed by Sir Robert Horne, is going to Washington within two months.

The British government is through talking about any remission of America's debt and is sorry if any such intention was read into the Balfour note. Actual payment is still to be worked out. Actual gold payment is a physical impossibility, and America does not want goods which would wreck her industries. One of the tasks of the funding commission in Washington will be to settle this point.

Eight British Ships Bring 50,000 Tons of Coal to U.S.

New York, Aug. 16.—Eight vessels laden with British mined coal, reached port today with 50,000 tons consigned to railroads and public utilities of New York City.

ACT TO ABOLISH SALE OF TICKETS ON STREET CARS

Surface Lines to Ask Order by Court.

Federal Judge Wilkerson, sitting en banc with two other federal jurists, probably Judges Alschuler and FitzHenry, will be asked this morning by attorneys for the surface lines to permit the discontinuance of the sale of tickets on street cars.

FEDERAL JUDGE WILKERSON. [Moffett Photo.]

Notice of the action, together with a copy of the proposed order, was served yesterday on the Illinois commerce commission, Attorney General Brundage, and Corporation Counsel Ettelson. The order is signed by Attorneys James M. Sheean, Harry P. Weber, W. W. Gurley, and Charles Babcock for the company.

The orders provides for the discontinuance of ticket sales on the cars immediately, and if the judges grant the petition for an amendment to the injunction order it is probable that the change will become effective at least by next Monday.

Mayor's Lawyers Fail.

The action of the company comes after lawyers for Mayor Thompson failed to make good the pledge that the demands of the men for the elimination of ticket sales from their duties would be brought to the attention of the court.

The petition for the amendment, in which officials of the union, through their attorneys, join, declares that the pledge that the conductors would no longer be required to sell tickets, was made to the men when they were on strike; that the ticket sales have increased congestion and caused accidents; that ticket sales have caused friction between the men and the public, and that the men have sustained losses through the theft of their ticket allotments by pickpockets.

Sell Tickets Elsewhere.

The proposed order closes as follows: "The plaintiff (the company) shall provide and keep on sale tickets at their offices, car barns, and such other places as will reasonably accommodate the traveling public, and shall post notices in their cars naming the places where tickets may be purchased."

"Arrangements are already being made for the sale of tickets, both downtown and in the outlying districts," Mr. Weber said last night. "All the big downtown stores have volunteered to handle them, and drug stores and other places outside the loop are being asked to keep them on sale. In addition, tickets will be on sale at all car barns if the judges grant our petition."

HARDING SEEKS COAL FOR ALL; NO PROFITEERING

Will Ask Fuel Board Be Legalized.

[BY A STAFF CORRESPONDENT.]

Washington, D. C., Aug. 16.—[Special.]—President Harding will ask congress to pass legislation giving the federal fuel committee legal powers to control the distribution and regulate the price of coal as a safeguard against hardship and profiteering, it was learned at the White House today.

This action followed closely two developments in the coal situation which were brought to light after the announcement of the agreement between operators and union miners at Cleveland.

Danger of Profiteering.

The first development was the danger of profiteering which was called to the attention of the board by Senator Borah [Idaho] in a letter to Secretary Hoover in which he pointed out need for legislation controlling coal prices and announced his intention of seeking such legislation.

"It would seem that the coal strike is practically settled, at least in the process of settlement," Senator Borah's letter says. "I judge from the press that you feel that the public needs protection against unreasonable coal prices. As I wrote you some weeks ago, I entertain no doubt that some of the operators have taken advantage of the situation to charge unusual and exorbitant prices and that practice will now be more general in all probability."

Shows Climb in Prices.

Senator Borah then cites quotations of coal on Aug. 7, showing substantial increases above those prevailing on April 3. The average spot price on Aug. 7, he says, was $6.18, as against $2.06 on April 3. West Kentucky mine run was quoted at Louisville on Aug. 7 at $8, he says, while on April 3 the price was $1.90. Smokeless mine run was quoted at Boston at $9.50 on Aug. 7, he notes, as against $4.65 on April 3.

The second development was contained in a letter from Federal Fuel Distributor Spencer to the railroads asking them to refrain from competitive bidding for coal, the result of which has been to force the price of coal above the limits set by Secretary Hoover.

At the same time it was announced the voluntary price agreements made by Secretary Hoover with the operators are to remain in effect until coal production is resumed on a more general basis in the union fields.

Coal Men Admit Boosts.

Somerset, Ky., Aug. 16.—Officials of coal mines in this territory today admitted that instructions of the federal government had been disregarded in fixing the price of coal. Nonunion fields today quoted low grade coal at $7.50 a ton at the mines and the best coal at $11 a ton.

MINERS SIDETRACK COAL DOWNSTATE; ONE CAR IS BURNED

Murphysboro, Ill., Aug. 16.—[By the Associated Press.]—Approximately 150 striking miners forced the crew of a Mobile and Ohio train to sidetrack five cars of coal at Willysville, ten miles north of here, this afternoon, which was bound for East St. Louis, according to E. E. Norris, vice president of the railroad.

Mr. Norris said the coal had been in storage here since the strike began, and that it was being moved to East St. Louis for the use of the railroad when it was found impossible to bring coal from the nonunion fields of Kentucky through southern Illinois. Several deputy marshals were in the Willisville district, Norris declared, but were unable to cope with the situation.

About twenty cars of coal from the nonunion fields of Alabama were sidetracked from two trains at the demands of miners at Percy, last week. Norris stated that the coal in about a dozen of the cars had been dumped on the track, and one wooden car, loaded with coal had been burned. The coal was bound for St. Louis.

TILDEN'S WIFE HALTS HIS SALE OF SEAT IN PIT

Gets Writ Barring Action Pending Divorce Suit.

Plans of Edward Tilden, wealthy broker and son of William A. Tilden, former president of the Fort Dearborn banks, to dispose of his Board of Trade seat at a public sale, were frustrated yesterday by Mrs. Gladys Hempel Tilden, who secured a temporary injunction restraining the sale pending the disposition of her suit for divorce.

EDWARD TILDEN. [TRIBUNE Photo.]

The petition, prepared by Attorney Weymouth Kirkland, was presented to Judge Timothy D. Hurley, and asserted that the membership was posted for sale on the bulletin board of the exchange. The order granted by Judge Hurley prevents the Board of Trade from assigning or transferring the membership until further court order.

Accused of Cruelty.

In her suit for divorce, Mrs. Tilden charged young Tilden, a member of the South Shore Country and Chicago Yacht clubs, with habitual drunkenness, cruelty, and nonsupport. Tilden, when the suit was filed, was restrained from disposing of his personal property or fortune.

The couple were married in April, 1919, following the divorce granted Mrs. Frances Garnett Tilden, daughter of Attorney William Garnett.

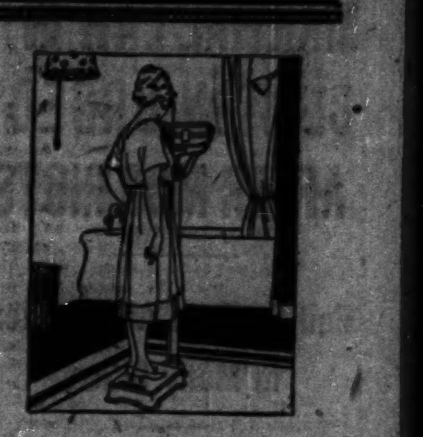
Caught in Loop Hotel.

The first Mrs. Tilden's charges of intimacy with other women were substantiated by the testimony of her father, who declared that he discovered young Tilden in a loop hotel room with an unnamed actress.

Tilden is now said to be living in New York, where he was served with notice of the recent suit. No denial of the charges has been made as yet.

Chinese Typhoon Costs 60,000 Lives; Millions Lost

AMOY, Aug. 16.—[By the Associated Press.]—Swatow's death toll in the typhoon of Aug. 2 is conservatively estimated at 60,000. The property damage will run into many millions, the Standard Oil company alone incurring a loss of $100,000.



Are You Reducing?
—weigh yourself every day

To make a complete success of your reducing diet or exercises, you should check your weight every day, on the same accurate scale. Only in this way can you tell definitely just how effective your reduction program is proving.

Fairbanks
Health Scale
(Fairbanks, Morse & Co., Chicago)

Every home should have this sensitive and absolutely dependable scale. It safeguards the health of the entire family; tells whether your weight is what it should be; helps you decrease or increase it to normal; enables you to know whether your children are properly nourished and growing as they should. It is convenient, compact and handsomely white enameled, with eye-level nickeled beam; also nickeled measuring rod, if desired. Stands flat against wall or occupies any convenient corner.

Fairbanks
Baby Scale

No mother will knowingly trust her knowledge of her baby's health to an inaccurate scale. When a few ounces variation in weight mean the difference between a sick baby and a well one, only the finest and most reliable scale will do. The Fairbanks Baby Scale weighs accurately to the quarter of an ounce. Attractively white enameled, with large scoop. Easily converted into a household scale when no longer needed as a baby scale.

Visit our interesting new department, where, from the trained nurse in charge, you can obtain tables of correct weights for babies, children and adults, and ask any questions on the care of children or the maintenance of correct weight in adults.

THE man who is satisfied with the ordinary cigarette is very easily satisfied. But the man who selects Melachrinos would be impossible to please with any tobacco less worthy.

MELACHRINO owes its unique and distinctive preference, the world over, to the fact that it is composed only of the choicest Turkish tobacco grown, which, because of its delicacy of flavor, is impossible to imitate or equal.

MARTIAL LAW IN CLINTON URGED AFTER MOB RIOTS

Rail Strikers Attack Men in Many Cities.

Clinton, Ill., Aug. 16.—Maj. Stiles, commanding companies D and E of the 106th cavalry here, has recommended martial law for Clinton, following mob violence last night in which a dozen or more men, presumably strikers, assaulted four men from Champaign, employed in the Illinois Central shops. One of the men, it is said, will lose an eye, if not his life.

Pennsylvania Mobs Riot.

Scranton, Pa., Aug. 16.—Numerous disorders in connection with the railroad shopmen's strikes kept this city's riot squad busy early today. A crowd estimated at 3,000 attacked a shop worker at Bellevue and beat him.

Trains Tied Up in New Mexico.

Albuquerque, N. M., Aug. 16.—No trains have been moved west by the Santa Fé since last night because of the trouble at Gallup, N. M. Three transcontinental trains which arrived last night from Las Vegas are still held here. Officials are hopeful that the Gallup situation will be cleared up today, as a representative of the Brotherhood of Trainmen conferred with the brotherhoods. Seven transcontinental trains are now tied up here, two more having arrived from the east today.

Rioters Invade Shops.

Washington, D. C., Aug. 16.—Reports received by Attorney General Daugherty are that "serious trouble" has occurred in connection with the railway shopmen's strike at Spencer, N. C. Strike sympathizers, he said tonight, had entered the shops, routed workers, and had even intimidated railway police. An appeal had been made for marines and troops.

Southern Pacific Resumes.

San Francisco, Cal., Aug. 16.—The Southern Pacific announced today itself ready to handle all traffic. Fruit shipments began to move eastward soon after the embargo on perishables was lifted late yesterday. Settlement of the road's troubles with the Big Four rail brotherhoods made it possible for the road to accept all classes of freight.

Approximately 500 cars of fruit moved through Roseville. Fourteen trains of fruit and delayed freight were sent east. The fruit that moved within the last twenty-four hours was regarded almost a total loss a few days ago.

Road to Run Again.

San Francisco, Cal., Aug. 16.—The Western Pacific railroad will be reopened to traffic immediately, it was announced tonight after a conference between General Manager Mason of the railroad and representatives of the brotherhoods of engineers and firemen, at which an agreement was reached.

Militia in 5 Kansas Towns.

Topeka, Kas., Aug. 16.—Kansas now has national guardsmen at five towns, Parsons, Newton, Herington, Hoisington, and Horton, as a result of the rail strike. The stationing of guards at Horton today is to enable the Rock Island to start work in its shops.

OTHER VIOLENCE REPORTED.

Associated Press reports last night told of beatings of nonunion men by strikers at Cedar Rapids, Ia.; Superior and Janesville, Wis.; of bombings, burnings, and other violence at Albany and Birmingham, Ala.; Evansville, Ind., and other places.

Deserts Flappers?

MISS YVONNE VIGNEAULT.

"It is every girl's right to make herself as attractive as possible."

Several months ago Miss Yvonne Vigneault informed an ignorant world that this was the principal plank of the platform of the Royal Order of Flappers. She was in a position to known whereof she spoke, being the secretary of that royal order.

Proof that Miss Vigneault practiced what she preached came yesterday in the issuance of a marriage license. John Gesiorek will be the bridegroom, she the bride.

Fellow flappers were asked last night if the license were an indication of Miss Vigneault's faithlessness to the royal order. "Indeed not," they said. "To be attractive is our motto, but our object is matrimony."

DETROIT STREET RAILWAY MADE $100,000 IN JULY

Detroit, Mich., Aug. 16.—[Special.]—Notwithstanding increased operating expenses, the result of creating a reserve of $34,000 and setting aside money for taxes, interest, paving, and special work, the Detroit Street railway made a net profit during July of $100,892. This is shown by the report for the month as made today in a statement from Mayor James Couzens to the public. The ratio of operating expenses to revenue from transportation was 74 per cent. The gross revenue increased $8,021 over June. The statement shows an increase in operating expenses of $22,710.

"Fatty" Arbuckle Begins His Trip Around World

San Francisco, Aug. 16.—Roscoe C. [Fatty] Arbuckle, motion picture star, who recently was acquitted of a manslaughter charge here in connection with the death of Miss Virginia Rappe, departed today for a trip around the world. He expects to remain in the far east for a few weeks in connection with "important motion picture matters," according to his announcement, and will then go to Paris. He is accompanied by his secretary.

STATISTICS SHOW COMPROMISE AS RAIL STRIKE GOAL

More Likely to Win, than Roads or Shopmen.

BY OSCAR HEWITT.

By the law of probabilities, the railroad shopmen had a trifle better than one chance in four of winning their strike when they started. Their prospects of success now are even lower. But the strike leaders knew the odds against them. The department of labor of the federal government collects and tabulates the data which shows how strikes throughout the nation are settled. Reduced to percentages, the "end of the strikes" for the last six years, together with the average for that period, may be indicated as follows:

Year.	—Settled in favor of— employers.	workers.	Compromised.
1916	30.4	30.6	32.0
1917	18.9	30.4	34.7
1918	21.5	28.7	31.6
1919	31.5	27.0	37.4
1920	37.2	15.7	25.6
1921	40.2	26.4	19.0
Average, 6 years	29.9	26.4	30.8

This tabulation indicates, taking the six year period as a guide, that the railroads did not have much better chance of winning the strike than their employés; and that a compromise was reasonably more certain of winning than either employers or employés.

But to an outsider the railway executives appeared not to be opposed strenuously to the present shopmen's strike. Probably the managers thought that their chance of winning was much better than it had been in several years, because last year 40.2 per cent of the strikes are officially reported to have been settled in favor of the employers—more than twice as large a percentage as the employers won in 1917. Besides, the percentage of strikes which ended in compromises was smaller last year than in any of the preceding five. The situation as a whole looked favorable to the railroad executives; and if they were to have a strike they desired it July 1, rather than in a later period, when public sentiment has swung around to union labor again.

Five Issues Now in Strike.

Then why, under such conditions, did the shopmen quit work? Primarily, the principal cause of the strike was a question of wages, although other important matters have entered into the controversy since. The five surface issues at present briefly are:

1. The employés do not want their wages reduced as decreed by the railroad labor board.
2. They desire certain working conditions restored which have been abolished by the board.
3. They object to the railroads "farming out" repair work.
4. They want national boards of adjustment for disputes.
5. They desire seniority and pension rights restored to all strikers.

For some time it has seemed certain that an agreement could be reached on all of these issues except the last—seniority. Eventually that question will be settled. But the strike goes on. The union labor leaders claim that the decision of the railroad labor board was unfair. They have said the cut was unjustified.

Even the Daily Standard Trade Service, of which Clayton A. Penhale is editor, says on Aug. 4 that a "continued upward wage movement is likely." It goes on: "Period of wage deflation practically ended. Tendency now is towards readjustment that will make labor's earnings harmonize with prices. Wages appear to have turned the corner and to be now in the early stages of an upward movement."

Fight to Prevent Reduction.

The shopmen are striking primarily to prevent a reduction ordered in their pay by the railroad labor board, which was authorized under the railroad act of 1920, not for an increase in pay.

B. M. Jewell for the strikers has told the railway executives that "you well know that rates of pay, involving wages of 23 cents an hour, $1.84 a day or $563 per year, are not rates of pay bearing the relation 'between wages and cost of living' required in the transportation act."

Ben W. Hooper, chairman of the railroad labor board, has replied that this rate applies to only 6,000 employés and to a section of the country where labor is cheap. But Jewell has replied that Senator Cummins, one of the authors of the railroad act, has said: "It is no more right to fix the wage below the point of living, and comfortable living, than it is to fix a return on capital below a reasonable point."

Plumb Plan Seen as Remedy.

The unions contend that if railroad conditions were changed it would not only be financially possible, but economically desirable, not to cut the shopmen's wages—if it is not practicable now to pay the old wage. Conditions of this character could easily be obtained, in the opinion of the railroad men, by adoption of the Glenn E. Plumb plan of governmental ownership.

COURT ORDERS $2,080,028 PAID TO INFANT ASTOR

[Picture on back page.]

New York, Aug. 16.—[Special.]—Supreme Court Justice O'Malley today approved an order directing the payment of $2,080,028 in securities to Viscount Astor, as guardian for John Jacob Astor, his 3 year old son. Lady Astor, the child's mother, was formerly Nancy Langhorne of Virginia.

This sum represents the infant's share of one-eighth of a trust created by William Waldorf Astor on May 24, 1916, with the Farmers' Loan and Trust company. The deed of trust conveyed to the trustee stocks and bonds valued at about $23,000,000.

A payment stipulated in a prenuptial agreement was made from this trust to Mrs. John Jacob Astor, daughter-in-law of Lord Astor. Of the remainder, half was set aside for John Jacob Astor, the first Lord Astor's second son, the other half for the present Lord Astor's children, of whom John Jacob, born Aug. 29, 1918, is the youngest of five.

Bald in 5 years if you don't eliminate Seborrhoea

SEBORRHOEA is a wide-spread disease. Everyone is subject to it. Its germs lurk in almost every scalp. Three out of every five men are affected by it, and through it lose much or all of their hair before middle age.

The visible signs of Seborrhoea are dandruff, itching, brittle hair, and falling hair. If these conditions are neglected, baldness is sure to result in a few years.

Ferond's attacks Seborrhoea Germs

IT stops them from weakening the glands that grow and nourish hair. Under the action of Ferond's, the papillae and follicles are nourished and strengthened. The hair then regains its normal lustre and texture. New hair can be grown on spots that have been bald for years.

Three out of five men become bald. Don't be one of the three! Start using Ferond's today.

FARM STRIKES PERIL GERMANY; FAMINE LOOMS

Reds Lead Grain Tieup; Mark Crashes.

BY OTIS SWIFT.

[Chicago Tribune Foreign News Service.]
[Copyright: 1922: By The Chicago Tribune.]

BERLIN, Aug. 16.—Complete disorganization of the Berlin money market today followed further news of the London conference breakdown and the meeting of the French cabinet to consider independent action. Intense excitement reigned on the bourse as the mark, which was 800 to $1 last night, crashed steadily to 1,040—a 24 per cent drop in one day, and a 100 per cent depreciation in the last month.

Cabinet sessions were held throughout the day while the finance ministry hastily raised a $2,500,000 payment toward the $10,000,000 payment due on the war debts today, in order to ward off further French sanctions.

The latest crash of the mark was simultaneous with a series of strikes throughout the country, the harvest being particularly affected by a walkout of farm workers throughout Kassel, Waldeck and Mecklenburg. The greatest anxiety is felt over the agricultural strike which is led by communists who are threatening violence.

Wirth Blames France.

Predicting social catastrophe for Europe unless the reparations problem is solved and declaring France's policy has brought death and devastation, making reconstruction of Europe's ruins impossible, Chancellor Wirth tonight threw the gauntlet at M. Poincare in a half-pleading, half-bitter statement to correspondents of the world press assembled in Bismarck's former palace on Wilhelmstrasse. He said:

"Germany cannot pay in gold. Ten million gold marks, paid this week, were drawn from money set apart to buy wheat this month. The first duty of the German government is to give bread to our sinking people.

"In Austria, which is less densely populated than Germany, the authority of the state has been endangered. Germany is now heading under full sail into parallel conditions. What can France gain from her policy? Our inability to pay in gold will be followed by inability to pay in anything. What comes after that is not politics—it is social revolution. We of the German republic have restored harmony in central Europe, where formerly an entire upheaval threatened. We are today sitting at the deathbed of our work."

"Must Reorganize All Europe."

"The limit has now been reached in the policy of attempting to fulfill reparations," Ambassador Wiedfeldt told THE TRIBUNE. "They were impossible from the first but we attempted to meet them. Now, with depreciated currency we cannot meet them.

"The only hope for Germany is some new plan which will reorganize all of Europe. It cannot deal with the German situation alone—a new scheme for making all of Europe a going concern must be discovered. If it is not, then Germany must follow in Austria's path, for with the latest exchange we cannot buy abroad and—cut off from food supplies—hunger, chaos and labor troubles will inevitably come."

Hopes for Small U. S. Loan.

Herr Weidfeldt, former manager of Krupps, will return to America on August 21. He expressed the belief that a small loan to Germany from American bankers is still possible, but said he doubted if America is yet ready to participate extensively in European affairs. He stated that a commercial treaty between America and Germany is under discussion.

After officials emphasized today that Germany is dependent upon foreign markets for one-third of her foodstuffs, being America's third largest wheat customer. They said the latest drop of the mark prevents buying abroad and means famine conditions in Germany next spring.

Cabinet Backs Poincare.

[Chicago Tribune Foreign News Service.]

RAMBOUILLET, France, Aug. 16.—The French cabinet today indorsed M. Poincare's insistence on the allies' policy during the London conference and accepted the premier's plans for meeting any contingencies which may arise through decisions by the reparations commission on Germany's failure to pay the installments due.

The cabinet met in a special six hours' session at Rambouillet château, where President Millerand is summering. An extraordinary meeting of parliament will not be called, it was decided, unless the situation becomes aggravated, as the party leaders already have assured the government of their support, and the press unanimously backs M. Poincare.

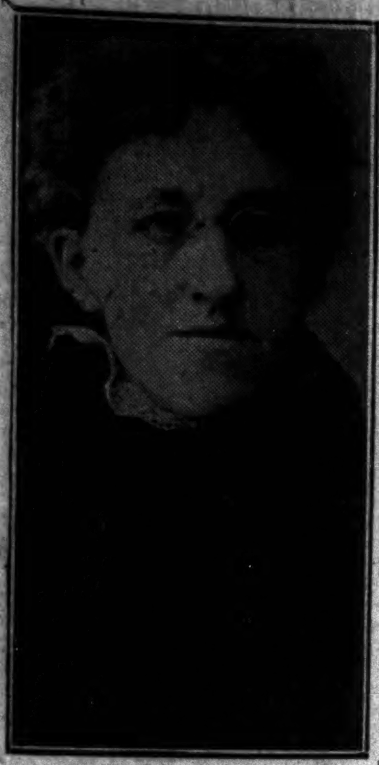
Consider Moratorium Today.

PARIS, Aug. 16.—[By the Associated Press.]—The reparations commission probably will meet tomorrow to decide formally whether or not Germany is to be accorded a moratorium on her cash indemnity installments.

Every effort is being made by the members of the commission to avoid a direct vote on this question by arranging some compromise which will tide over the situation until November or December, when the commission believes another meeting of allied premiers will have to consider the reparations settlement on a broad scale, including the reduction of German indemnities and the general subject of interallied debts.

It is the general opinion of the commission that the president, M. Dubois, has a right to vote a second time in case of a tie, and therefore his vote in favor of the French position would prevent a moratorium. The most likely compromise, it was said in reparation circles today, is that known as the Belgian plan. The plan would make possible a moratorium until the end of this year.

Tells of "Parties"



Mrs. Hannah Johnson, janitor's wife, who is to be important witness in the divorce suit filed against Samuel A. Leschin, owner of a string of millinery shops, by his wife, Mrs. Bernice Parish Leschin.
[Brand Studio Photo.]

LESCHIN'S BEAUTY REVELS IN FLAT TOLD BY WOMAN

Ladies and Bottles Chief Decorative Theme.

A story of myriads of wild parties held in the flat of Samuel A. Leschin, millinery magnate, developed from an interview yesterday with Mrs. A. M. Johnson, wife of the janitor at 809 Lakeside place, following the filing for the fourth time by Mr. Leschin's wife, Mrs. Bernice Parrish Leschin, of a separate maintenance suit.

"Mr. Leschin used to live in the apartment alone," related Mrs. Johnson. "That is, he was supposed to live there alone. But did he? Well, I should say not.

Back Stairs Beauties.

"Many's the morning I've caught gorgeously attired ladies stealthily slipping out the back way after daylight so folks wouldn't see them from the street. Why, almost every night taxicabs would roll up and the queens would step out. And then the carryings on. The noise. And they were never especially particular about hauling the shades down either. And the piles of bottles that would be on the back porch almost every morning.

"One morning Mrs. Leschin came here. There wasn't anybody home. She went through the place and from the looks of it later she ripped things up quite a bit. Mr. Leschin got the janitor to nail up a few doors and get some padlocks to keep her out."

Mrs. Johnson, it is reported, is to be a witness for Mrs. Leschin when the case is heard.

Makes and Loses Money.

Mrs. Leschin avers that Leschin made $114,000 last year, $28,000 of which he lost gambling. Mr. Leschin answers that he's recently met considerable business reverses.

Mrs. Leschin further says her husband has made her life a "nervous wreck" since their marriage in East St. Louis in 1917. He tried to throw vitriol in her face on one occasion, she says, and produced a letter alleged to have been written Leschin by one Helen Chadwick of Chicago. Leschin, in turn, accused Mrs. Leschin of corresponding with a Dr. Monty Bernstein of Detroit.

Max Oser Takes First Step to Wed Miss McCormick

LUCERNE, Switzerland, Aug. 16.—Max Oser is reported to have gone to Basle, his native town, where he must take the first legal steps in obtaining the necessary papers for his marriage to Miss Mathilde McCormick, the youthful daughter of Harold F. McCormick and granddaughter of John D. Rockefeller.

The engaged couple during their brief sojourn here have been most successful in remaining incognito. It is generally believed that their wedding will take place soon. There have been rumors that Oser already has met Mr. McCormick, his fiancée's father, who was married last week in Paris to Mme. Ganna Walska.

Reports persist that Mr. and Mrs. McCormick intend to reside in the Hertenstein castle, but the owner of the estate refuses to confirm or deny these reports.

CHINA FEARS JAP WILL HELP CHANG WIN MANCHURIA

Dodges a Tripartite Peace Parley.

BULLETIN.

VLADIVOSTOK, Aug. 16.—(By the Associated Press.)—Evacuation of Japanese troops from Vladivostok will begin Aug. 26, it was announced here today by the Japanese commander, and the movement will be carried out in four stages.

[Copyright: 1922: By The Chicago Tribune.]

PEKING, Aug. 16.—The soviet envoy, M. Joffe, finds opposition fast developing among the Chinese to the tripartite conference proposed by Japan. Unless the present temper changes, M. Joffe will be compelled to deal with China at Peking and with Japan at Harbin.

China's chief fear is that a tripartite parley will result in the independence of the Manchurian provinces with Chang Tso-lin winning complete control through Japanese financial backing. The South Manchurian railway directorate is already contemplating the formation of a Japanese-Manchu-Mongolian bank.

Chang Acts Independently.

Chang Tso-lin continues his efforts to establish direct relations with the powers, having already notified the consulates to deal with him. Now the ministry of communications is concerned over the project for unification of all Manchurian railways, independent of Peking, but in coöperation with the South Manchurian and Siberian lines.

Japan Ready to Meet Russia.

[Chicago Tribune Foreign News Service.]

TOKIO, Aug. 16.—Japan has formally agreed to meet the representatives of the Moscow soviet government of Russia on an equal footing at the coming conference, according to M. Antonov, who is acting as the go-between for the Far East Soviet republic.

It is expected that an agreement will be readily reached, after which the Chita government immediately will proceed to occupy Vladivostok, eliminating the White Russian administration.

RESORT GUESTS FLEE AS IRISH REBELS ATTACK

Raid Watering Place on Donegal Bay.

LONDON, Aug. 16.—[By the Associated Press.]—Two hundred Irish irregulars made an attack on Bundoran, popular watering place on Donegal Bay, says a Central News dispatch today from Londonderry. Visitors to the resort fled in terror. Reinforcements have been sent to the national army garrison there.

A series of engagements occurred last night five miles from Navan, County Meath, between a large party of Irish irregulars and detachments of the eastern division of national troops. Up to this afternoon sixty-six of the republicans were reported captured.

Arthur Griffith Buried.

[Chicago Tribune Foreign News Service.]

DUBLIN, Aug. 16.—The funeral of President Arthur Griffith was the most imposing demonstration since the funeral of Mr. Parnell thirty years ago. The cathedral was packed during requiem high mass. Arch Bishop Byrne presided.

The funeral procession took more than an hour to pass a given point. It was headed by cavalry and 250 priests and bishops. The hearse was followed by acolytes and the chief mourners. Gen. Michael Collins and Gen. Mulcahy led the headquarters staff and following these came members of parliament, university delegates, and a host of other public officials, municipal councils and trade unions.

At the grave side, Mr. Cosgrove, acting chairman of the provisional government, delivered a eulogy on Mr. Griffith.

RUSHES TO AID WOMAN; BEATEN, ROBBED, PINCHED

Chivalry is dead in Chicago, according to William Schultz, a commission broker at 170 South Water street. When he came to the defense of a woman who had been insulted by a group of young men in front of the Raleigh hotel yesterday he was attacked, robbed, and finally brought into court.

The woman, Helen Morrison, 23 West Huron street, was also arrested. She was fined $2 for disorderly conduct by Judge John Richardson.

BOMB HURLED BY RED AT MEXICAN CONGRESSMEN

Obregon Will Control New Congress.

BY JOHN CORNYN.

[Chicago Tribune Foreign News Service.]

Mexico City, Aug. 16.—The only unusual note in the opening of the Mexican electoral college was an attempt by Porfirio Arenas, a Red Socialist, to dynamite a carriage in which several deputies left congress.

Arenas was unable to enter congress on account of the heavy police guard and awaited the appearance of Señor Laurenz, leader of the Coöperative party. He hurled the bomb under the carriage as Señor Laurenz was getting into it. A spectator seized the bomb and extinguished it.

Papers found in Arenas' possession shows him to be a member of the extreme Red Socialists who accuse Señor Laurenz of desertion. The Coöperative party today issued a circular stating the attempt of Arenas was the work of extremists opposed to all concessions to society. The Coöperatives threaten to make use of the same means to fight their enemies. It is believed that police will have to continue to guard congress.

The Coöperatives, which is Obregon's party, by alliance with the Laborites and Agrarians secured control of the chamber today by a vote of 234 to 32.

The leader of congress stated today that the question of the reform of articles 27 and 123 will be considered by congress toward the end of September.

President Obregon today went to Ocotlana on Lake Chapala, where he held a conference with the ministers of war and of treasury. Other ministers in the cabinet are expected to meet him tomorrow. It is reported that the Obregon cabinet is preparing to campaign for the meeting of congree Sept. 1.

WHETHER you insure your life, your home, your motor car, or what not, you prefer the policy of an "old-line company," do you not?

You might take a small policy from some well-recommended institution, but the bulk of your insurance would be placed with old, well established companies in whom you could repose utmost confidence.

This is only natural—and it is a natural tendency to apply the same principles to your buying of other things—candy for instance.

You know of many candy stores. Perhaps you drop in, once in a while, and buy a pound. It's sort of a haphazard thought of the moment.

But when you are preparing for a trip, or for a little evening gathering, or any occasion where you are particular, your steps just naturally take you to a Martha Washington shop.

"Naturally" we say, because you have acquired confidence through many years' intimate knowledge of the goodness and purity of Martha Washington Candies.

You have never been disappointed in their quality or price, and you naturally enjoy the privilege of choosing from nearly 80 varieties of candy.

MORALS AND HEALTH.

Dr. Herman N. Bundesen has suggested a plan for the prevention or restriction of social diseases which as they spread cause insanity, blindness in infants, sterility and many diseases afflicting mothers and children. He proposes that the city establish prophylaxis stations in brothels. Brothels are supposed to be, can be, and should be abolished in Chicago.

The army is a peculiarly pragmatic organization of society. Its purpose is to have sound fighting men and it succeeds in keeping clear of many of the complexities in which ordinary life finds itself. In this case it virtually eliminates the moral factor. That cannot be done in American society generally.

Here is a question of morals as well as of hygiene. The health department cannot very well fight disease by recognizing the existence of organized commercialized vice when the conscience and the law of the community do not or cannot recognize it. We cannot have the health department working in coöperation with elements which must be suppressed by the police. The Bundesen plan, to work, requires recognized, regulated vice. The community may not be illusioned on this subject. It may not listen to counsels of perfection or believe that irregularity and promiscuity can be eliminated. Yet it may say that the commercializing of vice is a moral taint and that people must not give it sanction.

We believe that this must be the starting point. The dangers which Dr. Bundesen describes are real and quite as deadly as he says. Social disease is the tragedy of society. A moral disinclination to recognize that would be worse than folly. We have no disinclination but recognition of organized vice is recognition of the utmost human degradation, one from which there is no recovery. It is living death.

Society may concede the defects of human nature, but when it accepts as a moral inevitability the provocative, destructive trade of the professional courtesan and her infinitely worse male promoter and sponsor it has made a truce with the devil. The question then is how to attack disease with the thoroughness asked by the health commissioner and there we do not pretend to be competent.

The fact that contagion is in the community can be admitted and prophylaxis stations could be established in drug stores or municipal offices. Dr. Bundesen may say that this cannot be made effective. The army operates in much such fashion, but it can compel obedience. We cannot see how society, with all the values it must consider, can deal with the straightforwardness of a medical man who knows that the way to attack a disease is in its stronghold and not on its margin. Commercialized vice is a moral as well as a physical disease.

THE TARIFF.

The tariff bill moves toward completion, at least so far as the senate is concerned. The last week has resulted in more progress than any month since the bill was conceived. One decision stands out above all others. It is the adoption of the amended flexible tariff provisions which give the President power, on the advice of the tariff commission, to alter certain duties, within specific limits.

That, we are inclined to believe, is a valuable addition to the ordinary system of tariff making. It tends to take the tariff out of the hands of interests and put it into the hands of a scientific body of men who will fix duties on certain commodities with reference to the benefit of the country as a whole rather than the benefit of certain limited classes of producers. The chief argument against it is that it improperly delegates to the President certain of the taxing powers of congress. That argument may be valid, but the operation of the law will be the best test. If it works badly it can be rescinded. If it works well it can become a precedent for further development of a scientific tariff. To be sure it contains dangers as a precedent, but probably no greater dangers than the present system of formulating tariff bills which are exploitive rather than protective.

Such dangers are clear. For instance, the farm bloc has obtained heavy duties on most of our farm products. But now comes a crop report forecasting the greatest crops the country has seen for years. This means an excess for exportation, and gives us such a great supply at home that there would be little probability of other countries shipping into the United States to compete with our farm products even without a tariff. But the protective duties result in retaliatory duties from other countries which should afford us markets. They also make it difficult for other countries to sell their products here and obtain money or credits with which to buy our surplus farm products. The result is more than likely to be such a reduction of foreign demand for our excess farm products that our farmers cannot obtain fair prices abroad and will see their surplus left on their hands.

The senate, however, has shown wisdom on some features of the bill. For instance, it replaced potash on the free list. That would make it impossible for a new and speculative industry in this country to maintain itself at public expense against importations of an essential ingredient of fertilization from great natural deposits abroad. A number of somewhat similar decisions have been made, enough in fact to indicate that the tariff makers are beginning to see the necessity of considering national as well as individual advantages in the formation of the bill.

That, and the flexible tariff provision, seem to us to be the most hopeful features of the new bill. Whether they will be sufficient to overcome the disadvantages of such schedules as the metals schedule, the sugar schedule, and others is doubtful. In any event, we are glad the bill is nearing completion. When it becomes a law it will at least relieve much uncertainty which is a handicap to business at present.

THE COAL STRIKE.

The outlook for early settlement of the bituminous coal strike improves. The signing of an agreement in Cleveland between operators representing a 60,000,000 ton potential output and officials of the United Mine Workers is interpreted as a breaking of the deadlock of more than four months which may result speedily in a general resumption of production.

The consuming public may or may not congratulate itself upon that agreement. If the agreement puts a great majority of the strikers back at work within a week, as predicted, it will at least relieve the immediate danger of a disastrous coal shortage. We shall be thankful for that, but the fact remains that the public is a loser by the strike, whether or not it is a loser by the settlement. Prices will be high, supplies irregular and precarious, and the future dubious.

The United Mine Workers interpret the agreement as a victory. Those affected will return to work at the old wage schedules, exactly as they demanded when they went out on April 1. In this victory, no doubt, they forget the four and one-half months of lost wages. The operators, on the other hand, find compensation and a semblance of victory in the promise of machinery for what amounts to arbitration of future disputes. In addition to that, they have the satisfaction of having sold off their surplus stocks of coal at good prices, with the probability that they will be able to sell every pound they are able to mine in the next six months at even better prices. The public alone is certain that it has lost by the strike.

One point is clear. It is that the strike has proved the economic fallacy of the system which makes coal mining a seasonal occupation. It has revealed the fact that mining may virtually cease for four months out of the year, and the interest on that idle investment and the living of the idle miners be paid by the public. That may suit the miners and the operators, but it does not suit the public; and it is bad for prosperity in general, in that it imposes a tax with no public benefit whatever.

We may accept it now, if coal production and transportation are sufficient to prevent the closing down of industry and individual suffering, but it leaves the larger problems still unsolved. They are the problems of giving the nation its annual supply of coal at the lowest price possible. Obviously that cannot be done if each year we maintain a large proportion of miners and a large proportion of mines in idleness, whether that idleness be in a four month strike or in four day layoffs every other week. As far as the public and the general effect upon industry are concerned, they amount to much the same thing.

What we want is low cost production of a good grade of coal. We have mines which can provide this. No settlement will be genuinely satisfactory until it assures the operation of such mines steadily throughout the year. If the promised settlement is effective, it probably will solve our immediate difficulties, but it will not be a settlement in which the public can concur until it covers this larger question.

The program outlined at Cleveland gives some promise of this if it is agreed upon by the majority of miners and producers throughout the country. But pressure to force this issue must be maintained. Otherwise, when our immediate needs are filled, we are apt to lapse into the same situation which produced this strike on April 1 and which will produce another and similar strike next April 1.

Editorial of the Day

THE TWO EXTREMES.

[L'Italia (Italian), July 9, 1922.]

The shipping board, in applying to congress for the subsidies required to keep in operation the merchant fleet of the United States, has presented this statement: Two thousand three hundred and twelve steamers built, with a tonnage of 13,636,000.

There is, of course, no example in the history of all nations and all epochs which can be compared with such a showing. When America will go to work, she will infallibly beat all records of whatsoever kind. This fact will explain that the first item in the household of the nation, out of all the ones which the war had disorganized or destroyed, is the very same one which had inspired the greatest apprehension.

This is restoring the endangered equilibrium in a thoroughly reassuring manner. America could have done likewise with the other economic factors of the highest rank had she wanted to.

If the extension of credits, industrial activities, the development of traffic, and the general movement of business had proceeded in harmony with the labors performed by Europe, the United States would now be recognized all over as the greatest contributor to the universal economical restoration.

But America has willed otherwise. With an air of suspicious vigilance she has locked herself up in her own house, in order to reorganize her own economic life. She flattered herself with the fallacious hope that she could round out a circle of her own. Undoubtedly she can in many things suffice to herself and do without the coöperation of others, but it is no less evident that by participating in the economic movement everywhere else she could have realized a profit several times higher without sacrificing any of her jealously guarded political autonomy.

By concentrating herself instead of that on the creation of a merchant navy, the United States—although doing well from its own point of view—has gone beyond the mark; it has done too much, and this excess is resulting in a detriment, which again exposes everything to failure.

In his report to congress and in his declarations made since to the press, Lasker, the chairman of the shipping board, does not conceal this fact. Over a thousand steamers are unemployed, lying at their moorings in the ports; however the others may toil, they will never succeed in making up the losses arising from keeping up a capital that does not work and is deteriorating before our eyes.

Vainly are we trying to deny that the stupendous showing of the shipping board as to the potentiality of our navy, which at first sight is inspiring a feeling of unmeasured pride, turns out to be a huge item on the wrong side of the ledger, which, without the immediate intervention of congress—which intervention President Harding himself is calling for in emphatic words—might eventually mean a ruinous liquidation.

Here likewise does experience teach our country—which wanted to show that it did not require anybody—that it also, same as of the most modest nation, must count on the coöperation of others.

SUCCOR FOR THE FAT ONES.

If you are too fat and go to the Waldorf-Astoria, call for menu No. 3 of the scientific diet service.

For breakfast you can choose between six fruits, but none will, or should be, sweetened. You choose between four cereals, but my opinion is that you will not reduce much if you help yourself at all freely to cereal or bread.

There are six kinds of bread, one made from gluten, one from casein, two from whole wheat, and two from bran.

You can choose between eggs, five kinds of meat, and four kinds of fish. Tea or coffee is allowed as a beverage, but it must be taken without sugar or cream. Hot skimmed milk and Kaffee Hag are alternatives.

For luncheon and dinner the meal starts with a choice of four soups. Allowance of meats is liberal.

The following vegetables are allowed, provided they are eaten without butter or cream: Asparagus, spinach, peas, string beans, mushrooms, tomatoes, cabbage, cauliflower, onions, sauerkraut, sprouts, peppers, and celery.

The salads are served with lemon juice or a special dressing. Choice is between grapefruit, romaine, lettuce, celery, chicory, watercress, endive, tomato, and slaw. No bread is to be found on the diet card for these two meals.

For dessert, any one of eight may be chosen. Seven of the number are unsweetened fruits, one is "ices." The choice of beverage is between tea, coffee, buttermilk, and skimmed milk.

The card advises those who would reduce to follow the straight and narrow path of rational dieting and exercise rather than the devious paths of drugs and "isms."

The card for food for a child for 3 to 6 years old advises unhurried eating, thorough mastication, a minimum of sugar, sweets, and rich pastry, plenty of water between meals, the liberal use of well ripened fruit, green vegetables, fresh butter and milk.

The four breakfast fruits are: Orange juice, prune pulp, apple sauce, and pineapple juice. Cooked cereal has a prominent part. Likewise bread, with plenty of butter. Eggs may be soft boiled, coddled, or poached. Milk and weak cocoa are allowed.

For luncheon or supper any one of six kinds of soup is allowed. Any boiled or broiled fish may be given. The boneless kinds are safest. Meat and fowl are advised.

Among vegetables: Carrots, spinach, asparagus, potato, peas, string beans, and cauliflower are mentioned. The desserts enumerated are: Custard, rice pudding, ice cream, tapioca pudding, prune souffle, and cooked fruits. The choice of beverage is between milk and weak cocoa.

FOR INGROWING TOENAILS.

E. G. R. writes: "1. Kindly let me know what is good for ingrowing toenails.

"2. Will you also explain what to do for hard toenails, so I can cut them?"

REPLY.

1. Ingrowing toenails result from wearing narrow shoes. The nail is pushed until it grows catercornered.

Wear broad shoes.

Each day wash the feet thoroughly in soap and warm water. Soften the nail in that way. Then lift the ingrowing corner, and pack a little cotton under it.

When the corner is raised above the inflamed flesh, the inflammation will subside.

2. If soaking in hot water and soap will not soften them, apply some soda or ammonia water.

Be careful not to overdo the use of these strong alkalis.

MARRY! WHY, OF COURSE.

Respectfully writes: "1. What is the cause of rupture?

"2. What are the symptoms?

"3. Can it be cured? If so, how?

"4. If a girl of 20 is afflicted, is it advisable for her to marry?

"5. Could she ever bear children?"

REPLY.

1. Congenitally poor abdominal muscles, poor muscle development, overstrain of muscles.

2. The appearance of a tumor. The impulse from coughing is felt in the tumor.

3. Yes, by operation. Some cases are cured by exercises, a few by wearing a proper truss. As a rule, wearing a truss gives satisfactory relief.

4. Yes.

5. Yes—say about a dozen.

WOULD IRON OUT THE IVY.

E. M. P. writes: "Stung in the hand by a hornet the other day, and finding the results quite painful, it occurred to me to see what artificial heat would do.

"The laundress had some irons on the stove, and, with one, I heated the place thoroughly, but not enough to burn the skin. The pain stopped at once and all inflammation disappeared in a few minutes.

"I am anxious to know if this is a well recognized remedy for stings, and if it would be equally effective in the case of vegetable poison [rhus]?"

REPLY.

I see no reason for thinking the remedy would be of any service in ivy poisoning.

NOW, DON'T WORRY, W. R.

W. R. writes: "What is a functional murmur?

"Does it ever go away if one takes good care of oneself?

"I am very nervous from thinking I have heart failure."

REPLY.

A functional murmur is a heart murmur not due to a crippled heart valve. Among the causes of functional heart murmurs are anemia and nervous heart.

As a rule it is less dangerous than the subject thinks, especially if he is a worrier.

HOTEL CHARGES FOR GUESTS.

Chicago, Aug. 13. — [To the Legal Friend of the People.]—I live in a hotel where I pay for my room by the week. Occasionally I invite a friend to stay with me overnight, asking and getting no extra service from the hotel for my guest. Does the hotel have the right to charge for my guest's lodging?
W. H. B.

Depends on your agreement with the hotel. If you are engaging the room without qualification, they cannot charge extra. If you are engaging lodging for yourself, they can.

UNWELCOME PAVING.

Chicago, Aug. 14.—[To the Legal Friend of the People.]—If an alley is paved by a private contractor and one property owner does not sign, is he liable for assessment? This question has caused much controversy in our neighborhood.
J. B.

The contractor can usually collect unless the owner has served on him a written notice that he does not consent to the work.
TRIBUNE LAW DEPARTMENT.

BENEFICIARIES SIGN WILL.

Wilmette, Ill., Aug. 14.—[To the Legal Friend of the People.]—Is a will legal if signed by witnesses who are themselves beneficiaries of the will? 2. Is it advisable to have these as witnesses?
J. F. K.

1. Yes, but the bequests are invalid.
2. No.
TRIBUNE LAW DEPARTMENT.

EXORBITANT TAX.

Chicago, Aug. 13.—[To the Legal Friend of the People.]—For the last three years I have been paying off and on a pawnbroker 10 per cent a month on my clothing. I have a ticket now for my overcoat and expect to call for it soon. What can I do if he insists on payment of 10 per cent, instead of the legal rate of 3 per cent, when I call for my coat? Would it do to take along an officer or friend as witness that I offer him the legal rate?
E. J. R.

If he refuses to accept your 3 per cent per month, try bringing in a policeman.
TRIBUNE LAW DEPARTMENT.

LICENSED MINERS.

Chicago, Aug. 15.—[To the Legal Friend of the People.]—1. Is it a fact that the Illinois laws forbid any person to mine coal underground who has not been licensed?

2. If this is true, who issues such a license?

3. Can such license be revoked, and by whom?
L. T. M.

1. Certificate is required.
2. Department of mines and minerals, Springfield, Ill.
3. The statute does not expressly provide.
TRIBUNE LAW DEPARTMENT.

CHARTER FOR NEW CLUB.

Chicago, Aug. 12.—[To the Legal Friend of the People.]—1. To form a club and hold meetings in a lodge hall, is it necessary to have a charter?

2. Must there be some one in the club over 21 to act as chaperon?

3. Where may a charter be procured?

4. In the charter will it specify a limit to number of members?

5. What will it cost for a charter for a club of fifty or less members? E. N.

1 and 2. No.
3. Secretary of state, Springfield, Ill.
4. No.
5. Depends on whether you employ an attorney, etc. Why do you want one?

MEMORY TESTS

1. Who wrote "The New Arabian Nights"? Robert Louis Stevenson.

2. Who was the Æsop of France? Jean de la Fontaine, the most noted French fabulist [1621-'95].

3. Who was the winner of the 1921 Nobel prize for chemistry? Dr. Walter Nearnst, head of the Swedish Academy of Medicine in Berlin.

4. How are the cemeteries administered in most Latin American countries? They are purely secular institutions under municipal control, open to the use of all, regardless of religious belief or disbelief.

HINTS FOR THE NEW TRIBUNE BUILDING.

Highland Park, Ill., July 31.—In choosing a type of building, THE TRIBUNE ought to consider only the kinds which would be practical for commercial uses. The Guild Hall of the Cloth Merchants of Ypres would be well worth copying, both from the æsthetic and practical point of view. It was a beautifully proportioned building and commanded notice because of its stateliness. If the ground available is not large enough to accommodate a building of such size, the town hall of Louvain might be considered. The elaborate Gothic details of this building could be reproduced in terra cotta at not too great an expenditure.

CHRISTIAN SCIENCE AGAIN DEFENDS ITSELF.

Chicago, Aug. 15.—The editorial "Censorship of Authors" in the Aug. 14 issue of THE TRIBUNE contains the following statement:

"Probably Christian Scientists would ban all medical books as mischievous and contrary to the highest truth of life."

Because it conveys the suggestion that Christian Scientists would interfere with the rights of others, it would seem advisable to answer this statement. No matter what his individual opinions may be about the study of various forms of medicine, business, philosophy, religion, or science, the Christian Scientist is taught to mind his own business and never to interfere with the rights of others. He would practice the golden rule himself and ask others to do the same. Christian Science stands for freedom but not license and is not in sympathy with any undue interference.
LONGLEY TAYLOR,
Of Christian Science Committee on Publication.

ONE YARDMASTER CLEARS HIMSELF.

South Chicago, Ill., Aug. 15.—A letter in your paper on Aug. 15, 1922, on page 8, signed A. J. Hill, gave "A Yardmaster's Reasoning on the Strike."

I wish to state to you that my name is A. J. Hill, 8028 Escanaba avenue, Chicago, Ill., and I am general yardmaster for the E., J. & E. railway at South Chicago, Ill. I have never written any item for your paper, nor authorized any one to do so and sign my name. As this might not look right to the eyes of my officials, I would like to have this rectified in your next issue of your paper. The writer of that letter is not the A. J. Hill who is general yardmaster for the E., J. & E. railway at South Chicago, Ill.
A. J. HILL.

FOR ONE WAY STREETS.

Chicago, Aug. 4.—For three days I have been in and out of the loop several times with my car, and I have succeeded in getting through the loop and back again in less than half the time I formerly did when the transportation was going both ways in the same street.

By all means continue for all time the one way streets. But equally as important is to have one way streets for the street cars.

CURING VICE BY CONNIVANCE.

Chicago, Aug. 15.—After reading THE TRIBUNE's report of Dr. Bundesen's suggestions for handling the problem of social diseases, we feel that something ought to be heard beside the voice of the physical laboratory. The doctor seems oblivious to the fact that there is a problem of moral health, which, after all, is fundamental to a consideration of the problem of social diseases. What is needed in this field is not easy immunization for the individual and coöperation with the lords of commercialized vice, which can tend only to the increase of vice, but a "coöperation" of everybody in the rigid enforcement of all laws looking toward the suppression of vice.

One can but wonder with how much complacency the public will listen to the suggestion of "the establishment of relations between the health department and brothels."

What we need is a "coöperation" on the part of all departments of our government in the interest of law enforcement and the "establishment of relations" between the health department and the police department looking toward the suppression of vice.
CLYDE LEMONT HAY.

WHY NOT CLOSE THE DIVES!

Chicago, Aug. 15.—The method proposed to be pursued by Dr. H. N. Bundesen, health commissioner, in the treatment of venereal diseases, as reported in this morning's issue of THE TRIBUNE, presents some very startling news which should call for immediate action by the law enforcement officers of this community.

Dr. Bundesen avers that he has been in communication with keepers of dives and disorderly houses, one of whom he quotes as having as many as sixteen inmates. The question naturally arises, is the health commissioner a part of the law enforcement machinery of the city, and if he is, why are such places permitted to exist to the certain knowledge of that officer? Knowing where such places exist and by whom they are being operated, it would seem to be the clear duty of the health commissioner to take prompt steps to prevent their continued violation of law.
LEONARD L. COWAN.

FOR A "BIG STICK" SOCIETY.

Chicago, Aug. 11.—I wish to commend you for your "Big Stick" editorials. There is no remedy other than the "Big Stick" for the defiance of government and law. When men strike because murderers are not permitted to murder at will, as in Joliet, the "Big Stick" is in order and should be used freely upon the heads of rioters, assassins, and anarchists whenever they break loose. I would suggest that there be organized a society, to be known as the "Big Stick" league, that would admit all the lawabiding men and women who believe in the enforcement of law and order in the country. When men challenge the authority of government and join in open rebellion against it, denying to others the right to life, liberty, and the pursuit of happiness unless they join the forces of rebellion, there is but one recourse—the "big stick."

CITY TO BENEFIT FROM ALDERMEN JUNKET: TOMAN

Says They Worked Every Hour in Europe.

BY ALD. JOHN TOMAN.
[Chairman of Chicago Council Committee Abroad.]
[Chicago Tribune Foreign News Service.]
[Copyright: 1922: By The Chicago Tribune.]

LONDON, Aug. 16.—Our investigations and experiences have proved further that there is no municipal ownership without a deficit. We will place before the people of Chicago on our return facts and figures to show them very plainly that this is undeniable.

We have visited every important city in Europe and have gone deeply into statistics, with the result that we are united in the belief that municipal ownership with private corporation operation is the only true solution to the traffic problem.

We found England to be wonderful in plant organization for public utilities. The omnibus plant at Chiswick alone, where they care for and feed 2,100 employés daily, is evidence. They have a plant in London where they manufacture all their own cars and build and repair.

Praises London's Busses.

The busses are a great relief to the people desiring to reach their homes as quickly as possible, and between the busses and the underground cars congested sections are cleared in short order. We have much to report on this question alone. On the underground traffic question we strongly recommend a system in Chicago similar to that in Paris and London.

On paving, which also is a very important question, the committee has gone deeply and has learned much of value. The English system, whereby the contractors cover the roads of fine concrete with cement, on top of which they place wood blocks is worthy of note. There is a top covering of cement and sand which not only is waterproof but prevents skidding.

The whole trip has more than paid for itself, and we are satisfied the citizens will agree to this when we report. Every member worked every hour for Chicago and we are content to leave the final judgment on the questions to the citizens.

INVESTIGATE FLYING

[Chicago Tribune Foreign News Service.]
[Copyright: 1922: By The Chicago Tribune.]

LONDON, Aug. 16.—Chicago aldermen investigated flying today, picking up data which they are hoping will be useful when they return to Chicago. Others of the party shopped or visited London's high spots.

Aldermen Adamowski and Cepak called at the British air ministry following a trip to the Croydon airdrome, from where planes leave for Paris. Ald. Adamowski said:

"We will have much to say in our report at home on the way England has worked out its airplane traffic system, which is wonderful. We will try to show Chicago where air routes between cities will be made to pay. I obtained valuable information from the air ministry which I will place before the council, and I believe they will follow my suggestions."

Aldermen Mulcahy, Kavanaugh, Lynch and Moran, accompanied by Mr. Kelly, left for Dublin today and will meet the rest of the party at Liverpool on Saturday.

Bryan to Illinois Town Where He Began Career

Jacksonville, Ill., Aug. 16.—[Special.]—William Jennings Bryan visited the "home folks" today and addressed an audience of 5,000 at the Chautauqua. He graduated from Illinois college in 1881, began the practice of law here, built his first home in Jacksonville, made his first political speech in Morgan county, and met his wife in this city. He was given an ovation.

Buck and Bull Battle to Finish in California Corral

Eureka, Cal., Aug. 16.—A large buck leaped into a corral on a dairy ranch ten miles south of here and was gored to death by a bull in a terrific battle which lasted ten minutes. The fight was witnessed by passengers on a Northwestern Pacific train, who brought the tale here last night.

BULL MOOSERS WEEP AS HIRAM JUMPS CORRAL

Johnson Seen as Deserter to Old Guard.

BY ARTHUR SEARS HENNING.

Washington, D. C., Aug. 16.—[Special.]—Just for a tariff on almonds he left us,
Just for a rate to protect home grown nuts.

Thus sings the Bull Moose Browning of Hiram, the "lost leader"—Hiram Johnson, United States senator from California, Theodore Roosevelt's running mate on the Progressive party ticket in 1912.

"It's too bad," sigh Bull Moosers, "Hiram was a man of great promise—no telling how far he might have gone; into the White House, perhaps, who knows?"

Note the past tense: "Hiram was." You are startled. It sounds as if Hiram were no more. Then you discover that while Hiram still flourishes in the flesh he is as one defunct to the Bull Moosers, who were not dead but sleeping and are now resurrecting themselves on every hand. He has gone out of their lives forever, they tell you, more in sorrow than in anger.

Fell by the Wayside.

Hiram it seems was going strong as a Progressive, as the foe of reaction, the nemesis of the protection fattened trusts and the friend of the downtrodden tariff taxed consumers, as the ruthless exposer of special privilege in high places—going strong he was, until the McCumber-Fordney tariff bill came along. Then he fell. He lined up with the old guard. He swallowed the bill. He got the tariff on the nuts produced by California boosted to the limit—and the sky was the limit the day he put it over.

He took no chances on incurring punishment for insurgency which might have taken the form of a reconsideration of the nut tariff boost. He parted company with his bosom pal, Borah, and voted for cloture on the tariff bill. Borah almost wept, 'tis said. He looked upon his old friend and fellow insurgent as lost beyond redemption and gathered to the bosom of the old guard.

Mourn for Lost Leader.

The Bull Moosers went into mourning for the lost leader. In vain were they reminded that Johnson was in the midst of a desperate fight for renomination and that if he failed to get high duties on nuts, lemons, olives, and other California products, California never would forgive him and would reduce him to the ranks.

All they could think of was Johnson's ringing and soul stirring denunciation in 1912 of the tariff barons who had waxed fat and kicked like Jeshuran on the Payne-Aldrich tariff act.

They were grieved beyond expression to find that he was not to enter the lists against a tariff bill that they regarded as more iniquitous than that which supplied the Bull Moosers one of their most telling indictments of the Republican old guard.

Johnson is now on the stump in California, battling for renomination in the primary on Aug. 29, while Chester Rowell and other former Bull Moosers are going up and down the state assailing him for desertion of the cause.

C. C. Moore Johnson's Rival.

Johnson's opponent in the primary is C. C. Moore of San Francisco, a rich olive grower and engineer, who was president of the Panama-Pacific exposition. Moore was drafted by the anti-Johnson forces to make the race and is reported to be running strong, though probably not strong enough to win the nomination, according to the latest advices.

Southern California is reported to be pronouncedly anti-Johnson, and the senator, who has the backing of organized labor, is not being helped any by the interruption of trans-continental train service by the action of the railway brotherhoods in abandoning trains in the desert.

The Democratic candidate for senator will be W. J. Pearson of Los Angeles. Upton Sinclair also is an aspirant to the senatorship.

Poindexter Has Hard Fight.

Another former Bull Mooser, Senator Poindexter [Wash.] is involved in a lively fight for renomination. His opponents are Mrs. Frances C. Axtell, who has been not only a progressive, but a Democrat, and was a Wilson administration office holder, and George Lamping, another progressive Republican, who was an officer in the Spanish-American war.

The Hearst paper is attacking Poindexter chiefly for his vote for the four power treaty and the Scripps papers are assailing him for his vote to seat Newberry.

Organized labor is against Poindexter because of his sponsorship of proposed anti-strike legislation and his efforts to put teeth in the procedure of the railroad labor board. On the other hand, the railway and coal strikes have increased the number of his supporters, who hold that Poindexter's proposals for enforcing peace between capital and labor have been vindicated.

Former Congressman C. C. Dill will be the Democratic candidate for senator.

Kellogg's Bran is guaranteed to relieve severe constipation!

Nature permanently relieves constipation through the eating of BRAN—Kellogg's Bran, cooked and krumbled. We guarantee that if any sufferer from constipation will eat Kellogg's Bran regularly, that this dangerous condition will be eliminated.

Men, women and children should know the dangers of constipation; they should know that constipation can be blamed for 90% of all illness; that it is directly the cause of Bright's disease, of diabetes, most cases of hardening of the arteries, etc.! Constipation slows up mental and physical energy. It throttles earning power, it destroys men and women when they should be in their prime; it stunts children! Throw constipation out of the system of every member of your family by eating Kellogg's Bran!

Physicians indorse the use of Kellogg's Bran for constipation because it relieves the trouble through the food you eat; because it sweeps, cleans and purifies without irritation or discomfort in a natural way! Eat Bran regularly—at least two tablespoonfuls daily; in chronic cases with every meal—and relief will be permanent! And besides, the wonderful food elements of Bran will stimulate the brain and nerve cells, put the bloom of health into faded cheeks, and snap into steps. Bran makes children grow strong and robust.

Kellogg's Bran, cooked and krumbled, is delicious as a cereal or sprinkled over other hot or cold cereals; it makes the tastiest gems, pancakes, raisin bread and countless other good things you ever ate. Buy Kellogg's Bran at all grocery stores! You can't afford to lose any time!

WESTERN MILITARY ACADEMY

A SCHOOL where scholastic attainment is the goal. Boys thoroughly prepared for college, technical schools, and for business. For over forty years this school has used the values of military training and supervised athletics in contributing to academic work of the highest grade.

Mental energy and physical fitness go hand in hand—both are fundamentals in building the fibre of a sturdy moral and intellectual manhood; therefore, each day at Western has its *military activities; supervised study and class recitations; many sports* and *recreation*—football, basketball, bowling, swimming, baseball, tennis, golf and track.

Reserve Officers' Training Corps, established by the Government.

That our methods and results satisfy both the demands of discriminating parents and the energies and ambitions of sturdy boys, is evidenced by an annual enrollment that continuously for 10 years has exceeded our capacity. COCA COLA CASE GETS NEW THRILL AS WOMAN SUES

Asks $100,000 of Heir; Alleges Attack.

[Pictures on back page.]

Atlanta, Ga., Aug. 16.—The second suit resulting from a recent trans-Atlantic voyage of Walter T. Candler, millionaire Atlanta banker, and son of Asa G. Candler, capitalist and manufacturer, was filed in Superior court in De Kalb county today.

In this one Mrs. Sarah Gillespie Byfield, 21 year old wife of a local automobile dealer, sought $100,000 damages on the grounds of injuries alleged to have been suffered in an attack by Mr. Candler in her stateroom aboard the steamship Berengaria the night of July 16.

Sued for $20,500 Note.

Previously Mr. Candler had filed a petition to restrain Clyde Byfield, the husband, from realizing on a $20,500 note which the banker asserted he had given in Paris along with cash in exchange for a $25,000 check, which he claimed Mr. Byfield had "extorted" from him as a result of the incident in the stateroom, during which the wife said her husband engaged in "a terrific fight with Candler."

Mrs. Byfield's suit claimed she had been made seriously ill as a result of the affair and was forced to undergo an operation Monday. None of her family would say what the operation was, but the father said she was "not doing so well."

Candler Denies Attack.

"I have already stated everything that took place in my petition to cancel the note Byfield held," said Mr. Candler, after being informed of the allegations in the suit. "I never touched Mrs. Byfield and nothing of any improper nature occurred. This suit is utterly unfounded, and is in line with Mr. Byfield's past performances to get money out of me, and it will be answered at the proper time.

"If Mr. Byfield suffered any injuries on the ship," Mr. Candler added, "it was from the terrific beating her husband gave her, which bloodied her face and caused her to stay locked up in her stateroom all next day. I never touched her."

Mr. Byfield, in a written statement denying he had attempted to "extort" money from the banker and asserting the latter had come "cringing and cowardly" and offered him a $25,000 check, had declared that in his anger he had struck his wife during the fight with Mr. Candler.

At Candler's Request.

Mr. and Mrs. Byfield made the voyage at the request of Mr. Candler, according to Mrs. Byfield's suit.

Mrs. Byfield's petition recites the actions of the dinner party on the night of July 16, stating that she and her husband had gone to their stateroom, but he decided to rejoin the party.

After she had gone to bed, the petition says, Candler entered the stateroom, "tore the bed clothing off the bed, disheveled her nightclothes, and grabbed her in his arms."

Mrs. Byfield says she screamed until her husband entered and "engaged in a terrific fight with Candler."

WHERE DOES THE SHIPPING BOARD GET ITS LIQUOR?

Washington, D. C., Aug. 16.—Resolutions calling upon the United States shipping board to infom the house where and how much liquor is bought for sale on American ships since the national prohibition law went into effect were introduced today by Representatives Gallivan, Democrat [Mass.], and Brennan, Republican [Mich.].

The resolution also request the board to say whether it would be practicable if it contemplates to continue the sale of liquor on ships "to acquire such liquors from the squestered stores held by the prohibition director," and which part of the funds appropriated by congress "has been used for the acquisition of intoxicating liquors since January 16, 1920."

The board also would be required to inform the house whether the largest amount of such liquor was obtained from distilleries, breweries, and dealers in the United Kingdom, "whose officials are being petitioned at this time by the United States prohibition commissioner to coöperate with this country in enforcing prohibition outside and beyond the three mile limit."

NINE TAKEN IN SALOON RAID.

Five women and four men were taken in a raid on a saloon at 206 East 39th street early yesterday morning, led by Lieut. John E. McCarthy of Chief of Police Fitzmorris' office. The prisoners were charged with being inmates of a disorderly house. The saloon was opened only a few days ago.

$2,400,000 MAIL ROBBERY DETAILS TOLD BY BANDIT

New York, Aug. 16.—[Special.]—Today, for the first time, details of the $2,400,000 mail truck robbery at Broadway and Leonard streets last October, were revealed when Charles Loerber, acknowledged mail robber, testified in United States District court against two men alleged to have been his companions. Loerber, who has entered a plea of guilty to mail robbery, admitted he had spent several terms in prison. He said he had met the two other defendants in prison in 1918 or 1919.

He met the two men, Gerald Chapman, alias Byrne, and George Anderson, alias Heines, again last summer in this city. They asked if he would join them in the robbery of the mail truck. The witness agreed, he testified.

The three men, Loerber said, made numerous visits in Chapman's car to the vicinity of the old postoffice building.

The night of the robbery they arrived at the postoffice in time to spot the truck to be robbed. They followed it, Loerber said, to a block below Leonard street, where Chapman stopped it and Anderson left the automobile and went around to confront the mail truck driver. Loerber sat at the wheel of the bandits' car.

After the holdup Loerber said he drove Anderson and Chapman to Lake Ronkonkoma, L. I., where the car was put in a barn, the mail pouches rifled, and the sacks destroyed. Loerber said he received $6,000 cash and $400,000 in securities as his share of the loot.

"Anderson advised me to bury my bonds for a while, as it was not a good time to sell them," Loerber testified. "But I turned over part of my share, about $112,000 worth, to Anderson and Chapman to dispose of for me. They cheated me—said they had lost them."

The new Goodyear Cross-Rib Tread Cord

A New Tread—a Lower Price
Reliable Goodyear Quality

Here is a new Goodyear Cord Tire—a big, sturdy, long-wearing tire—that sells at a price lower than you are asked to pay for many "long discount" tires of unknown value.
It has a different tread from the famous Goodyear All-Weather Tread Cord—a new tread with a deep, clean-cut, cog-like pattern—and it sells for substantially less.
It has in it the same high-grade long-staple cotton, the same Goodyear patented group-ply construction, the same liberally oversize dimensions.
When you buy the 4½-inch size, for example, you get a tire whose actual measurement is nearly 5 inches.
Don't confuse this Goodyear Cross-Rib Tread Cord with other popular-price cords which sell at the same price or for slightly more.
In many cases, these other cords are made of inferior materials, with short-staple cotton as a foundation.
Get the tire that is good enough to carry the Goodyear name, that is built to safeguard the world-wide Goodyear reputation.

Compare these prices with NET prices you are asked to pay for "long discount" tires

SARAZEN BEATS JOCK, 3 AND 1, IN "PRO" GOLF

BY JOE DAVIS.

GENE SARAZEN. [TRIBUNE Photo.]

Pittsburgh, Pa., Aug. 16.—[Special.]—Gene Sarazen, who a few weeks ago blazed his name indelibly in the records of American golf by winning the national open championship at Chicago, further emphasized his right to rank as one of the leading golfers of the country by defeating Jock Hutchison, Glen View golf club, Chicago, 3 and 1, in the fourth round of the Professional Golfers' association tournament at Oakmont today.

There have been few greater matches fought on American soil, and when the difficult character of the Oakmont course is considered there has been no better finishes than that made by the swarthy little Pittsburgh professional. Squaring the match at the tenth hole in the afternoon, he made the last eight holes in 28, winning four of the last five holes, by shooting 2 under par.

Sarazen Meets Cruickshanks.

This match was looked upon as the crucial battle of the tournament. It brings Sarazen against Bobbie Cruickshanks, a bundle of Scotch humanity about the same size of Sarazen, tomorrow. Cruickshanks went into the penultimate round by defeating Charley Rowe, the Oakmont professional, 3 and 2.

John Golden, a sturdy home bred who was born near Tuxedo, New York, caused something of an upset by defeating Tom Kerrigan, Siwanoy, N. Y., 5 and 3, and tomorrow will face Emmet French, Youngstown, who eliminated Emil Loeffler of Oakmont, the Pennsylvania state open champion, 4 and 2.

Jock Leads Early Play.

Jock had the better of the early play and at the eighth hole established a lead of 3 up, but from that point on neither man was able to gain a lead of more than two holes. Sarazen, who turned one down in the morning, squared at the fourth in the afternoon, but at the eighth Jock was again leading, 2 up.

Sarazen, however, got on even terms at the tenth, took the lead at the thirteenth, and in a sizzling finish, won the sixteenth and seventeenth and the match. Gene squared at the tenth, 461 yards, being home in 2, while Jock was off the green to the left.

Gene Wins Thirteenth Hole.

Gene was trapped short of the short thirteenth, but Jock was trapped on the right and it looked like an even break, until Gene shot away over the green, to another trap. Jock failed to get out and Gene, chipping back to six feet, won the hole, 4 to 5, Jock's explosion shot from the trap only just getting out. The fourteenth hole, 349 yards, was played perfectly, each pitching to nine feet and holing their putts for birdie threes. Gene was 1 up with three to play at the sixteenth tee.

Bunker Hill for Jock.

The green for the seventeenth hole is on the top of a rise, and it is a Bunker hill for Jock. Twice on the preceding day he drove into traps near the green, which is 282 yards from the tee, and he did the same again today. Gene made a bad pull, but struck a post which saved his ball from going up against a house. He lit in the rough, but from thirty yards chipped dead to the hole and Jock's only hope was to hole out from the pit, but he did not get the ball out, and conceded defeat. The cards:

Sarazen, out	6	4	5	4	5	3	5	4	4	—40

Hutchison, in	5	4	4	5	3	4	3	4	x	—32

Golden Leads Morning.

Golden had a 39—35—74 in the morning, Kerrigan shooting 38—38—76. Golden won the first hole in the afternoon and then with a fine spurt squared at the sixth hole, where he sank a long putt for a 2.

Emmet French shot brilliant golf against Emil Loeffler, his card, 34—35—69, being the best ever made at Oakmont.

The Summary.

R. Cruickshanks defeated Charles Rowe, Oakmont, 3 and 2; Gene Sarazen, Pittsburgh, defeated Jock Hutchison, Chicago, 3 and 1; John Golden, Tuxedo, N. Y., defeated Tom Kerrigan, Siwanoy, N. Y., 5 and 3; Emmet French, Youngstown, O., defeated Emil Loeffler, Pittsburgh, 4 and 2.

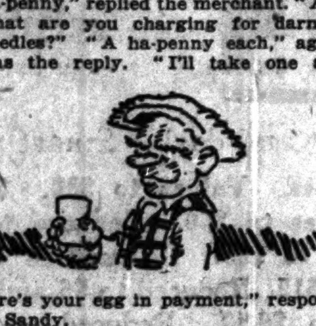
THRIFT DEPARTMENT.

DEAR WAKE: In a Scotch village a merchant who conducted a general store with a small bar in connection therewith, advertised a free drink with every purchase to induce trade.

Sandy's wife needed a darning needle, so he wrapped up an egg and took it to the store. "What are you paying for eggs?" asked Sandy. "A ha-penny," replied the merchant. "And what are you charging for darning needles?" "A ha-penny each," again was the reply. "I'll take one and here's your egg in payment," responded Sandy.



Asked what would be his drink, Sandy called for a sherry and egg. As the merchant broke the egg Sandy tendered into the glass Sandy noticed it was a double yolk and cried, "Hey, that's a double; I'll take another darning needle." Cee Vee.

IS IT HOT ENOUGH FER YUH?

It's the only thing I've heard today,
　Is it hot enough fer yuh?
From every one who passed my way,
　Is it hot enough fer yuh?
It seems no matter where I'm at,
From lean and lanky, thin and fat,
They will insist I answer that
　Is it hot enough fer yuh?
　Is it hot enough fer yuh?

One sinner died and went below:
　Is it hot enough fer yuh?
Now he and the Devil want to know
　Is it hot enough fer yuh?
He says to be free is worth a lot,
From this blistering, burning, parching, hot
Scorching, sizzling, seething spot.
　Is it hot enough fer yuh?
　Is it hot enough fer yuh?

Down its wooden walks sauntered Samuel Adams Ettelson, Robert Redfield (no longer with us), Harvey Trunkey Woodruff, and many other west side youngsters to old Brown school, where Miss Farson, best of principals, presided.

In Union park, near by, lived Old Bob, the bear, Carter Harrison's eagles, the Madison street cable ran swiftly in its slot, and not far away were Berry confectionery and the Princess roller skating rink, while Ashland avenue, the west side Gold Coast, was in its glory. Them was good old days, Harvey, so please page Page street.

SPLIT MEDAL HONORS IN STATE GOLF MEET

HOLE IN ONE CLUB

D. D. KLEDER, Green Valley Country club, is the latest victim of the hole in one microbe. He was stung yesterday while playing in a threesome with Al Wolf and C. E. Miller, getting an ace at the fifteenth hole, 143 yards.

Walter Crowe of Briergate and W. J. Fitzgerald, Jackson Park, stepped away from a field of 154 players in the twenty-seven hole qualifying round of the state amateur golf championship at Columbus park links yesterday and split medalist honors with scores of 101. Fitzgerald also broke the course record of 33 formerly held by Crowe, shooting the last nine holes of his three time trip in 30, winning the cup offered for the best nine hole card. The first course record of 34 was set by Chick Evans.

It was dusk before the last of the golfers entered from Chicago public and private clubs and from many other towns in the state completed their twenty-seven holes. Though the qualifing round was reduced from thirty-six holes in order to speed the play on the short course, congestion greatly delayed the elimination.

The first round of match play at eighteen holes will begin this morning, with the sixty-four qualifiers divided into three flights. Pairings for the championship flight:

W. J. Fitzgerald vs. T. J. Monahan, A. C. Finnegan vs. L. C. Jones, Bob White vs. H. W. Walker, Dave O'Connor vs. H. J. Bedard, F. O. Groth vs. W. M. Bergstrom, G. W. Porter vs. D. J. Ryan, Ted Lloyd vs. Pat McCann, Walter Crowe vs. I. J. Harkleroad, C. Heftis vs. E. Grambauer, R. Bunson vs. E. Gallaher, F. S. Clisbee vs. L. R. Cavell, H. Schendorp vs. J. Hennessey, J. Humphreys vs. C. A. Smith, J. H. Wright vs. A. Patterson, G. Fahey vs. H. D. Gruver.

ON LOCAL LINKS

CARL B DEVOL, Green Valley club, with a round of 37—36—73, topped a record field of 200 players yesterday at Olympia Fields in the qualifying round of the annual Olympiad tournament. Play was over the No. 3 course.

Others well up in the qualifying frame were: Fred Bangs, Olympia, 77; Dr. A. F. Henning, Olympia, 78; E. E. Harwood, Olympia, 79; Kenneth Hisert of the home club, recent winner of the western junior championship title, had 82, while Russell Martin, Jackson Park, Cook county open and Chicago city champion, had 85.

In the low net column J. T. Gregory, Olympia, led with 86—17—69. Other low net scores were Mr. Harwood, 79—6—73, and Dr. Henning, 78—4—74.

The field was arranged last night into foursomes, which will compete today in the thirty-six hole derby over courses 1 and 2.

EDGEWATER.

Players sometimes are known to have an ace in the hole, but E. A. Maginnis of the home club emerged yesterday at the end of the first thirty-six holes in the Edgewater annual Hy Jinx tournament with them in his pocket, up his sleeve, in his hat and probably ensconced somewhere else. In other words, Mr. Maginnis held a temporary lead for the low gross and net prizes at thirty-six holes, low gross and second low net in the afternoon and was tied for low gross in the forenoon. Mr. Maginnis' score for the day was 73—71—144 against 73—76—149 for J. W. Moulding.

GREEN VALLEY.

Garden City lodge, with a total of 713, yesterday at Green Valley club, carved a notch in the handle of the Sabath cup for team competition amongst Mystic Golf association members. South Shore was second with 719. Pleiades was the first lodge to win a victory on the cup, which was donated last year by Judge Joseph Sabath, president of the association. The trophy must be won three times to become a permanent possession. Leading scores:

GARDEN CITY—S. Price, 160; A. J. Gerth, 183; L. M. Felt, 185; R. J. Barnett, 185—total, 713.

SOUTH SHORE—W. H. Stevens, 172; P. H. Harden, 172; C. E. Kline, 201; J. E. Sandmeyer, 174—total, 719.

Close matches featured the second round for the Sabath individual cup, L. S. Whitehead defeating Dr. A. O. Young, 1 up; William Young defeating W. H. Atwood, 2 up; R. J. Barnett defeating B. Brown, 2 and 1, and C. Le Berge vs. J. Givins postponing their match.

RIDGE.

R. M. Morange was the sharpshooter yesterday at Ridge in the August tournament of the Chicago Dental Golf club, winning low gross at thirty-six holes with 75—74—149. R. L. Stout, with 130 won the prize for low net.

The Fair cup lodged with William Devlin, who defeated L. W. Kremer, 2 and 1, at thirty-six holes. The contest for the Justi cup was also played over the long route, R. W. Upp defeating G. H. Miller, 3 and 2. In the semi-finals for the Frame cup R. L. Stout defeated J. W. Seaborg, 3 and 2, at eighteen holes, and H. J. Quigley defeated H. B. Pinney, 3 and 2.

MISSES BUSH, WILSON IN JUNIOR GOLF FINAL

Miss Virginia Wilson, Onwentsia, and Miss Mercedes Bush of the home club, will meet today at Westmoreland in the final of the women's western junior championship golf tournament. Play will be at eighteen holes. Miss Bush, who won the inaugural title in 1920 and has probably had a little more tournament experience than her Onwentsia rival, is favored to win.

In the semi-finals yesterday Miss Bush defeated Miss Josephine Morse, South Shore, 7 and 6, while Miss Wilson defeated Miss Ethel Pattilo, Skokie, 7 and 5. Miss Bush played fine golf, going out in 45 and shooting the next three holes in men's par figures. The match terminated at the twelfth green.

Miss Bush played fine golf, going out in 45. She won six of the first nine holes played and the other three were halved.

Coming in, Miss Bush won the tenth hole in men's par and the next two were halved, both in men's par. The match ended at the twelfth green, with the cards as follows:

Miss Bush—Out	5	6	4	4	5	7	5	3	6	—45
Miss Morse—Out	5	7	5	4	7	9	7	4	6	—56
Miss Bush—In	4	5	5							
Miss Morse—In	5	5	5							

In defeating Miss Pattilo, Miss Wilson played consistently and showed vast improvement over her qualifying score, which she lowered thirteen strokes. She was out in 47 and back in 48, playing out the bye holes for practice. The first three holes were halved, after which Miss Wilson won five of the remaining six. She turned 5 up and, following halves at the tenth and eleventh, won the twelfth and the thirteenth and the match.

Miss Wilson also won the prize in the putting event.

Six Boats Sail Here Today in Opening Lipton Cup Race

Six boats, representing Chicago, Milwaukee, and Harbor Springs, today will meet in the first of three days' racing for the Lipton cup.

The addition of Rainbow, Commodore Sheldon Clark's famous small racer, predecessor of his present larger Rainbow, to the entry list makes the field one of the fastest that ever started in the Lipton contests.

Races Attract Big Interest.

Rainbow now sails out of Harbor Springs, Mich., and will be skippered by its new owner, E. H. Stedman.

More interest than for many years is manifested in the Lipton cup races this year. The Chicago boats are Colleen, Sari, Yank, and Gossoon. South Shore now is sailed by the Lawrie boys of Milwaukee.

Race Off Belmont Harbor.

A large fleet of yachts and motor boats will carry the gallery to watch the race which today will be sailed over the triangular course off Belmont harbor.

FARM and GARDEN

BY FRANK RIDGWAY

TAKING STING FROM RHODE ISLAND RED CRITICISM.

A HEN'S body is a mere egg factory. Since farmers and commercial egg producers have begun to regard the layer's body as a place where feed is transformed into eggs, they are better judges of a hen's ability to heap the basket high enough to return a profit after the feed bill is paid. Heavy egg production, according to H. A. Bittenbender at the Iowa agricultural experiment station, is secured by selecting those individuals which have the capacity to take care of a large amount of food and to house the reproductive organs.

He has been finding out some things about the Rhode Island Reds, one of the corn belt's popular breeds, that will take some of the sting out of the criticisms that have been given them. A tendency to become fat, poor producers, and more inclined to broodiness than other breeds are some of the criticizing terms used by poultrymen in discussing the Rhode Island Reds. Bittenbender's experience with them proves that if they are reasonably well cared for, and selection and breeding is done carefully, their production can be kept up.

A rectangular body, full breast, deep body, and uniform width are the main specifications on Bittenbender's blue print of a Rhode Island Red "egg factory." Throw in vigor and vitality and then you will have a layer that will produce high records and pay her way.

A Rhode Island Red hen at the station with these specifications produced 238, 207, 198, 183, and 122 eggs through her first five years of laying, and was still going at a fair rate when the scorekeeper stopped.

Broody tendency of the Reds is not considered a serious handicap to egg production, according to Bittenbender, who says that their speed of production is high both before and after their broodiness, and the effect can be decreased by good handling.

START DAVIS CUP NET FINAL ROUND TODAY

Philadelphia, Pa., Aug. 16.—Gerald L. Patterson and Pat O'Hara Wood of the Australian Davis cup team arrived today for the final matches of the international tennis tournament with the Spain team, which will be played tomorrow, Friday and Saturday. The winning team will face America in the challenge round. Both Australians and Spaniards had light workouts today.

The drawings for play were made tonight by Samuel Hardy, captain of the American Davis cup team two years ago, and the following schedule resulted:

Thursday, 3—Gerald L. Patterson vs. Count Manuel De Gomar.
4:30—Pat O'Hara Wood vs. Manuel Alonso.
Friday, 3—Patterson and Wood vs. De Gomar and Manuel Alonso.
Saturday, 3—Wood vs. De Gomar; 5, Patterson vs. Manuel Alonso.

EAST WILL PLAY WEST FOR PRIZE IN NEWPORT NET

Newport, R. I., Aug. 16.—The Casino singles tennis tournament moved up to the semi-final stage today, with two Californians and two easterners bracketed to fight it out for honors as finalists and as representatives of their sections. As a result of today's matches, William M. Johnston, San Francisco, who eliminated L. B. Rice, Boston, and Howard O. Kinsey, a fellow player from the Golden Gate, will battle in the upper half, and N. W. Niles, Boston, and H. G. Kelleher, New York, the latter by virtue of a victory over W. E. Davis, San Francisco, will contest for survival in the lower half.

HOWELL TO SWIM AT SOUTH PARK

Richard Howell, I. A. C. swimmer and winner of the annual Chicago river swim recently, will be feature attraction at South Park water carnival in Mark White square pool, 29th and Halsted streets, this winter. The program will begin at 7 o'clock.

Other events on the card will include competition for junior and senior boys and girls in both 50 and 100 yard races. George Porter and others will give exhibitions of fancy and freak diving, in addition to Howell's part on the program.

FAVORITES REACH SEMI-FINALS IN WOMEN'S TENNIS

Forest Hills, L. I., Aug. 16.—[Special.]—As a result of the fourth round match this afternoon at the turf courts of the West Side club, Mrs. May Sutton Bundy and Helen Wills of California, Leslie Bancroft, Boston, and Mrs. Molla Bjurstedt Mallory, New York, advanced to the semi-finals of the women's national championship. The most dramatic feature was Mrs. Bundy's victory over Miss Martha Bayard, New Jersey, 13—11, 4—6, 6—0.

MISS LESLIE BANCROFT. [P. & A. Photo.]

Although on the verge of collapse under a baking sun, the California woman, who was champion of New York in 1904, gamely hung on, and after a short intermission swept her young opponent before a ruthless attack in the deciding set.

Uphill for Helen Mills.

After losing the first set in her match with Mrs. Jessup, Helen Wills, 16 year old marvel of California, recovered in time, and by sheer brilliancy overwhelmed her more experienced rival of Wilmington by the score of 2—6, 6—4, 6—2.

Miss Leslie Bancroft of Boston won a place in the semi-finals when she defeated Miss Clare Cassel, New York. The scores were 8—6, 6—3.

Miss Bancroft Wins.

At the outset the match was very close, Miss Cassel making many remarkable recoveries and turning them into earned points. But gradually the power of the Boston girl's terrific fore hand wallops began to decide the contest. From deep court Miss Bancroft banged her long, speedy drives with great effect, keeping Miss Cassel on the run, which resulted in many balls being hit into the net.

YACHT REGATTA BEGINS MONDAY

Nineteen class A sloops and thirty class C catboats have already been entered in the Inland Lakes Yachting association regatta on Lake Geneva, starting Monday and continuing through the week to Friday.

Dr. O. L. Schmidt, Chicago and Lake Geneva, president of the association ever since the administration of the late P. A. Valentine, yesterday announced the following judges: Commodore Edward Rosing and George [illegible] Isham of Chicago, and Ray Hollister of Oshkosh. Commodore William [illegible]son Pelouze, Chicago, who sailed under the auspices of the Oconomowoc Yacht club for years, is now commodore of the Lake Geneva club.

The following yacht clubs have entered class A boats: Geneva, Oshkosh, Neenah, Delavan, Minnetonka, Pine Lake, Pewaukee. In class C [illegible] will represent the above and also Cedar Lake and Pistakee.

JACK AND BILL MAY NOT BOX, YET THEY MAY

Labor Day Go Seems Up in the Air.

ON AGAIN; OFF AGAIN!

INDIANAPOLIS, Ind., Aug. 16.—[By the Associated Press.]—Officials of Laporte county have until 2 p. m. Friday to order abandonment of the Jack Dempsey-Bill Brennan fight, scheduled for Labor day, it was indicated today at the office of Gov. McCray. Unless the officials take action by that time, the governor will order the bout stopped.

Gov. McCray had prepared a letter today to Sheriff William E. Antiss of Laporte county, directing that the match be abandoned, but following a conference with a delegation of Michigan City residents the governor consented to defer sending the letter so that the county officials might have an opportunity to take action.

Floyd Fitzsimmons, one of the promoters, visited the state house during the day, but after his visit the governor said he was certain the bout would not be held.

BY HUGH FULLERTON.

(Picture on back page.)

SHERIFF ANSTISS. [TRIBUNE Photo.]

Michigan City, Ind., Aug. 16.—[Special.]—Floyd Fitzsimmons and the Dempsey-Brennan camps spent uneasy hours today when the report reached Laporte county that the governor of Indiana had forbidden the fight between the champion and Brennan.

There was a hurried conference between Manager Jack Kearns and the local political powers, long distance talks with Laporte, Indianapolis, and other points followed by assurances that the threatened intervention of the governor with the big bout would not affect it.

Meantime Bill Brennan was off for Indianapolis to give an exhibition bout tonight and Jack Dempsey, fretting over lack of action, ignored his decision to confine his work to running and light work, and put in a hard two hours of boxing, punching the bag and hard exercises.

Officials Are Undisturbed.

Neither Sheriff Anstiss nor Manager Kearns were much disturbed after they learned the details of the threatened prevention of the battle.

Both declare that the governor's stand is the same as their own, that this is not a prize fight but a boxing exhibition, that no title is at stake nor will any decision be given. They declare they are conforming in every way with the state law.

But there is something behind the sudden threat to interrupt the mill. A few days ago a downstate lodge of the American Legion requested Brennan to appear in an exhibition bout, and Brennan, just starting his training work, was opposed to the idea. Yesterday a threat was made that if Brennan did not give the exhibition steps would be taken to stop the Michigan City bout. Whether that had any effect or not Brennan hastily determined to go through with the exhibition as arranged and departed for Indianapolis. Evidently Promoter Floyd Fitzsimmons had information, for he, too, ducked out of Michigan City and hastened to the state capital.

Assured Bout Was O. K.

There was no belief on the part of any of those interested in the match that Gov. McCray would interfere. In fact every arrangement was made and every assurance given by both sides before Michigan City was awarded the date that the law would not be violated and from the other side that the governor would not interfere. The fear was that misrepresentations of some kind had been made and that action had been taken.

It developed today that Gov. McCray wrote to Sheriff Anstiss stating that he would not tolerate a title bout for the championship or any decision battle. Sheriff Anstiss says he replied to the governor that the matter had been investigated carefully; that the Dempsey-Brennan match is not a prize fight as defined in Indiana; that it is a boxing match without a decision, and that no title is at stake.

Savors of Malicious Move.

The effort to create trouble aroused considerable indignation here, especially in political circles, and was looked upon as partly malicious.

Dempsey was not disturbed a bit by the rumors, not even discussing them beyond expressing the opinion that it would be a good match and that Brennan is a good, rugged fellow who ought to give him a hard tussle.

The champion was up before 6 o'clock, out on the road for a brisk run, back to the big cottage on the shore of Lake Michigan where he and his party are quartered. He was in high spirits. A party of friends from Los Angeles had stopped to visit with him and there was a romp and a quick dip in the lake.

He spent the rest of the morning romping with the kids who swarm around him and at noon went for a spin with his guests to avoid the heat.

Great Speed with the Bag.

Then he took a fifteen minute fast session with the bag. His work with the bag showed almost perfect timing and great speed.

He stripped in beautiful shape, weighing now perhaps eight pounds heavier than he wants to weigh when he faces Brennan. In fact, although slightly plump around the waist and carrying a bit too much weight on the shoulders, he is ready to fight tonight.

He intends to box every day from now on until he makes the weight just under 190 and then hold there or perhaps put on an extra pound or two immediately before the fight.

SHERIFF DOES NOT INTEND TO CALL OFF MICHIGAN CITY GO

Laporte, Ind., Aug. 16.—[Special.]—At a late hour tonight Sheriff W. E. Anstiss stated he had received no communication from Gov. McCray in respect to the Labor day bout at Michigan City between Jack Dempsey and Bill Brennan. Sheriff Anstiss declared he had no intention of stopping the bout, and that as far as he was concerned it would be held as scheduled.

"It is to be a ten round, no decision exhibition, and not a titular fight. As such it is perfectly legal, and I have no more right to halt it than I would have to step into a barber shop and stop a man from getting a shave," the sheriff said.

When asked what he would do in case the governor ordered him to stop the contest, Sheriff Anstiss said that he could not say, but would seek legal advice before he took action.

Earl Rowley, prosecuting attorney, reiterated the sheriff's statement as to the legality of the bout, declaring that no title was at stake and that, as he saw it, the law would not be violated.

MULLEN CHANGES BILL FOR BOXING IN AURORA

BY WALTER ECKERSALL.

Announcement was made yesterday by Promoter Jim Mullen, who will stage a four day boxing carnival at Aurora next week, starting on Tuesday and winding up on Friday, that Frankie Garcia, Memphis, has been matched to meet Sammy Mandell in the windup of Tuesday night's show.

Garcia has been substituted for Bantamweight Sanger of Milwaukee, who hurt his hand in a bout last week. The substitution, according to Promoter Mullen, will make a more interesting contest, as Garcia is the only boxer who has ever knocked Mandell down. At a meeting in Memphis, Garcia sent Sammy to the mat with a right hand punch to the stomach.

A lot of interest is being shown in the heavyweight bout on Wednesday night between Bob Martin, the A. E. F. champion, and Andy Schmader of Omaha, who claims the championship of the Atlantic fleet. It will be army against navy and hundreds of exservice men will be in attendance. Martin will arrive in Chicago on Saturday and will work out at the Arcade in the afternoon.

Smart followers of pugilism are picking the main event on the last day of the carnival as the feature. This contest will bring together Joe Burman, local bantamweight, and Eddie Anderson of Moline.

TRIO OF BOXERS UNDER N. Y. BAN

New York, Aug. 16.—[United News.]—Midget Smith, bantamweight boxer, and his manager, Harry Neary, were suspended for an indefinite period by the New York commission today for failing to go through with a contract. Jack Sharkey, featherweight; his manager, Joe Wagner, and Jabez White, Albany, another bantam, also were set down for the same reason.

McGraw Fires Douglas; Tried to Sell Out Giants, Charge

Pittsburgh, Pa., Aug. 16.—[Special.]—Phil Douglas has been ruled out of baseball. Charged with attempting to wreck the Giants' pennant chances through an offer to desert the club for money, the pitcher admitted today his guilt to Manager John McGraw. He immediately was placed on the permanent ineligibility list, his name erased from the hotel register, and he was notified to leave the team at once.

Owners of baseball clubs throughout the country will be notified of the action taken, and Douglas will be barred, not only from playing with any other club in organized baseball but also will be barred from all parks.

Began Work Early.

"In January of this year," McGraw said, "Douglas opened negotiations with a player on a competing team in this league—a team which, I might add, has a chance to win the pennant. Who the player was I must refuse to say, in justice to him, because he was absolutely innocent of any wrong.

"Douglas' proposition was this: With him pitching regularly the Giants could win the pennant; without him they could not. In view of this, if the player he approached could dig up the money demanded, he would desert the team and, in his own words, 'go fishing.'

"We were informed of the situation and began to collect evidence. It took time to do this, but last night the job was finished. I have letters from Douglas to this player and records of telephone conversations between them.

Douglas Admits Guilt.

"I called Douglas to my room this morning and laid the evidence on the table before him. He admitted his guilt at once.

"I asked him why he had done this and he said because he wanted money—that a man must have money to live. He said he was afraid that I would release him because he sometimes was not in condition to pitch, and that if I did he would have nowhere to turn.

"Douglas has not only not been on the level, but he is an ingrate. I was paying him three times as much money as he was getting when he came to the Giants in 1919, and time after time I have forgiven him for violations of the training rules. I have promised him bonuses for keeping in condition, and in spite of his frequent transgressions I have paid him the promised sums. I have done everything in my power to keep him straight, but he was gone wrong in spite of my efforts.

IN BAD AGAIN

PHIL DOUGLAS.

Money Angle Crops Up.

"I want the fans all over the country to know that this action was taken voluntarily by the New York club. We have been charged many times with trying to buy pennants. This is because we have spared no efforts to build up and maintain a winning team for New York fans. Now I want these fans to know that we are as quick to take action when a player proves himself dishonest. I have tossed Douglas out just as I tossed out Hal Chase and Heinie Zimmerman. Douglas belongs in a class with these men, and there is no room in baseball for him."

Commissioner Kenesaw M. Landis arrived here today, coming from Chicago at McGraw's request.

"I want to compliment the New York club on its action," said the commissioner. "The club has done everything possible and there is nothing for me to do except heartily to indorse it. In cases where a player is placed on the ineligibility list by a club the player has the right of appeal to me, if he feels he has a just grievance, but in this case I do not expect an appeal, for Douglas has admitted the truth of the charges made by Mr. McGraw."

GIANTS NICK PIRATES FOR 7-6 WIN IN 4TH

Pittsburgh, Pa., Aug. 16.—A batting tempest in the fourth, which yielded six runs, gave the Giants a 7 to 6 victory over Pittsburgh today. Hamilton was knocked from the mound in this inning, and Yellowhorse, who replaced him, walked one man, filling the bases, and then made a wild pitch which scored two runs. Scott was replaced by Barnes in the sixth, and Barnes was driven from the mound in the eighth, when five hits, including Russell's homer, scored three runs. Score:

BY FRANK SCHREIBER.

Bumping the Braves yesterday was an easy trick for the climbing Cubs. It was the sixth straight victory in five days for Killefer's Klan, and the score was 9 to 4, the Bears jumping off to an early lead which never was threatened. The victory, combined with the defeat of the Cardinals by Brooklyn, put the Bruins to within one game of second place.

Hard hitting in the pinches and ability to make and take advantage of the breaks brought the victory. However, the Cubs staged their customary one big inning, chasing six runs across in the fourth, which put the game away. The Braves never were troublesome after that.

Gather In Eleven Hits.

All told eleven hits were gathered off the offering of two Bean Town hurlers. Capt. Charley Hollocher and Hack Miller divided honors, each garnering two singles and a double. Ray Grimes also delivered two timely hits, a single and double. Hollocher gave a great exhibition of base running, when after drawing a pass in the sixth, he stole second and third on three pitched balls.

Ernie Osborne started as the Cub hurler, but from the very beginning it was easy to see it wasn't Ozzie's day. The big hurler had difficulty locating the plate, and after the Braves had counted a run in the third, one in the fifth and two in the sixth, on a walk and a home run by Gibson Ozzie was removed in favor of Chief Cheeves, who finished without granting a run.

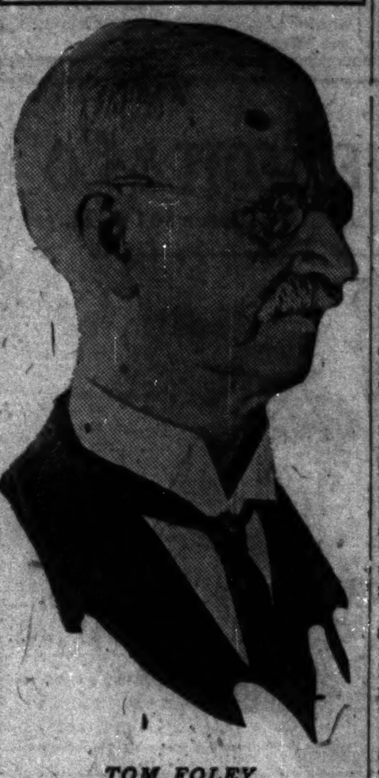
Ex-Giant Starts for Boston.

"Pat" Houlihan, the young hurler who came to Boston from New York in the deal which sent Hugh McQuillan to the Giants, essayed to fling for the Braves, but the Cubs had him out in short order, smacking him for two runs in the opening frame and four of the six tallies in the big fourth inning attack. Johnny Braxton was called to the rescue, but had his troubles finishing.

The two Cub runs in the initial inning were produced on a pass to Statz, Hollocher's double, and Terry's single, while the Braves countered with one run in the third. Then came the fourth. Friberg started and finished the inning, which saw six Cubs stick their spikes in the scoring platter on five hits, including doubles by Grimes and Miller, two errors, a pass, and a sacrifice.

Two passes and a double by Ford gave the Braves their second run in the fifth, while a pass to Barbare and Gibson's home run over the right field wall counted the final runs for Boston in the sixth. Cheeves replaced Osborne after the homer, and the Cubs scored their last runs in the seventh.

CUE VETERAN



TOM FOLEY.

TOM FOLEY, dean of American billiard room keepers, celebrated his eightieth birthday yesterday, when he was at home to all old and new friends in Chicago. He was kept busy shaking hands and receiving congratulations. A bouquet of flowers, so large and beautiful that it nearly took Tom's breath away, was a gift from the Brunswick-Balke-Collender company, with whom Tom has been doing business for more than sixty years.

RAY SCHALK. [TRIBUNE Photo.]

Boston, Mass., Aug. 16.—What started off today as a nice quiet ball game, with excellent prospects of a White Sox victory, wound up with a Boston win and unscheduled fistic exhibition. The Red Hose annexed the diamond struggle, 5 to 3, and the boxing side show was provided by "Shovel" Hodge and Ray Schalk, with the latter the popular winner.

The trouble began when Hodge went to the rescue of Frank "Stubby" Mack in the eighth inning. The lad from Seattle, making his first start in the big show, left Hodge a legacy of two men on base and none out. Hodge got his first opponent, and then a steal of second and third was pulled. That little incident moved Schalk to say a few well chosen words.

Brands Southerner "Yellow."

Schalk, always a hard fighter on the field, strutted out to the slab and remarked that the tall southerner lacked courage. Schalk didn't say it that way, however. Hodge exploded, said a lot, and was still jinglejawing after Schalk had returned to his position. Eddie Collins had to come in from second to quiet the big fellow and make him pitch. On the first ball thrown the side was retired on an attempted double steal, and the belligerents then adjourned to the bench to settle their differences in a more spectacular manner.

The pair hadn't been in the dugout a second before there came a shower of fists. Hodge, with an advantage of fifty pounds in weight and a foot in stature, swung first, but missed his diminutive opponent. Schalk leaped up like a tiger and crashed his fist squarely on Shovel's nose. It was a healthy wallop. Then Gleason and Mostil reached the pair and separated them, or there might have been real action, the discrepancy in sizes notwithstanding.

Boston Wins in Eighth.

The game itself was just a game. The Sox started off by taking a one run lead on Benny Karr in the first. For five innings Mack protected this advantage, but it took airtight support to get him through. Then in the sixth, McClellan, who is subbing at short pending the recovery of Johnson's bruised hand, booted one and gave Boston a run. Then in the seventh they did some clean hitting for two more tallies, and repeated the dose in the eighth.

Gleason's men made a great bid in the eighth and a one handed catch by Menosky stopped them with two on. Hooper hit a ball to deep right and had it gone safe, it would have been a homer. The visitors got one run out of that slurge and added another in the ninth, when Falk smacked a homer into the right field seats.

UPTOWN CHICAGO HAS INNING TODAY AT PIER PAGEANT

North Side Queens to Give Away Gladioli.

Today will be Uptown Chicago day at the Pageant of Progress and a special program, running from 10 o'clock in the morning until 11 at night, will be handled by a committee from the Uptown Chicago association.

During the afternoon and evening 25,000 gladioli will be given away by the uptown queens and others.

One of the features of the day that is expected to furnish a thrill for the "Uptowners" will be the appearance of Dick Seal, widely known aviator and stunt performer, in a series of stunts. One of these is to stand on his head on the top wings of a plane and loop the loop.

Industry in all its phases will be the subject of a series of motion pictures to be run for the first time today in Congress hall by permission of the United States bureau of mines and the department of congress. These films, which tell the story of virtually every product were made originally for the world's fair at Rio Janeiro. This exposition will not take place for some time, however, so the films are being shown here.

Among some of the industries shown in the films will be the automobile, the watch, electric meters, and asbestos.

Today's Program at Pageant of Progress

10:30-1:30 — Concert, Chicago White Wing band.
1:30-5 p. m.—Concert.
2-6 p. m.—Scull racing and water events, Lincoln Park Boat club, north side.
3:30 p. m.—Aeronautic exhibition.
4 p. m.—Fire department exhibition.
4:15 p. m.—Airplane exhibition.
5 p. m.—Ethel Dare, fire daredevil.
5-7 p. m.—Concert.
8:15-9:15—Danish singers.
8:45-9:45—Young Ladies' orchestra.
10 p. m.—Fireworks.

A Most Unusual Sale
Charming Tub Frocks
$7.50 and $10

These are among the smartest tub frocks shown here this season. Some have been greatly reduced—others, fresh and new, come in a special purchase—all are remarkable values at their prices.

Over 70 Styles, in the Lighter, Daintier Fabrics, Voile, Fine Tissue Gingham and Dotted Swiss

Some of the voile frocks have hand-drawn work, so lovely with pastel tinted voile. Others are in darker colors with cool-looking touches of white.

Frocks of tissue gingham are in exquisite colors, and among the dotted Swiss frocks are some particularly lovely in vivid colors with contrasting dots.

Materials are notably fine. Every frock is carefully made. Trimming touches are used with unusual taste. Indeed, both for charming style and substantial saving this is a most important sale. Two styles sketched above.

33rd August sale of furniture
emphasizes economy in dining suites

for there are a host of artistically superior suites whose August sale prices are substantially below "regular." The suite here pictured and described, a typical "August value," commonly commands a third more.

French Chippendale dining suite, 10 pieces of genuine walnut or mahogany, complete

for $675

An exquisite reproduction of the French Chippendale design, of very high grade workmanship, and of beautifully finished walnut or mahogany; the suite consists of oblong table with 46x60 inch top extending to 7 feet; 72-inch buffet with ample space for linen, china and silverware; china cabinet with nicely rounded corners; beautiful cabinet server; five side chairs and one arm chair with blue hair cloth seats—the ten pieces as pictured for $675. *Seventh floor.*

The quantity of these suites is limited—early shopping is advisable.

Mandel Brothers
Moderately-priced-frock shop, fourth floor

Featuring another important shipment of
200 women's and misses' fall frocks
of canton crepes, satin-faced canton and laces

The same advanced styles and superior qualities as in last week's signally successful sale—and the same extremely low price—$25.

In latest autumn hues $25 also navy, black, brown

Panels longer than the skirt hem, graceful draping, long flowing sleeves, add touches novel and distinctive. Three patrician styles are pictured—many unsketched models are quite as elegant. *Fourth floor.*

The Subconscious Courtship

BY BERTA RUCK.

SYNOPSIS.

Major Carmichael had never met Clover Elphinstone before the night of Jim Holt's dinner party. He had not even caught her name that night. He had a way of not catching women's names. He had not noticed her face, or what she had on, but he could not help noticing that she looked at him, in an odd, stock taking way, several times during dinner.

Afterwards in the drawing room there had been music and Clover had played accompaniments. She had looked across the piano searchingly at Carmichael. But they didn't speak. When everybody was going away, suddenly, on a landing, he found the girl at his elbow, and again she turned that look upon him. He was sure that she was going to speak, but some one loomed into view and she darted away. That was the last Harry Carmichael saw of her, but this morning he heard from her. She called him on the telephone and asked him to come to see her.

At Clover's office in the city he saw a beautiful woman, faultlessly gowned, possessing all the feminine charms and graces. He has learned that she is a widow and the head of the large firm of Elphinstone Brothers, Importers and Merchants, but he has not yet found out why she sent for him.

The first installment of this delightful love story was published Monday. Start reading it today.

INSTALLMENT IV.

THE FIRM OFFER.

Clover proceeded. "I'm tired of thinking about it all. Of course, if I wanted to marry anybody, it would be different. But I don't. I don't like men. Except to do business with. Then give me men every time. But I don't want them any other way. Not as friends. Certainly not as anything nearer. They intrude; they obstruct; they interfere; they bore me; they confuse my ideas; they—well, no use going on with what they do. I can't do with them. I have my four managers here, who are excellent for the business. They've nothing to do with Outside, though."

"I want you, Major Carmichael, to marry me."

This, thought Carmichael, was merely idiotic. If by Outside she meant her own private affairs, what did he know of them? Nothing. What did he care about them? Less than nothing. What did he know of her?

1. She cared nothing for men.
2. She had come first to this office as a typist.
3. She had managed within a couple of years to get herself made secretary to the principal.
4. She had set her cap at him, married him, and had now succeeded to the whole concern.

Pretty cold blooded it all looked. Anyway, it was her business, not his. She had her four managers. He certainly did not intend to make a fifth, to help her to get as much out of life generally as she did out of the office, and to protect her from outsiders meanwhile.

She was going on, but for the first time he cut in.

"Mrs. Elphinstone, isn't there—er—rather a misunderstanding here? I don't know what you think I am. In case you don't, or have been misinformed, may I tell you? I am an engineer."

She waved that aside. Again she spoke as a man might have spoken, using their idioms in her woman's voice. "Yes, yes, I know that. Naturally it would be made worth your while. This that I'm going to suggest to you isn't going to interfere with your engineering. It might help it."

He looked hard at her. "What might, may I ask?"

"This proposition which I have to make to you."

He looked harder still. "And that is?"

Her fingers moved again to the violets. She paused. (He thought—at last she'd come to it, and now she funked it!)

The telephone bell rang.

Her hand went out to the receiver, which opened with a lazytongs from the wall at the end of her desk. With a murmured excuse she drew the mouthpiece to her lips. She listened. Then Harry Carmichael heard her tone, impatiently polite.

"Who? O! Thank you very much, but I am afraid not." I am lunching with some one else today. Good—no; on Friday I shall be out of town. So sorry. No; I don't know. O, thank you for the freesias; lovely. Good-by."

Then as the politeness vanished, leaving only the crossness on her young face, she flung back the telephone so that it made a softly violent shock against the rubber pad.

"There. You see," she exclaimed, angrily, "that's what I mean. That was one of them. Wants to take me out to lunch. Bunch of flowers, seven and sixpence; lunch, fifteen shillings. Hard luck tale about the overdraft before the liqueurs are on the table. Hopes of squaring matters by marrying me presently. . . . I believe I should think more of—that person who rang me up if he cut out the flowers and the restaurant and said what he came for."

She sat back, petulantly, in her chair.

"That—person was only one of them," she proceeded with her grievance. "There are half a dozen others. Some of them aren't quite so obvious, that is all. (Those are worse. More difficult for me, I mean.) If it isn't an overdraft, it's a mortgage. Or youngsters at school. Or a new venture to finance. Or sunbeams from cucumbers. Or something. They flock round me because I'm a woman and they think"—she sighed impatiently—"they know a woman is an easy mark; a woman with money. It's enough to make me wish I hadn't ever achieved any. Only money's such fun, if you just use it and buy things and don't begin to 'think in terms' of it. That's ugly. Yet I have to do that."

Her voice, which had trailed a little wearily, rose as she suddenly took another point.

"If these men don't leave me alone I know what will happen. I shall lose my flair, and that means ruin to the business. That sort of thing about me puts me off my game. I've noticed it already. This gift I have—of knowing where the Luck is—that fails me when there are men about, trying to 'make up' to me. (You may think that's superstition. Plenty of business people are superstitious.) These men and their eternal proposals! They can't bear to think of my money—left unmarried. . . . No man, you see, to keep off the other men. A father, or an uncle, or a brother would be better than nothing. Only in my family we're deadly short of men."

She turned to the young man listening to her. She said wearily, "You see the position, Major Carmichael."

He thought he did. Just another manager. That was what she wanted—a man of her own class, to keep men out. He could have boxed her ears for bringing him down to the City on a fool's errand.

She said, "'They' all know I'm to be found here early on Friday morning. There'll be another ring in five minutes."

Carmichael, with the grim smile that covers ebbing temper, remarked, "If you answer the others as you answered that first one you'll manage to pay for your own lunch, after all, I expect."

At the bluntness and offhandedness of this she actually flushed a little. Yet her face lighted with a certain approval, almost as if she told herself, "I was just hoping for somebody as blunt and as forbidding as this!" but aloud she merely replied, "I'm tired of answering like that. I am tired of having to answer at all. I am afraid—yes, I know I'm an idiot, and a woman, and weak about having to say 'No.' And one day I am afraid I shall be badgered and bored into saying 'Yes' to one of them. And then my flair will go, and everything will be spoilt. So—" She looked at Carmichael and nearly snapped, "You see the only way out of it for me?"

"What's that?"

"It's obvious. I must be married already. Don't you see?"

He saw it. He got up. He bowed.

"In that case I will say good morning."

She watched him turn away. That instinctive girlish flush was still on her face, but the other was there, too—her resolve to keep her temper with this man who obviously thought her troubles were not worth considering.

"Wait one minute," she said, sitting up straight in her swivel chair and assuming the air of a woman of the world—young, but still mistress of herself and of the office; again almost making him into an applicant for a job. "Listen, please. I don't want a husband, you see, an ordinary one. What I do want is somebody who won't bother me at all, who won't be any danger to the flair, and who will be a barbed wire fence against all that—" she glanced at the telephone. "You," she added, quickly, "of course, don't want a wife. I hope you don't mind, but I found that out first of all—and—and they told me you weren't that kind. You certainly wouldn't want me. If you did you'd be just like the rest. But you aren't. That's the point. Do you understand? Or do you—well, do you want me to put it into words?"

He was exceedingly angry. Those light blue-black, pin-pointed eyes of his glinted. Lord, this was cool. Then it struck him—the man who had just been offered marriage by a woman who didn't want a husband—as so humorous that he might as well have the rest of it while he was about it.

"Into words?" he took her up, restraining his tight smile. "Well, perhaps I have not quite understood you. Do you mind if we have it clear?"

O, how Clover Elphinstone hated him for that! Already, at once by his look, by his tone, she knew that her offer was going to be refused. That ought to have been enough. But this man would not forego the cheap score of having her make that offer in so many words in plainest English, in black and white. Brute! All the pride in her rushed to her aid.

"Certainly, since you wish it," she replied, composedly, distinctly. "I am making you this firm offer: I want you, Major Carmichael, to marry me."

Instantly, looking at her, he regretted that he had taken his advantage and pushed her to this extreme. He would rather have thought of her as just a bad mad feminine mixture of indecision, shrewdness, absurdity, and effrontery. But she showed courage, too. She stood up to him.

"And as soon as convenient, please," she added.

Carmichael bit his lip, feeling small. What luckless star had led him to the Holts last night? And just because he was angry with himself and angry with her, and because a man must take it out of something, he cursed Jim Holt. . . . Always a clumsy beggar! . . . Always brought the wrong people together; no good at anything but engineering and swimming contests, . . . confound Holt.

21 WOMEN SUBMIT TO TESTS UNDER BUNDESEN PLAN

Farwell Digs Up Old Law to Halt System.

Twenty-one women presented themselves at the city health department yesterday with the request that they be examined to ascertain whether they are suffering from either gonorrhea or syphilis. The examinations were made.

Health authorities declared that the appearance of the women proves conclusively that Health Commissioner Bundesen's proposals for elimination of venereal diseases have been accepted by women of the underworld. It was declared the women would not have come unless they were told to report for inspection by those in control of houses in which they live.

Although in examining the women it was ascertained they were almost all from disorderly houses, Health Commissioner Bundesen took the view that his department is not examining inmates of houses of ill fame as such, but is "doing its duty by examining citizens of Chicago who believe they may be infected with a communicable disease."

Mulcted of $300, She Says.

Incidentally one woman told Dr. Ernest G. Wyneken, chief of the venereal disease bureau, that she was recently released from the Lawndale hospital after a woman friend had paid $300 for her release. Health department records show she is not diseased and Dr. Bundesen ordered an investigation on the theory that she and her friend were mulcted of the $300 by persons representing themselves as health department employés.

Another woman, inmate of a recently raided Burnham vice resort, said that she is the mother of a 11 year old girl; that during the war she was able to keep her daughter in a boarding school on a weekly wage of $42; that after the war her pay dropped to $14 a week, and that she then entered a disorderly resort where her income has been about $125 a week.

Farwell Digs Up Law.

A legal stumbling block which may put an end to the examinations developed yesterday, when Arthur Burrage Farwell, president of the Chicago Law and Order league, dug up a state law passed in 1874 declaring it unlawful for municipalities to license houses of ill fame and containing the following clause, which seems to bear directly on Dr. Bundesen's activities:

"It shall be unlawful for any board of health . . . to interfere in the management of any house of ill fame or house of prostitution or to provide in any manner for the medical inspection or the examinations of any inmates of the same."

On the other hand, it was argued this old law was nullified when houses of ill fame were prohibited by law and, therefore, acting under the police powers, it is the commissioner's duty to examine "all persons" who may become a menace to the public health.

Deluged with Letters.

Letters from business men, physicians, lawyers, ministers, and men and women of other callings continue to pour in on Dr. Bundesen. Most of them, he asserted, were congratulatory.

An uneasiness concerning Dr. Bundesen's radical methods is manifesting itself among members of Mayor Thompson's official family. "What is he trying to do?" is a question heard frequently throughout the city hall.

SEEK MAN BEHIND GIRL'S END HERE; 2 DOCTORS HELD

Miss Beulah Pickrell, whose death from an abortion resulted in the questioning of two Chicago physicians, was buried yesterday from her home in Louisville, Ky. Miss Pickrell, with a girl chum, came to Chicago about Aug. 1. She consulted Drs. Vincent Fillette and Michael Galgano about her condition and an illegal operation which resulted in her death was performed. While the two physicians are being held in Chicago, the Louisville authorities are attempting to locate the man responsible for the young woman's plight.

Water Taxes Collected Hit Record of $8,575,000

Water taxes collected by the city this year will amount to $8,575,000, William J. McCourt, superintendent of the water bureau, announced yesterday. The sum is the largest ever realized from water revenue by the city and is about 5 per cent more than last year's water revenue.

TWINS ROB CASHIER.

Two well dressed young men—twins—held up Miss Catherine Balun, cashier, and other employés of the general offices of the Great Atlantic and Pacific Tea company, 445 West Pershing road, yesterday. They got $1,600 in cash.

WORLD'S FASTEST 'KEY' MAN KILLS SELF OVER GIRL

Ends Life at Door of Her Friend.

(Pictures on back page.)

Because a girl spurned his love and refused to see him, Terence Ross O'Rourke, known also as Kepler, world's champion telegrapher, shot himself through the head in the vestibule of the Manor apartments, 1520 Berteau avenue, early yesterday. Upstairs, in the apartment of a friend, the girl, Miss Olga Stobbe, pretty 18 year old telephone operator of Canton, O., was unaware of the tragedy until morning.

The unconscious form of O'Rourke, who was 20 years old, was found at 7 o'clock by E. A. Meide, an occupant of the building. Police rushed the injured man to the Ravenswood hospital, where he died without regaining consciousness.

Leaves Farewell Letter.

A "farewell letter," found by police on O'Rourke's person, read:

"My Darling Olga: Life is empty without you, and if I cannot have you I do not want life. I have called again and again, and if you will not say you love me I will kill myself. Devotedly, Ross."

Another letter found in O'Rourke's pockets, addressed "To whom it may concern," and dated Tuesday, stated that he and Olga were secretly married a year ago. This Miss Stobbe strenuously denied to Town Hall police.

Says He Hounded Her.

"I met him in Canton two years ago and he's hounded me ever since," she said. "He was then a telegrapher for the Pennsylvania railroad and he made passionate love to me. But never once did I encourage him.

"He must have gone mad—completely mad. Last Friday I came here to visit Mrs. Elizabeth Krumholz. Somehow O'Rourke found out my telephone number and called me from Waukegan Tuesday. He said he had got a good job and begged me again and again to marry him. I hung up the receiver."

Neighbors said they had noticed O'Rourke pacing the sidewalk in front of the apartment building near midnight. He then, apparently, entered the vestibule and rang all the doorbells before firing the fatal shot.

Won Contest at Pier.

O'Rourke, whose exploits as an expert telegrapher were many, only Tuesday won the world's championship in a contest at the Municipal pier, sending 300 words in two minutes fifty-three seconds. Dispatches from Canton stated he had been somewhat of an "infant prodigy" as a small boy, but had always been considered a bit queer.

Note from "Olga."

Despite the girl's emphatic denial of regard for O'Rourke, in the youth's pocket was found an endearing epistle signed "Lovingly yours, Olga."

In a long, rambling, half-coherent letter to Miss Stobbe which O'Rourke had thrust into Mrs. Krumholz's mail box before shooting himself, the young man spoke of his determination to die because of unrequited love. He also made cryptic references to the "real identity" of Miss Stobbe, mentioning correspondence with the department of state in 1921.

DANISCH TURNS IN CHECK FOR $14,123, JUDGMENT IN SUIT

FRANK P. DANISCH [C. Remiszewski Photo.]

Frank P. Danisch, former clerk of the Municipal court, yesterday satisfied a judgment of $14,123 rendered against him and in favor of the city, by turning over a check for that amount to Assistant Corporation Counsel Robert C. O'Connell. The money is interest on city funds which accrued during Mr. Danisch's term of office. The court battle over the money lasted for more than two years, ending with a decision of the Appellate court holding that interest on Municipal court funds must be turned over to the city.

Paint Bombs Hurled in Loop; Labor Blamed

(Picture on back page.)

Enemies of the Landis wage award are held by police to be responsible for the hurling yesterday of four red paint bombs against the new Selwyn-Harris theaters, now under construction at Lake and Dearborn streets. The paint did no damage and can be easily removed, according to Max Leichsenring, the contractor. The attack is considered similar to like bombing of a number of buildings under construction because of antagonism to the wage awards.

Autoist Runs Amuck; 3 Hurt Alighting from Car

Three persons were injured last night when an automobile driven by Charles Harp, 11833 Normal avenue, a salesman for Armour & Co., ran into a crowd of people alighting from a street car at West 71st and South Halsted streets. Harp was held. Those injured were Miss Clara Betts, 7059 South Halsted street; H. G. Lippert, 7124 Emerald avenue, and A. H. Davidson, 7142 Emerald avenue.

REPUTATION OF WALSH GETS O.K. OF WITNESSES

Union Agent Denies Extortion Charges.

Following the testimony of Thomas Walsh, who, with Patrick J. Kane, Roy Shields, and Frank Hayes, is on trial before Judge Oscar M. Torrison charged with extorting money from builders, several character witnesses testified yesterday that the reputation of the sheet metal workers' union's business agent is good.

Walsh testified he never called a strike of the sheet metal workers for the purpose of extortion, that he never accepted a cent of illegal money, and had never fixed a strike for a fee.

Explains Portage Strike.

W. G. Browski, a contractor, testified last week that Walsh called a strike on the Portage theater building and that his assistant, Frank Hayes, accepted $1,500 for "adjusting" the matter. He charged Walsh had warned "not to do another double cross again or it would cost more."

"I called a strike on the theater building because the union laws were violated," Walsh said. "I never fixed it for money—I never took any money."

Gibbons Character Witness.

Among the character witnesses who appeared for Walsh was John P. Gibbons, clerk of the Criminal court. He said that he had known the defendant for many years.

"What is his reputation as to honesty and integrity?" asked Attorney Benedict Short, Walsh's attorney.

"It is good," answered Mr. Gibbons.

Other character witnesses were William J. Scown, 6346 Sheridan road, a building contractor; George B. Arnold, state director of labor, and Harry C. Knisely, a contractor. They all testified Walsh's reputation was good. The case will go to the jury late Friday, according to the present plans.

PARK BOARD ACTS TO KEEP BUSSES OFF BOULEVARD

As a result of action taken yesterday by the South Park commissioners the Chicago Motor Bus company has two months in which to show cause why its franchise for operating motor busses on South Michigan boulevard should not be revoked.

Other business transacted by the commissioners consisted of opening of bids for razing the Liberty building, noted during the world's fair as the German building, and the famous La Rabida convent, also of world's fair history. Action on the bids was deferred until the next meeting.

A request submitted recently by the business men of the vicinity of East 55th street and Cottage Grove avenue for a drive through Washington park at 55th street, also was put over.

The Tribune will pay $5 for questions which are accepted for the Inquiring Reporter to ask. Send in your name and address with your questions to "The Inquiring Reporter, Chicago Tribune." No questions will be returned. For today's question H. Roberts, 324 Sherman street, Chicago, was awarded $5.

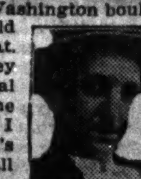
The Question.

Would you like to see a woman elected President of the United States?

Where Asked.

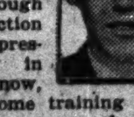
At the Pageant of Progress.

The Answers.



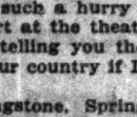
Edwin Olsen, 1625 Washington boulevard, printer—I would not approve of that. I don't believe they have the physical strength to stand the strain of that office. I think that's a man's job. A woman is all right on lots of jobs, but for a job like that it is a little too heavy for her, mentally and physically.

Miss Ethel Hopper, 7218 Lowe avenue, switchboard operator—I am not much of a suffragist myself, but I believe in time to come the women will get politics down as pat as the men and be thoroughly competent to fill any position. I believe women have the mental capacity to do things just as intelligently as the men.



Henry Luning, Beverly Hills, Ill., salesman—No. I don't believe the country is ready for that. Women have entered politics, but not deeply enough to warrant the election of a woman to the presidency. Possibly in twenty years from now, having received some training along those lines, some women may be capable of handling that executive position.

Miss Gertrude Darling, 1827 Washington boulevard, actress—I don't think there is anything in the world like a man for President, but if a woman's going to get it I'll take the job. If I wasn't in such a hurry to report at the theater I'd talk for an hour telling you the nice things I'd do for our country if I were Presidentress.



James B. Livingstone, Springfield, Ill., registration clerk—Absolutely not. A woman's place is in the home, not in politics. I think the average man appreciates the home woman better than the woman who is running around with a political bee under her hat. I don't mind seeing women vote, but that's as far as they should go in politics.

CHARGES DAVIS ORDERED SCHOOL 'PLUM' TO FRIEND

Krengle Tells Why Work Goes to Favorite.

BY PARKE BROWN.

While State's Attorney Crowe yesterday was calling in more than a score of men and women connected with recent demands for a real investigation of the Davis-Severinghaus school board, the board itself offered something tangible for the consideration of the grand jury.

Frederick W. Krengel, assistant business manager of the school system, told the trustees in public session that the "plums" in the steam fitting line have been going to the Acme Steam Heating & Ventilating company because he was directed by Edwin S. Davis, former president, to send them there.

There have been repeated denials that this concern was benefitting from favoritism. John M. O'Leary, restaurateur, whose place of business is frequented by Mr. Davis, is said to be a principal in the company. But the friendship between the men has been declared a thing apart from business affairs.

Takes Unusual Action.

While the board was in session, State's Attorney Crowe's inquiry was proceedings, but the only progress recorded so far consisted of a decision to reprimand one of the women who demanded that the August grand jury seek to pin down the generalities reported by the July panel in reference to the misconduct of school board business.

So far as could be discovered the only witnesses called were those who initiated or supported the demand for further investigation. One of them was Miss Mary M. Abbe, president of the Chicago Teachers' federation. She addressed a letter to the grand jury and, like others who had made similar appeals, she was called before the jury and told to produce, under oath, any evidence of specific offenses against the law of which she had knowledge.

She was compelled to admit, it was said, that she was not in the confidence of any of the Davis-Severinghaus coterie and could not put her finger on anything that might be called evidence that would be acceptable in a court of law. Thereupon the jury—entirely of its own volition, it was said—directed that a letter reproving her for her attitude be drawn up by the state's attorney's office and submitted for approval today.

A number of clubwomen who joined in the appeal to Chief Justice Scanlan for further investigation are scheduled for similar treatment today.

Women on the List.

These women include Mrs. Samuel Weber, Mrs. Harlan Ward Cooley, and Mrs. H. J. Ilett of the Chicago Woman's club; Mrs. R. F. Schuchardt and Mrs. William P. Hefferan of the Woman's City club, Mrs. Henry W. Cheney of the Illinois League of Women Voters, and Mrs. Caroline Hill of the Hyde Park League of Women Voters. Three others for whom subpoenas were issued but who were not found were: Mrs. Irvin McDowell and Mrs. L. E. Burr of the Woman's City club, and Mrs. Edward Lowenthal of the Illinois League of Women Voters.

Three newspaper reporters who have written concerning the progress of affairs on the north side were called in and admitted they had no "evidence" of their own. School Trustee Hart Hanson, one of the leaders of the revolt against the Davis-Severinghaus regimé; William A. Mason, a public accountant, and Glenn Edwards of the Chicago bureau of public efficiency were other witnesses.

School Trustees Subpoenaed.

Just as the school board went into session a number of subpoenas were served on trustees who served under President Davis, and the subject of the inquiry was discussed among the spectators as things got under way. Dr. John Dill Robertson, the new president, also insisted that the board be given full information every time a money matter came up.

"If there is anything wrong here we're going to flush it out," he said, and made similar remarks at frequent intervals.

That was his attitude toward a report of the business manager's office concerning expenditures of less than $500 each, which were permitted without board approval in advance under an authorization passed last year. President Robertson urged that the entire list of items, aggregating more than $30,000, be read. That was not done, but Trustee Hanson asked Assistant Business Manager Krengel about several bills of the Acme Steamfitting and Ventilating company. He asked why all this sort of work went to the one concern.

Ordered by Davis.

"The former president told me to give them the steamfitting," was the answer.

"What's that? I want to get this into the record," Trustee J. Lewis Coath said, and Mr. Krengel repeated his statement.

And when the head of "new business" was reached Trustee Coath moved to limit the discretionary expenditures of the business manager to $200. President Robertson said he thought the idea was a good one, but recommended that the limit be made $100. Trustee Coath amended his motion and the $100 limitation was passed unanimously.

Boy, 8, Sees Brother, Aged 5, Drown in River

While his brother stood by powerless to aid, Frank Czarnicki, 5, of 934 West Austin avenue, was drowned last evening when he slipped and fell into the Chicago river at the rear of 1152 Blackhawk street. Stanley, 8 years old, his brother, saw the child plunge into the water, but was unable to swim.

BY CAROLINE KRUM.

It seems to me that Universal might have given Hoot Gibson something a little better than "The Loaded Door!" He hasn't the face of a matinee idol, but he can ride and shoot and act pretty well, and this picture is only mediocre.

He plays the part of Bert Lyons, who, as the picture starts, is bidding farewell to the owner and boys of the Seven-Bar ranch. Also to his Molly-O. He has decided to go east to make his fortune.

A year elapses before anything is heard of him again. Then he comes back, not, alas, in the gilded coach and four of his dreams, but bumping along in a side-door Pullman [I borrowed the expression from one who knows], and accompanied by two unshaven wanderers of the road. By the way, it is the presence of these two that keeps the picture from taking itself too seriously. They bob up whenever anything important like a murder or an explosion is about to occur, to remind those present that it isn't real and not to worry.

The young hero may have been a failure in the great and effete east, but he finds plenty to keep him busy when he reaches home. In the year he has been away, a gang of smugglers and outlaws have stepped in and made a lot of trouble. It is up to him to get rid of them, put the Sevan-Bar ranch back on its feet, and wed the girl he left behind. All of which he does.

The director might have done a thing or two to help out the picture, but even he couldn't have raised it from the level of mediocrity. Someone has said that it takes the bad things to make up appreciate the good, so we'll be looking for an improvement next time.

CLOSEUPS

George Hackathorne, who played the part of Gavin in "The Little Minister," passed through Chicago yesterday on his way to the coast. He didn't say what his next picture was to be.

We have just received word that official announcement has been made of the amicable settlement of the dispute between Thomas H. Ince and First National, which for a time threatened to become a court battle. Eight Ince features, plus the output for the ensuing year, will be released through the exhibitors' circuit, it is said.

Buster Keaton's next comedy is to be "The Love Nest." It is said that there will be no women in the cast.

"Thirty Days" is the tilte of Wallace Reid's new picture. James Cruze is directing it.

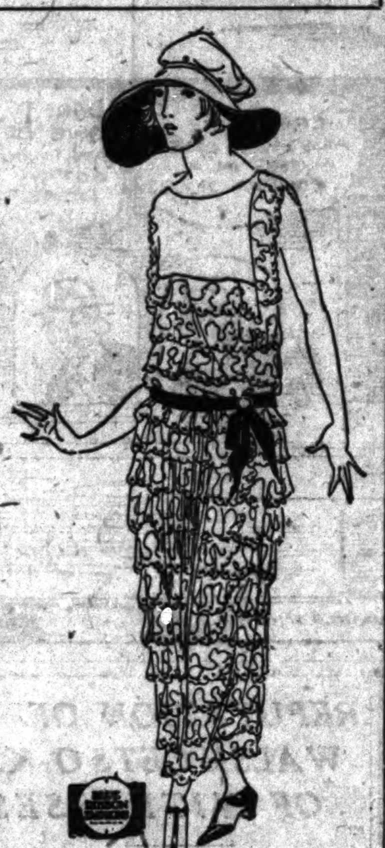
Ruffles of Ecru Lace Posed Over Maize Chiffon

by Corinne Lowe



New York.—[Special Correspondence.]—No garment, wrap, or accessory is lace proof this present summer, and among all the laces it is doubtful if any has been more successful than the one of ecru tint. For, of course, ecru rhymes with the mood for brown which at present sways the world of fashion, and it is, too, particularly stunning in combination with black.

In fact, one of the most exquisite lace models of the season introduces bands of black Chantilly on a model of allover ecru lace.

Today we find this model of ecru lace sounding the note of black in a narrow black satin girdle fastened with a beautiful cameo ornament. The undersection of the gown is of maize color chiffon.

A frock like this may be worn to the afternoon affair and it will also serve admirably for the dinner at country club or roof garden. The hat worn with it is of maize color chiffon faced with black satin, and the stockings of maize with the black suede slippers show how thorough we are about this business of matching up hats and accessories with the gown.

Sunday fashion page will be found in the New Color Section.

BY JANE EDDINGTON.

Cleaning Celery.

One of the writers on the growing of celery says: "It is considered the best nerve tonic in existence, and many people are so fond of it they carry the dried root in the pocket, chewing it as children chew gum." And yet the majority of people reject that root in preparing celery for the table, although the epicure seeks it as avidly as the great Dumas and others of epicurean days sought the "pope's nose" of the dindon (turkey).

Though celery is a gross feeder and its food is manure, as is that of other vegetation, and the lily grows out of the muck—out of the muck and scum of things, you know—its substance is undoubtedly as safe as a church. It is the thing that clings to its surface that may be far more lively than common soil. The root of a celery plant is in direct contact with pollution, but with care it is easy to clean this so that it becomes safe for the peorson who likes raw celery, probably more so than the most thoroughly washed stems can be. It should be washed as clean as possible, the hands then washed, and then it may be pared to a nicety.

When it is desirable to have the root, with several of the inner stems attached to it, as a tidbit, the whole may lie in cold salt water for fifteen minutes as a sanitary precaution of a sort.

In cutting up celery for any service every cut end will be subject to contamination if the stems are not thoroughly washed and brushed first, and this contamination does not improve the flavor of the dish.

A FRIEND IN NEED

BY SALLY JOY BROWN.

Deserves Our Help.

"I am writing with regard to a poor widow with a baby who is sadly in need of clothes. She works in a factory and when she pays for her board and baby's there is not enough to buy clothes. Her case has come to my notice and I thought I would write to the corner and see if there is some one who would give some clothes—anything would be appreciated.

"MRS. E. M."

Yes, indeed, Mrs. E. M., this poor woman deserves our consideration, and I am certain some kind reader will help.

Difficult to Find Work.

"Will you please ask in your corner for men's shoes, size 7½ or 8? I am paralyzed in my right arm and it is hard to get work. "JOSEPH S."

I publish this with confidence that it will receive a reply soon.

Japan Forbids Film with U. S. Copyright

[Chicago Tribune Foreign News Service.]

TOKIO, Aug. 16.—The rights of foreign producers of moving pictures for protection against film pirates was established by a decision today in the Tokio District court in favor of the United Artists corporation and against the exhibition by the Japanese of a duplicate copy of "Way Down East." The decision enlarges the scope of the Japanese - American copyright agreement of 1905 to include movies.

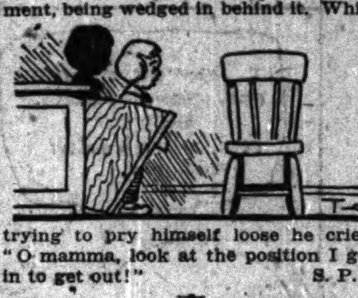
Johnny was in the pantry playing when he pulled out the flour compartment, being wedged in behind it. While trying to pry himself loose he cried, "O mamma, look at the position I got in to get out!" S. P.



Dan was going to the store. When cautioned to look out for autos, he said, "Wait a minute till I get my safety first button—then it's 'gainst the law for them to hit me." A. C.

Jean had always wanted a dog, so one day her wish was granted. As she was playing in the yard a strange dog came up and looked on.

Jean went running into the house, saying, "Come quick and listen to our dog making thunder at another dog." J. O. S.

DAILY HOROSCOPE

Doris Blake Says:

TODAY IS UNDER MOST FAVORABLE PLANETARY AUSPICES.

Attack new ventures, to break away from long thwarting obstacles and to get things started which you have been planning in the back of your head for some time. Born today, you have the augury of a year of smooth, easy running with numerous pleasant surprises and perhaps money increase. A child born on this day should prove affectionate and kind, and if rightly guided as to moral principles will make a big success of life. All born on this day are suposed to have strong psychic power. You are energetic, aspiring, and hate mediocrity. You are demonstratively affectionate, home loving, social, and devoted to your family. Although liable to the usual number of disappointments in life, things generally trun out fairly well for you. You have good executive ability and can handle large propositions in a highly capable way.

Best to Wait.

"Dear Miss Blake: I am a girl, 18 years of age, and go out with a fellow three years my senior. We both love ourselves dearly. Now, Miss Blake, this young man wants me to wait for him a couple of years until he works himself up. Meanwhile, we should go out as friends. He always tells me how much he loves me. He told me his parents are against him for going out with a girl, therefore he can't take me to his home. Could you please advise me what to do? I told him I would let him know in a few days.

"WORRIED."

Quite a good idea, Worried, to wait until the young man is fairly well launched in a business way. You may prove an inspiration in the meantime, urging him on to greater effort. A couple of years is not half the interminable wait your eighteen years may fancy it.

Change in Program for Event to Be Held by the Service Club

A little bird, which must have come from Oconomowoc, where Percival de Coster is busily engaged in writing and planning the entertainment to be given this year by the Service club, whispers that this year the club will depart from its custom of giving a light opera and instead will give an entertainment on the order of the Chauve-Souris in the ballroom of the Drake. The affair is to be held Friday night, Nov. 17, and perhaps will be repeated the following night. Mr. de Coster, who has written and directed the club's productions for the last few years, is spending the summer at Mrs. Patrick A. Valentine's Oconomowoc residence, Danforth lodge.

Mrs. William H. Mitchell II. is president of the club, the other officers of which are: Vice presidents, Mrs. T. Philip Swift and Mrs. John J. Mitchell Jr.; recording secretary, Mrs. Farley Hopkins; corresponding secretary, Miss Catherine Rehm; treasurer, Mrs. Paul Walker; directors, Mrs. Philip K. Wrigley, Mrs. James A. Cathcart, Mrs. William E. Casselberry Jr., Mrs. Norman A. Nichols, Miss Gertrude McCarthy and Miss Julia Belle Fauret.

Miss Elizabeth Risser of Rome, Italy, who has been the guest of Mr. and Mrs. John B. Drake at the Drake is leaving today for a visit with Mrs. Walter L. Peck of the Blackstone at her country place at Oconomowoc, Wis. Miss Risser will return to the Drake on Sept. 5, and will sail for Rome on Sept. 26, accompanied by several Chicago girls who will attend her school this winter. Among them will be Miss Ellen Dryden, daughter of Mr. and Mrs. George B. Dryden of Evanston, who was graduated from Rosemary Hall last June.

Mrs. Charles H. Morse Jr. of 60 Scott street and her children, the Misses Elizabeth and Martha Morse and Charles H. Morse III., are in Munich to attend the Passion Play at Oberammergau. Mrs. Morse, Martha and Charles will sail for home on the S. S. President Harding Aug. 29, but Miss Morse will remain abroad until Nov. 1. She will make her debut here Thanksgiving week.

Miss Frances Coonley, daughter of Mr. and Mrs. John C. Coonley of 1245 Astor street, will return to Vassar for her senior year in mid September. Miss Coonley made her debut two years ago.

Mr. and Mrs. James M. Hopkins of 999 Lake Shore drive are spending August at the Mount Washington at Bretton Woods, N. H.

Mrs. Joseph B. Long, who recently underwent an operation at the Henrotin hospital, has returned to her apartment at 1330 North State street.

Miss Grace Dixon is at the Wesley Memorial hospital convalescing from an operation which she underwent last Thursday. She expects to return to her country place at Oconomowoc in about a fortnight. Her sister, Mrs. Paul Walker, is leaving today to visit Mr. and Mrs. James Norris at Easthampton, L. I.

WASHINGTON SOCIETY

Washington, D. C., Aug. 16.—[Special.]—The President and Mrs. Harding have given up their long promised visit to Mooseheart, Ill., where they were to visit the secretary of labor and Mrs. James J. Davis and, at least for the present, have no prospect of leaving Washington for a vacation. Elaborate arrangements had been made with the view of entertaining Mr. and Mrs. Harding, and the disappointment in the west will be great.

The President and Mrs. Harding entertained Gov. Sproul of Pennsylvania at luncheon.

The charge d'affaires of Poland and Mme. Kwapiszewska entertained eighteen guests at dinner at the Shoreham tonight and afterwards took their guests to the Polish legation for dancing and bridge, additional guests joining the company.

Mrs. Alfred Pembroke Thom and her guest, Miss Sarah Spencer, of Chicago, have gone to New York, whence Miss Spencer will motor to Bar Harbor.

NEW YORK SOCIETY

New York, Aug. 16.—[Special.]—Mr. and Mrs. Henry White have left Elm Court, their summer home in Lenox, Mass., to spend some time with Mrs. Cornelius Vanderbilt at the Breakers, her villa in Newport.

Harold S. Vanderbilt is spending some time at Prides Crossing, Mass.

Mr. and Mrs. Laurance H. Armour, who have been at the Ritz Carlton hotel for the last few days, have gone to Atlantic City.

Sir Mortimer Davis, who has been at the Ritz Carlton hotel, has gone to Montreal.

Last Cub Park Concert Held.

The last of the series of open air concerts staged by Ramah lodge of B'nai B'rith was held in Cubs' park last night. The attendance exceeded that of previous concerts and Charles Marshall and Cyrena Van Gordon, soloists, were heartily applauded. Leonard J. Grossman announced last night that the concerts would be continued next year.

Roselle in First Flight in the Big Roles at Ravinia

BY EDWARD MOORE.

News about last night's Ravinia performance is that Anne Roselle sang the "big" and dramatic rôles of Nedda and Aïda for the first time, and emerged from the ordeal with the expected success. It was expected because in all her lesser parts this summer she gave out an impression that she not only was committed to utter fidelity to pitch, but also that she was stagewise; likewise because in one of the Monday concerts she used both Nedda's "Ballatella" and Aïda's "O, patria mia," and evoked the high enthusiasm of a packed pavilion.

Miss Roselle's Nedda makes no compromise with the prima donna notion that the itinerant vamp is possessed of certain cultural and ladylike attributes which waft her soul to higher regions than the life of a mountebank's wife. Nedda is just a bad actress, socially and professionally, as Miss Roselle sees her, which was the attitude of Miss Dux, as previously noted, and was the attitude of the man who wrote the play, Catulle Mendes. So she played and sang the part last night, and got her ideas across the footlights to the last row of the auditorium.

Mr. Kingston was tenor in both parts of the program, thus resuming rôles in which he is popular out north. Mr. Danise was again the Tonio in "Pagliacci"; Mr. Ballester for the first time sang Amonasro, and did so with his customary certitude and ease.

Arden Shore Children Present Play Pageant

"The Revival of the Play Spirit in America" was the name of a pageant given yesterday afternoon by the children of Arden Shore, the large fresh air camp at Lake Bluff, where hundreds of mothers and children have vacation each summer. Miss Frederika Guernsey and Miss Janet O'Brien directed the pageant. Tea was served after the program by Mrs. William E. Casselberry, Mrs. Charles T. Atkinson, and Mrs. William E. Clow, all of Lake Forest.

Mrs. Carl R. Latham is president of the board, Mrs. Robert B. Gregory and Mrs. Grant Ridgway, vice presidents, Miss Gladys Spry, recording secretary; Mrs. George W. Shaw, corresponding secretary; Mrs. E. P. Parmelee, treasurer; Mrs. Colville C. Jackson, Mrs. John C. Slade, Mrs. Joseph J. Siddall, Mrs. Mark W. Cresap, Mrs. Lowell Copeland, Mrs. John H. Bullen, Mrs. Harry A. Sellery, Mrs. Henry L. Glidden, Mrs. Casselberry, and Mrs. Otto A. Kreutzberg, chairmen of town committees; Mrs. Clow, Mrs. George B. Dryden, Mrs. William G. Hibbard, Mrs. Bruce MacLeish, Mrs. George A. Mason, Mrs. Philip S. Post, Mrs. John W. Scott, and Mrs. Charles H. Thorne, directors.

WEDDINGS

Miss Marjorie Taft, daughter of Mr. and Mrs. Alfred Taft of Brooklyn, was married to Maj. Francis Doniat, U. S. A., son of the late Mr. and Mrs. Franz Doniat of Chicago, on Aug. 3 at the summer residence of her parents at Schroon Lake in the Adirondacks. Henry Doniat of Chicago served as best man for his brother. Maj. and Mrs. Doniat will be at home after Oct. 1 at Fort Leavenworth, Kas.

The Rev. and Mrs. Robert Bootman Kimber announce the marriage of their daughter, Dorothy Gummere, to Albert Alston Goessling of New York on Tuesday. The marriage was solemnized by the bride's father in St. Andrew's chapel of St. James' church. Mr. and Mrs. Goessling will make their home in Omaha.

Miss Florence Elizabeth Van Steenderen, daughter of Prof. and Mrs. Frederic C. L. Van Steenderen of Lake Forest, will be married to William Winthrop James, son of Mrs. Kathryn James of Highland Park, on Wednesday, Aug. 23, at the residence of her parents. Mr. and Mrs. James will be at home after Sept. 5 in Highland Park.

EMBARRASSING MOMENTS

Might Have Done Once.

My young daughter and I were starting for the country. I purchased the tickets and we hurried on the train finding a crowded coach. Not being able to secure two seats together, I gave Ruth her ticket and found a seat for myself in the forward end of the car.

Soon the conductor came along collecting fares. I handed him my ticket and settled back comfortably in my seat. He looked first at the little piece of cardboard and then at me. I am fair, fat, and forty.

He seemed rather amused as he returned the ticket with these words, "This might have gone at one time, but I am afraid it won't do now."

I didn't stop to argue, for as I glanced at the ticket I saw I had retained the half fare and given the full fare to my young daughter.

Hold Funeral Today for Frank Kimball

FRANK KIMBALL.

Frank Kimball, 69, well known board of trade man and a leader in Congregational church circles who died Tuesday at his residence 424 Iowa street Oak Park, will be buried today at Forest Home cemetery following funeral services at his home at 3 o'clock. The Rev. Ernest Bourner Allen, pastor of Pilgrim Congregational church, of which Mr. Kimball was a member, will officiate, assisted by the Rev. W. A. Bartlett, Boston, formerly of Chicago; the Rev. J. C. Armstrong and the Rev. J. R. Nichols.

Mr. Kimball leaves a wife, Mrs. Anna M. Kimball, and three daughters, Elizabeth, Lois, and Alice. He was born in Charlestown, Mass., May 14, 1853, and has lived in Chicago and Oak Park for the last thirty years. He was for the last fifteen years president of the Chicago Congregational Missionary and Church Extension society. He was a member of the Union League club. He was associated in business with Bartlett Frazier company, although not a member of the firm.

G. E. Simpson, Official of C., M. & St. P., Dies

George E. Simpson, general supervisor of transportation for the Chicago, Milwaukee and St. Paul railroad, and widely known as a member of the American Railway Association committee died from heart trouble yesterday morning at the Henrotin hospital. Mr. Simpson was 75 years old and had been with the C., M. & St. P. railroad since 1882. A son, James F. Simpson, and a daughter, Mrs. C. G. Austin Jr., survive. Funeral services will be held tomorrow at 12 o'clock at the chapel, 5176 N. Clark street with burial at Aurora, Ill. The funeral party leaves Chicago at 1:30 o'clock on the C., B. & Q. road.

Plenty for lunch

A fresh, juicy California Bartlett Pear, some bread and butter, a glass of milk—and you've given the kiddies a well-rounded lunch.

Feeding children is always a problem—and especially in summer. But neither you, nor they, can go wrong on these fresh, luscious pears. Because they are just-ripe, mellow and even-textured, they are more easily digested than many raw fruits. What's more, nutrition tests show that California Bartlett Pears have more *actual food value* than almost any other fresh fruit. Also, they are rich in vitamines—that essential, health-giving element you hear so much about nowadays.

So keep the fruit bowl handy. Let the youngsters eat to their fill. They'll suffer less from the heat; and they'll be less apt to break out with heat rash and other summery symptoms—thanks to the natural, cooling fruit juice of California Bartlett Pears.

DEMOCRATS TRY TO AMEND TARIFF BILL, BUT FAIL

Washington, D. C., Aug. 16.—Attacks upon the tariff bill in the senate today, when individual senators had their first opportunity to offer amendments, proved successful in several instances, but failed in others.

Amendments offered by Democrats reducing duties on aluminum, production of which it was charged is a monopoly in which Secretary of the Treasury Mellon has a large financial interest, met defeat. The Democrats also failed in an attack upon the duty on calcium carbide, which they also charged is controlled by a trust.

An amendment by Senator Harreld [Okla.] imposing duties on crude petroleum and fuel oil, which are on the free list in the pending bill, was overwhelmingly defeated. The vote was 9 to 45.

For Foreign Trade Zones.

Amendments which were adopted included an authorization for the establishment of foreign trade zones at American ports where foreign goods may be brought in without payment of duty to be stored, exhibited, mixed with domestic products, and reëxported.

Other amendments approved transferred to the free list, logs, telegraph poles and a few other timber items which were made dutiable in the bill.

Duties on high speed steel were reduced. The senate voted to permit the importation of scientific instruments to be used for educational purposes free of duty.

Timber on Free List.

The senate by a vote of 28 to 26 placed logs of fir, spruce, cedar, or western hemlock on the free list. Senator Kellogg, who proposed that logs go on the free list, also succeeded in having the senate transfer two other paragraphs in the wood schedule to the free list. One of the them related to paving posts, railroad ties, and telephone, trolley, electric light, and telegraph poles of cedar and other woods while the other applied to pickets, palings, hoops and staves of wood of all kinds.

By a vote of 30 to 26, the senate adopted an amendment by Senator Sterling [S. D.] providing that scientific and laboratory instruments and apparatus shall be free of duty when imported and used exclusively for educational purposes.

Wife of Cubs' Peanut Man Insane on Eve of Divorce

On the eve of the hearing of her suit for divorce against Emil Freund, blind peanut vender at both the Sox and Cub ball parks, Mrs. Jennie Freund, 3613 Cottage Grove avenue, yesterday was declared insane by County Judge Frank Righeimer. A similar order, entered several months ago, was set aside by Judge Righeimer recently. Immediately upon her return to her home Mrs. Freund instituted suit for divorce, alleging extreme acts of violence toward her. The second insanity order was obtained by Attorney David Froelich, counsel for Freund and the two children of the couple.

MAYER FUNERAL NEXT WEDNESDAY; WIDOW ON WAY

Funeral services for Levy Mayer, noted Chicago lawyer, who died suddenly early last Monday morning, will be held next Wednesday upon arrival of Mrs. Mayer and her daughter, Mrs. Walter Hirsch, from Paris, it was announced yesterday. Mrs. Mayer and her daughter sailed during the day in the liner Majestic. They will come direct to Chicago upon landing in New York.

Messages of sympathy and condolence continue to pour into the offices of Mayer, Meyer, Austrian & Platt, of which Mr. Mayer was the senior member. They came from nationally known men in all parts of the country whom the deceased lawyer counted among his friends.

Mr. Mayer was reputed the wealthiest practicing lawyer in the United States. His will, which he made seventeen years ago and about which nothing is known, is expected to be probated in about three weeks.

RALLY IN GRAIN, WHEAT CLOSING WITH NET GAINS

BY CHARLES MICHAELS.

The expected rally occurred in the grain markets. News was mainly of a bearish character on wheat, but the market acted oversold, and, with removal of hedges against export sales and short covering prices, averaged higher and closed with net gains of ⅛@⅝c. While there was considerable profit taking on in corn, the undertone was strong, with gains of ⅝@⅞c. Oats were heavy and unchanged to ⅛c lower and rye off ⅜@⅝c.

September dropped to $1.00 per bu shortly after the opening, on selling by scattered longs, but it did not take the market long to rally sharply and at the outside figure prices were up 1⅛c to 1⅝c from the bottom, fluctuating rapidly within that range. There was nothing in the news aside from the strength in stocks in Wall street and in sterling exchange and the resumption in coal mining operations to change sentiment, but the latter was more mixed than of late and liquidation has been severe.

Decrease in World's Supply.

Owing to the delay in the movement in North America incident to the rail strike, available stocks are not increasing as rapidly as they should at this season. The world's available supply decreased 2,640,000 bu for the week and is 98,135,000 bu, or 23,000,000 bu less than last year. Cash premiums were off ½c to 1c here.

Dry and hot weather and damage complaints from a wider territory lifted corn prices ⅜c to 1¼c over the close of the previous day. At 54½c for December resting orders to sell checked the advance and later fears that a severe storm in Montana would work into the corn belt and stop the crop scare led to local selling and a reaction. At no time, however, were prices lower than the close on Tuesday. September sold up to 60c, which brought out increased country offerings for Illinois and Iowa and No. 2 yellow on spot broke 1c to 1½c, as compared with September.

Oats held within a range of ½c and closed easy. Trade was not as large as the previous day and sentiment somewhat more bearish. Receipts are gradually enlarging.

Rye Showed Heavy Undertone.

Rye showed a heavy undertone from the start and sold at a new low for the season. Receipts in the northwest were around 550 cars and support was only fair.

A leading packer was a good buyer of September lard, removing hedges against sales of 1,500,000 lbs for export which absorbed liquidating sales and the close was 2½c to 5c higher. Ribs were off 5c. An increased trade is noted in January lard. Prices follow:

CASH·GRAIN NEWS

Export sales of 700,000 to 800,000 bu wheat and 200,000 to 300,000 bu corn were made at the seaboard. Offers of 1,500,000 bu No. 2 Manitoba wheat were made to Greece for acceptance on Friday. Chicago handlers sold 125,000 bu wheat, 150,000 bu corn, and 150,000 bu rye to exporters.

Domestic shipping sales at Chicago were 30,000 bu wheat, 120,000 bu corn, 200,000 bu oats, and 7,000 bu barley. Charters were made for $250,000 bu grain at 2½c to Buffalo.

Cash wheat at Chicago was off ½@1c as compared with futures. No. 2 hard at the close sold at 2½@3c over and No. 2 red at 1½@2c over the September. Receipts, 249 cars. St. Louis was 1@2c higher; Kansas City and Omaha unchanged to 1c higher.

Spring wheats were weaker with premiums 5@8c lower in Chicago.

Old dark No. 1 northern at Minneapolis sold at 35@44c over September and new at 7@18c over.

Owing to increased country offerings premiums of No. 2 yellow corn in the sample market declined 1@1½c as compared with September and closed at 3c over the future. Mixed and white were easy. Receipts, 113 cars. Outside markets were unchanged to 1½c higher.

Demand for cash oats was fair. Sample values unchanged to ¼c highre. Receipts, 200 cars.

FINANCIAL NOTES

Directors of the Crucible Steel Company of America, at a meeting in New York yesterday, declared the regular quarterly dividend of $1.75 on the preferred stock. They took no action, as has been generally anticipated, on a disbursement on the common stock, and made no announcement about plans for new financing. It had been previously reported in the financial district that it is the desire of the corporation to sell $5,000,000 of new common stock at par.

One of the strong and active groups yesterday was to be found in the stocks of prominent public utility corporations, among which was Public Service Corporation of New Jersey, which touched a new high for the year at 92, Pacific Gas and Electric, Consolidated Gas, and other stocks of the same sort. Although these corporations have announced that they are well supplied with coal the ending of the strike in the fields, as now seems forecast, will remove any apprehensions which may have been felt that the bigger concerns of the group will be obliged to restrict their operations in the near future. There also was a good market in those public utility stocks of the first grade which are traded in across the counter.

Wilson & Co., Chicago packers, have forfeited their option on the Midland Packing company's plant at Sioux City, Ia. The Wilson company first secured an option on the plant, to lease or purchase, in March, 1921. The Midland plant is in the hands of a receiver.

American Telephone and Telegraph company will take care of its Oct. 1 note maturity without any new financing. The issue was originally $50,000,000, but through purchases in the open market it has been cut to around $35,000,000. At present the company has approximately $80,000,000 cash or cash equivalent in its treasury, compared with something over $59,000,000 on Dec. 31, 1921.

The board of directors of the Great Western Sugar company have voted to call a special meeting of its stockholders Sept. 21 to take action on a proposal to reduce the par value of common stock from $100 to $25 a share.

The Standard Oil company of New Jersey yesterday reduced the price of export gasoline ½c per gallon. Navy specification gasoline for export in bulk was quoted at 18c per gallon.

The rather peculiar situation of time money being offered at 4 per cent for the most maturities and at the same time good sized blocks of August money offerings at 3½ per cent developed in Wall street yesterday. This money was to meet a special demand and there was some good business reported in funds to be returned to the lender on August 31. There was some $4,000,000 of call money left in the hands of the brokers at the close of the market despite a rate of 3 per cent which prevailed in all but the first few minutes.

The coal strike and its effects have developed strange ramifications. In some of these cases the ill wind of the disrupted fuel situation is proving a powerful factor on the constructive side. This is the case particularly in the market for sterling bills, which yesterday advanced to $4.47⅝, a net gain of 1c on the day's trading. The reason for this sharp advance, according to bankers and foreign exchange dealers, is the demand for sterling bills in this market to pay for coal which is to be imported to the United States to stave off the fuel shortage.

Another report today bearing out the contention of the railroads that they have been successfully handling business in spite of the shopmen's strike was seen in the figures of the American Railroad association for the second quarter. This showed that during the seventeen weeks' period, extending from April 2 to July 29 the railroads of the country carried nearly 7 per cent more freight traffic than they did during the same period in 1921, but that owing to the coal strike a reduction of 45.82 per cent was reported in the number of cars loaded with coal as contrasted with a year ago.

With the expiration of the date for deposit of the various Interborough Manhattan securities under the plan for the readjustment of the financial difficulties of these companies, Wall street was more than ordinarily interested in the report showing the operations of the Interborough during June. The report, as filed with the transit commission, showed a deficit for June, after charges, amounting to $360,717 as compared with a deficit of $467,824 for June, 1921, and a deficit for the twelve months ending June 30, 1922 amounting to $2,766,797 as against $4,464,826 the preceding year. The record was considered as proof of the success of the management in putting into practice various economy and efficiency measures.

WORLD'S·GRAIN MARKET·NEWS

A shifting of sentiment in wheat and coarse grains was noticeable among local traders. Those who have been bearish for a decline of 10c or more have in many instances covered, while operators who were long at around $1.10 are now said to be bearish and short and see nothing but temporary rallies, while others are waiting a further advance on which to put out their lines. They are afraid to sell at under $1 at present, while the others are disposed to sell whenever the market shows signs of weakness. For the present a nervous fluctuating market is looked for with a preference to sales on sharp advances.

Liquidation by western and foreign holders of wheat has been heavy of late and most of them are said to be out of the market. The Japanese interests who have been long are also said to be out. Sales of around 1,500,000 bu December wheat yesterday at $1.02 by a house with eastern connections was said to be for foreign account. Many local operators would like to buy wheat were they able to see anything new on which to buy other than the decline in prices of late.

Those who are bearish on wheat look for the northwest and Canadian movement to assume heavy proportions soon after Sept. 1 and continue heavy until checked by bad weather and scarcity of cars. Hedging sales will be heavy and the professionals will probably have a heavy load of grain to carry.

"An impression has gone out that because of the Minnesota law the Minneapolis market is a dangerous one in which to trade in futures," said a Minneapolis man. "We have the best of legal opinions to show that there need be no fear in that regard. Those who wish to trade in that market in the way of spreading between Chicago and Minneapolis can do so with safety."

Corn is moving out of Chicago faster than it comes in. Arrivals yesterday were 278,000 bu and shipments 687,000 bu, while 495,000 bu were loaded out of store. Stocks are being reduced and next week is expected to show the smallest supplies here in many months.

An oat specialist says northwestern hedgers fearing a railroad strike have removed their hedges, while local elevator interests have kept theirs out.

In estimating the exportable surplus of wheat of the world at 680,000,000 bu Broomhall allows the United States 224,000,000 bu; Canada, 240,000,000 bu; Argentine 112,000,000 bu; Australia, 56,000,000 bu, and other countries 48,000,000 bu. Theoretically importing countries require more than this amount, he says, but the question is whether the financial ability will parallel the need.

Packing of hogs in the west for the season to date as estimated by the Price Current-Grain Reporter is 14,252,000 against 13,276,000 last year.

It is impossible to make accurate estimates as to the amount of wheat sold for export from the United States for forward shipment, according to A. L. Russell, the New York statistician. This is partly due to considerable grain being sold short and not covered as yet. The trade continues to work under the belief that the volume sold ahead is small, but this view is not shared in all quarters. While there has been little trade in full cargo lots of late there is considerable business in parcels, which in the aggregate make a respectable showing.

Wheat crop of the three Canadian northwestern provinces is estimated by the Canadian Pacific railroad at 315,000,000 to 317,000,000 bu compared with 280,000,000 bu harvested last year. Some of the Winnipeg houses believe that the estimate is overly optimistic, although last year the railroad figures were close to the official final returns.

"There is no question but what our hog products are badly needed in Europe, and if France and England can come to some agreement regarding Germany's affairs, hogs and hog products would remain a very profitable commodity to the producer," said Charles Sincere & Co. "All that is needed is a fair foreign demand to put lard on its feet. We have not lost faith in lard reaching 12@13c per lb this fall."

An unusual amount of spreading was on in wheat, September being sold and December bought and there was also selling of September and buying of May. The September at one time was 1⅝c under December and 7c under May, the latter the widest of late.

NEWS OF THE CROPS

Rain is needed in most sections from the Ohio valley northward and drought continues in the southwest, according to the government weekly report. Corn made satisfactory progress except in the lake region eastward, where temperatures were too low and in the dry sections of the Ohio valley and central northern states. It is too dry for plowing in some interior valley states.

Condition of corn in the leading states, as shown by returns to the Price Current-Grain Reporter, follows: Ohio, 88; Indiana, 90; Illinois, 93; Missouri, 91; Iowa, 93; Minnesota, 88; South Dakota, 91; Nebraska, 93; Kansas 87, and Oklahoma, 66. Percentage of hogs on farms for fattening, as compared with last year: Ohio and Minnesota, 96; Indiana, 99; Illinois, 118; Missouri, 102; Iowa, 102; North Dakota, 110; South Dakota, 98; Nebraska, 107; Kansas, 95, and Oklahoma, 92.

George M. Le Count wired Stein, Alstrin & Co. from Saskatoon, Sask.: "Effect of drought through this territory more apparent, but conditions not as bad as expected. Crop practically all ripe. Harvesting progressing. Lots of wheat in this territory will make 15 bu per acre."

Foreign crop reports are mixed. In Sweden, Czecho-Slovakia, Italy, the Balkan countries, Finland, and the United Kingdom wheat and rye will be below last year's returns. Hot weather damaging corn in Italy. Harvesting making good progress in the United Kingdom and France.

Both yearling and heavy cattle sold yesterday as high as $10.85, nearly a dozen loads in all. Wilson & Co. paid that price for 105 head averaging 1,392 lbs and sixty-eight yearlings averaging 984 lbs. All desirable steers and butcher stock advanced 10@15c and poorer grades showed a higher tendency. Dwindling receipts and lively competition were the strengthening factors. Calves advanced 25c and feeding steers 10@15c.

Light hogs met with an indifferent call at 10@15c decline in prices, while other grades ruled steady to strong. Much improved quality and a smaller proportion of heavy and mixed packing kinds forced the general average 5c higher at $8.90, against $8.45 a week ago and $8.85 a year ago. Price range was still narrower yesterday, with best light at $10.00, against $10.50 a week ago and $10.25 a year ago.

Top Lambs Reach $13.00.

Conditions in the sheep trade were healthy and prices scored another advance of 10@25c. Fancy native lambs reached $13.00, the highest in practically a month. Western lambs sold up to $12.90 and bulk at $12.65@12.85. Several carloads of western aged wethers sold at $7.75, with yearlings as high as $11.00. Receipts continue comparatively small.

Seven western markets received 42,000 cattle, 74,000 hogs, and 39,000 sheep, against 44,000 cattle, 70,000 hogs, and 46,000 sheep the previous Wednesday and 43,000 cattle, 69,000 hogs, and 48,000 sheep a year ago.

Receipts at Chicago for today are estimated at 11,000 cattle, 25,000 hogs, and 20,000 sheep, against 9,166 cattle, 21,312 hogs, and 13,755 sheep the corresponding Thursday a year ago.

FLOUR TRADE BETTER

Flour buyers having run out of supplies fear a railroad strike and are loading up more generally. Chicago and Minneapolis mills report an improved business in flour of late. Mills are buying cash wheat and futures more freely and selling flour for deferred shipment, some having booked a liberal number of orders of late.

Flour prices are easy with standard brands of spring wheat patents at $6.50@6.85 in car lots and $8.00 to the retail trade. Hard winters are $5.75 for 95 per cent patents and $6.25 for shorts. Soft winters are $5.00@5.25 for shorts and $5.60@5.75 for short patents, car lots in jute. Rye flour easy at $4.35@4.40 for white patent in car lots.

ADD 162 ACRES TO GREAT BELT OF OUTER PARKS

BY AL CHASE.

Chicago's great outer belt of woodland playgrounds has had 162 acres added to it through the purchase of that amount of property in Leyden by the forest preserve district from the George Lomax estate. The land is heavily wooded and adjoins the big tract on the east side of the Des Plaines river, once known as Robinson's reserve, and now owned by the county forest preserve district.

It is a cross shaped piece of land, crossed by Irving Park boulevard and with 118 acres north of that road and 44 acres south. The northern boundary is Montrose extended. Part of the east boundary is Thatcher road. The price paid was $93,500, or about $577 an acre.

Louis Susman, builder, has just sold the new thirty flat building at the southeast corner of Sheridan and Winthrop, overlooking the campus of Loyola university, to Catherine C. Lamb for an indicated $245,000, subject to $135,000. The lot is 100X150.

Vernon Avenue Deal.

Alex Weir paid an indicated $132,000, subject to $72,000, to William D. Griffin for the thirty apartments at 6227-35 Vernon avenue, lot 136x124. George H. Young of W. K. Young & Bro. negotiated the sale.

The twelve flat building at 7156-58 Normal boulevard, overlooking Hamilton park, has been sold by Arthur L. Fuller to Thomas J. Barton for a reported $54,000, the buyers assuming an incumbrance of $20,000, paying the balance in cash. O. B. Marsh of W. K. Young & Bro. represented both parties.

The six apartments at 5043 Drexel boulevard have been traded by Charles G. Miller to George A. Crowden of Ottawa, Ill., for three farms, two in Illinois and one in Texas. C. A. Moore of K. R. Beak & Co. represented all parties and Beak & Co. will manage the flat building.

Sells Bernard Street Flats.

The twenty-four flats at 4718 Bernard street were sold by Johan Peterson to Anius Sorenson for a reported $105,000, subject to $70,000. Mr. Sorenson gave as part payment the twenty-four apartments at 2104 Ballou street, at $58,000, subject to $30,000, according to the revenue stamps. R. M. Westhagen of the Lake View Real Estate exchange represented Mr. Peterson, and Charles E. Simpson was broker for Mr. Sorenson.

John Schoen paid an indicated $78,000 to Della Ward for the eighteen flat building at the northeast corner of Glenwood and Bryn Mawr avenues.

Building Permits

Thirty-eight permits for a total value of $678,500 were issued yesterday, among them being the following:

1331 South Wabash avenue, one story brick offices; Famous Players-Lasky corp., owners; C. W. Rapp, arch.; Thompson-Starrett Co., mason	$68,485
7431 Drexel avenue, two story brick flats; C. Larson, owner; A. G. Lund, arch.; Olson & Barg, masons	12,000
5816 West Division street, two story brick bank; J. Wassell & Co., owner; G. E. Pearson, arch.; H. Fruvol, mason	40,000
4701 South Ashland avenue, two story brick store; L. R. Steel Co., owner; J. A. Armstrong, arch.; E. V. Johnson Co., mason	50,000
2719 South Troy street, two story brick factory; C. Adams Co., owner; W. A. Nicholas, arch.; Bowie, Lydan & Co., mason	185,000
1743 Albion avenue, two story brick flats; J. A. Vaughn, owner; F. Kvering, arch.; Whyte-Bell Co., mason	13,000
2500 Pensacola avenue, three story brick flats; A. E. Marks, owner; A. B. Manwurm, arch.	160,000

Ten Preferred Stocks

PREFERRED stocks frequently offer to the Investor that ideal combination, safety of income and possibilities for a substantial appreciation in principal. The fact that with but few exceptions the larger industrial companies have been able to pass thru the period of drastic inventory reductions, and declining trade, unprecedented for its rapidity and extent, without default in the payment of the regular Preferred dividends and that may have, in addition, added a substantial sum to surplus account, is a supreme test of their solvency and ability to continue the payment of dividends through good and bad times alike.

Although the well seasoned dividend paying Preferred Stocks show substantial advances from the low levels of the past year, they are still attractive to investors from the viewpoint of yield, at present prices. Many with unbroken dividend records are selling below the record high levels of past years, and can be purchased to yield from 6% to 9%

We have prepared Complete Reports on ten attractive issues.

The New York Times.

New York, Aug. 16.—[Special.]—Overnight developments in the labor situation were the governing influence on today's financial markets, whose response to the distinctly reassuring turn of events was an early advance on the stock exchange, running from 1 to 3 points.

From the higher range of prices thus reached, there was irregular reaction later; a familiar enough occurrence when the upward movement of the previous day had anticipated the news which came later. It was by no means taken for granted today that an immediate and amicable settlement would be reached at tomorrow afternoon's conference between the road managers and the union chiefs.

Figure on Compromise.

It was commonly taken for granted that the labor leaders would propose to compromise on return of the striking shopmen with seniority privileges subordinated to those of the loyal men, but ahead of the rights conferred on the new men employed since the strike began.

This is the proposal which every one, including the labor men themselves, expected President Harding to make in his effort of August 1 at mediation. The managers' rejection of Mr. Harding's actual and much more sweeping proposal for unconditional restoration of seniority does not prove that the half-way compromise would be rejected, but neither does it indicate acceptance.

Stand of Managers.

The grounds on which the managers based their attitude of Aug. 1—that both railway precedent and the labor board's decisions alike place returning strikers on a footing inferior both to loyal men and new employés—would in principle still hold good.

Conceivably that principle may be waived in the wish to settle an awkward general situation; but in any case, the facts of essential importance are that the brotherhoods are themselves seeking compromise, that they have publicly discountenanced (as they were certain sooner or later to do) the unauthorized desertion of trains by individual crews, and that, with the coal strikes on the eve of termination, the settlement of the railway difficulty also has become practically inevitable.

T. S. O.—The Chicago and West Towns Railway company owns and operates electric railway lines serving, without competition, the section immediately adjacent to the western limits of Chicago, having a population of over 155,000. It is issuing $1,150,000 ten year 7 per cent bonds, series A, secured by a first mortgage on the entire property, valued at over two and one-half times these bonds, which will constitute the sole funded debt. The bonded debt is less than $16,000 per mile and the gross earnings over $15,000 per mile. Net earnings for the year ended June 30, 1922, are more than double those for 1918. For the last four calendar years, net earnings have averaged $174,108, or over twice the interest charges on this bond issue and for the year ended June 30, 1922, net earnings were $240,024, or nearly three times such interest charges. These bonds are a sound investment.

Burroughs Adding Machine.

J. C. B., Evanston, Ill.—On July 11, 1922, it was announced that because of insufficient shares represented at the stockholders' meeting of the Burroughs Adding machine company, the proposed plan of reorganization and recapitalization had been withdrawn by mutual consent of owners and bankers. A stock dividend of 25 per cent was then declared, payable Aug. 15 to stock of record July 31.

The present status of
Bonds of the French Government

The difference in the yield of French Government Bonds, which are now selling on better than a 7½% basis, as against a considerably lower return on the securities of several other European Governments and Cities, has caused question in the minds of some investors.

The reasons for this difference in yield is comprehensively discussed in a pamphlet which is of great interest to holders of European securities. A copy of this pamphlet will be sent to any investor on request without obligation.

EFFECT OF FUEL STRIKE TO LAST; HURTS INDUSTRY

BY O. A. MATHER.

Warning that the effects of the coal strike, even though it be settled now, must continue to hamper industry for some time is sounded in the mid-week reviews of the steel and iron industry. It will take months to replace the fuel reserves exhausted in the five months of virtually suspended mining operations.

Although the demand for steel and iron has been and continues sufficient to keep operations almost at capacity, the output of pig iron has been reduced about 25 per cent since July 1, while the rate of steel output has fallen from 80 to between 50 and 60 per cent. The embargo on fuel probably has been even more seriously felt in other industries which did not have the fuel reserves of the steel plants.

Must Ration Steel Supply.

"There are indications that further crippling of blast furnaces and steel works will come before there is a turn for the better," the Iron Age comments. "More price advances and other aspects of a scarcity market have developed. Market changes of the week reflect the general belief of producers that for most, if not all, of the remainder of the year a rationing of steel supply will be the order."

"Too much dependence is not placed on the Cleveland agreement in the coal strike to effect early relief of the distress of the industry," the Iron Trade Review says. "Even under the best results in the way of increased production of coal, iron and steel plants are not likely to be helped appreciably for some time, because of the railroad strike, car shortage, priorities, and other factors. The common belief is that unsettled operations of mills and furnaces for the remainder of the year is probable."

U. S. Controlling Insurance.

Evidence of how the world war has turned the American fire insurance business from foreign to domestic companies is contained in an announcement that an American banking syndicate has purchased substantially the entire capital stock of the Rossia Insurance Company of America, reputed to be the largest fire and marine reinsurance concern in this country operating under a domestic charter. Previous to the war many of the domestic insurance companies reinsured their risks with foreign concerns. The Rossia company originally was a branch of a Russian company of the same name, the domestic concern taking over the American business in 1919.

The Firemen's Insurance company announced yesterday it has taken steps to acquire control of the National Ben Franklin Fire Insurance company, although the latter company will retain its identity and continue as a separate company in Pittsburgh.

New Oil Stock Issued.

The Union Oil company yesterday informed its stockholders that they may subscribe to 139,000 shares of nonpar common stock of the Shell Union Oil company at $12 a share. This distribution of the Union company's holdings of Shell stock is made for the reason that the Union company has been unable to sell its two 10,000 ton tankers and sees no prospect of an advantageous sale, and so is unable to pay the balance of its bank loan.

The Public Service Company of Northern Illinois announced that its offer of 44,150 shares of new nonpar common stock to stockholders already has brought in subscriptions for more than 30,000 shares, and belated subscriptions are expected to swell this total considerably. The books were closed at midnight Tuesday, but subscriptions mailed up to that time will be filled.

PRODUCE MARKETS

Butter buyers took hold of the best grades freely and absorbed offerings at full prices. An advance of ¼c was made in 92 scores at Chicago, and 1½c in all grades at Boston where the offerings were light.

Buyers took cheese in a moderate way in all markets. Tone was firm with Young Americas 1¼c and twins ½c higher in New York.

Eggs were taken freely. There was less animation to trade, yet prices were unchanged. Arrivals, 6,562 cases, against 10,341 cases last year. Live spring chickens were 1c lower and ducks 1c higher. Prices on other poultry unchanged. Arrivals, 4 cars and 1,020 coops.

Potato buyers took hold more freely, making a firmer market. Prices unchanged to 5c higher. Arrivals, 89 cars and 219 cars were on team track.

Watermelons met a good sale with 44 cars in and 125 cars on track. Peaches were plentiful with 105 cars on track. There were also 37 cars of pears and 40 cars of apples in.

CHICAGO STOCK TRANSACTIONS

Chicago stocks were fairly active yesterday, but prices were irregular. Yellow Taxi, Union Carbide, and Stewart-Warner made fractional advances, Swift International was firm, and Montgomery Ward and Piggly Wiggly declined small fractions. On small sales Sears-Roebuck declined 1⅜; Great Lakes Dredge and Diamond Match, 1½ each, and Booth Fisheries and United Paperboard, a point each. Booth preferred and Montgomery Ward preferred were up 2 points and a point respectively.

The Chicago exchange suspended Matthew J. Hoey from trading for five days, the firm of Hoey, Tilden & Co. having gone into bankruptcy on Tuesday. The New York Curb Market association also suspended the firm, and also Smith, Lockhart & Co. and Kaderly & Finnan, the latter two being Baltimore brokerage houses.

DRY GOODS AND GARMENT NEWS

COPYRIGHT: 1922 BY FAIRCHILD NEWS SERVICE

BERLIN—Following the new decline of German marks to 1,000 to the dollar, large numbers of German textile manufacturers announce the suspension of all selling to inland trade pending the reorganization of business on a basis of the U. S. dollar.

NEW YORK—The second group of clothing workers to emigrate to Russia, comprising seventy-five skilled tailors from New York, Chicago, and Philadelphia, will sail Aug. 29. They will take $25,000 worth of machinery and food supplies for one year, as well as beds and bedding.

NEW ORLEANS, La. — Fast buying has characterized the activities of the New Orleans Buyers' convention so far, according to jobbers. Several houses have been forced to wire eastern markets for rush shipments of replacement merchandise.

NEW YORK—A standard code of practice to govern relations of retailers, wholesalers, and manufacturers will soon be promulgated by an informal committee representing the large merchandise bodies of the country, according to members of the executive committee of the national merchandise fair.

CHICAGO—Retailers report a short supply of cotton flannels and blankets. They say jobbers' stocks are low, due also to the New England textile strike. Goods are hard to obtain.

NEW YORK—Demand quickens in the wholesale market for women's coats and suits. Small town retailers are purchasing extensively.

NEW YORK—There was a somewhat improved tone in the local gray goods market today, although trading was far from active. Prices remained unchanged, with the exception of the 80x80, 4.00 yard to the pound print cloth, which declined an eighth of a cent to 12c.

Authorized $2,500,000. To be presently issued and outstanding 48,000 shares ($25 par value) or equivalent Banker Shares $1,200,000

We summarize as follows from a letter to us by Mr. Carl F. Sturhahn, President of the Company, copies of which may be had on application:

BUSINESS: Rossia Insurance Company of America succeeded in 1919 to the business of United States Branches of Insurance Company, Rossia of Petrograd, which was established in 1904. It is the largest and strongest domestic insurance Company in the United States writing exclusively fire and marine re-insurance. The Company has re-insurance contracts with the leading direct-writing insurance companies, which gives it the widest geographical distribution of risks.

EARNINGS: In the eighteen years ended December 31, 1921, which included the years of the Baltimore and San Francisco conflagrations, the underwriting operations of the Company and its predecessor showed a total net profit of $1,514,774. In the same period the income from investments, which now have a value in excess of $8,500,000, totalled $4,167,562. For the five years ended December 31, 1921, investment income alone has averaged $444,837 per year and total income from underwriting and investments has averaged $593,448

DIVIDENDS of $6 per share on stock, which is the initial annual rate contemplated, will require $288,000 per annum.

ASSET VALUES: The assets of the Company consist principally of the highest grade bonds in which the capital, surplus and reserve funds are invested. As of June 30, 1922, total assets are $9,544,023. On that date the total capital and surplus was $3,379,828; in addition to which there was an estimated value in the premium reserve accruing to the stock holders of 33⅓% of the premium reserve, or $1,520,000. These figures indicate a total liquidating value of $4,895,000 or more than $102 per share

MANAGEMENT: The Company and its predecessor have been continuously under the management of Mr. C. F. Sturhahn since the business was started in 1904. Mr. Sturhahn and all of the officers of the Company will continue in the management without change. The Company occupies its own office building in Hartford, Conn., which was designed and built in 1913 for its exclusive occupancy.

The Company has been examined for the Bankers by Joseph Froggatt & Co., Insurance Auditors. All legal details in connection with this offering will be passed upon by Messrs. Alexander & Green and the issue is made subject to their approval.

The undersigned will receive subscriptions for the above stock or bankers' certificates subject to allotment, when, as and if issued and received by us, and pending receipt of same, interim certificates will be issued

RAILROAD NOTES

Purchases of new equipment in July were the largest so far this year, amounting to 353 locomotives, 15,675 freight cars, and 120 passenger cars. The most important order for new locomotives was that of the New York Central for 150. The Southern Railway purchased twenty-one locomotives, the Chicago and Eastern Illinois ten, the Nickel Plate fourteen. The Baltimore and Ohio ordered thirty-five and the Atchison, Topeka and Santa Fe twenty-five, while the Union Pacific is still inquiring for eighty.

Approval was given by the interstate commerce commission yesterday to the contract by which the New York, Chicago and St. Louis Railroad company will take over operation and management of the Lake Erie and Western railroad. The commission said the consolidation would be of advantage to shippers generally and would reduce cost of transportation and improve service.

Division of joint freight rates accorded the Nevada-California-Oregon Railway company by the Southern Pacific has been held by the commission to be unjust, unreasonable, and inequitable. The commission stated the record is insufficient to permit it to prescribe necessary readjustments in detail and suggested that the carriers work out details and make new divisions, effective not later than Oct. 1.

Amendments to the charter of the reorganized International and Great Northern railway, changing the name of the company to International-Great Northern and making all preferred stock of the company common stock were approved. All of the $11,500,000 stock of the organization is now common.

The Baldwin Locomotive Works has received an order for thirty engines from the Erie railroad, valued at $1,500,000.

E. C. Grace, president of the Bethlehem Steel corporation, announced yesterday that directors of the company had finally approved of the terms of the purchase of the Lackawanna Steel company which were sent to stockholders in tentative form prior to the recent Lockwood investigation. The proposed purchase of the Lackawanna was investigated and approved by the attorney general. Stockholders of Bethlehem Steel will meet on September 18, to ratify the purchase, and Lackawanna stockholders will meet to vote on the sale of their property on or about the same date.

CLOTHING, FURS, ETC.

BUY FURS ON THE BEDAL PLAN.

In selecting a fur garment the quality of the skins and the materials used in its production is of most importance; a cheap fur coat does not last; you do not save when you buy for less money because the garment does not last. Bedal's furs are of the highest quality, both as to quality of skins and excellent workmanship; the price is no higher than is consistent with good merchandise and the Bedal Plan of payments enables you to wear your furs after making the initial payment, which need not be made until Nov. 1. Select your coat now during August sales and have it when you want it. $5.00 deposit will hold any garment. BEDAL'S, Inc., 220 S. State, 2d floor, Consumers Bldg.

FURS — DIRECT FROM WHOLESALE house, saving you the retailer's big profit. Handsome coats and wraps in all kinds of fur, $75 to $250.

CADILLAC'S SPECIALS

LOCOMOBILE SPORT TOURING CAR, 1920. This is a very distinctive and classy 4 passenger open car, the body is custom built by Farnham Nelson of Boston and the car is completely equipped. The chassis is tight and sweet running and the mechanical condition throughout is excellent. The coach condition is excellent and the original finish, which is a standard Green, shows no wear whatever. Equipped with an excellent set of cord tires, 2 spares and covers, and other extras. This car could not be duplicated today for less than $11,000. For immediate sale we have priced it at the ridiculously low figure of $4,000.

CADILLAC 8 TYPE 61 5 PASS. COUPE. This 5 passenger enclosed car is one of our very latest body styles and is the second car of this type that we have had the opportunity of offering. It has seen little use. Beautifully refinished in a rich Maroon with red striping, with which the velour upholstery of brown tint harmonizes very well. Equipped with 5 brand new Cord tires, motometer, bumper, tire cover, etc. Mechanically it will carry our new car warranty. Offered at a considerable saving from the price of a new Cadillac at the special price of $3,500.

PACKARD LIMOUSINE, 7 PASS., MODEL 3-35. This is the "Twin-Six" Series on the shorter wheel base, just received from the original owner. It is in splendid condition mechanically; paint and upholstery show very little use. Equipped with 6 excellent cord tires, motometer, and other extras. This is by far the best Packard Limousine bargain we have offered in some time and we believe at our price is a particularly good buy. If interested in a Packard Limousine we urge your immediate inspection. $1,950.

OLDSMOBILE 8 SEDAN, 1920 MODEL. Before this car was furnished to us the original owner had it refinished in a beautiful shade of Olds Blue and had cast iron pistons installed in the engine and overhauled mechanically. It is in excellent running condition, and this particular car is an exceptional value. It is the roomy five passenger car with 2 extra seats, equipped with a nice set of seat covers that are like new, 6 new cord tires, clock, bumper, etc. The windshield is of the slanting type, affording unobstructed vision, and the entire car looks like a new one. Offered at a considerable saving from its original cost. $1,100.

COLE 8 SPORT TOURING, 4 PASS. We know the former owner of this car and the care he gave it. It was used very sparingly by a man who takes exceptional pride in his cars. Therefore this car is an exceptional used Cole. Mechanically it will bear the most rigid inspection. The paint, top, upholstery, and coach condition are like new. Painted in Robin Egg Blue and equipped with an excellent set of Cord tires, spare, cover, 2 bumpers, spotlight, motometer, and other extras. If you are looking for a high grade Sport car of a late series, which, we believe, is exceptional every way, this car will interest you. $975.

WINTON SIX TOURING 1919 MODEL 7 PASS. The top, upholstery, paint, and general condition of this car are good. Equipped with 5 good Cord tires and many extras. We do not believe a better Winton bargain than this one has ever been offered and the price is really incomparable. Ridicuously low priced at $650.

COLUMBIA 1920 TOURING CAR, 5 PASS., 6 CYL. The general condition of this car is good; tires, motor, and upholstery good; paint fair. An economical, light, serviceable little car with the dependable Continental 6 cylinder engine, which in the 6 cylinder field ranks very high. A reliable car priced very low at $600.

Locomobile

LOCOMOBILE—Series 5, seven passenger limousine, driven 12,000 miles. You will think this a new car, as it has been repainted, all new tires installed, and absolutely no wear is discernible either inside or out on this luxurious car, which has just been turned in by one of Chicago's leading families. Priced at 50% savings $5,000.00

LOCOMOBILE—1922, Type Sportif. Delivered in January of this year, this car has had practically no use. The color is dark blue, the 6 tires are like new. The equipment includes special imported headlamps, and is otherwise complete to the slightest detail. Priced at a very attractive figure $5,500.00

PIERCE ARROW—1920, dual value, seven passenger sedan. This car is in excellent condition throughout, and looks as it did when new, with its new paint, tires, etc., equipment is complete and includes Westinghouse air springs. A $9,500.00 car for $4,000.00

MERCER — 1921, four passenger sport; $1,700 has just been spent on this car, rebuilding chassis, repainting car, installing spare wheels on sides of car, all new Woodbury cords, tonneau windshield, trunk rack, special head and cowl lamps, individual steps, etc. Priced at .... $2,[illegible]00.00

DANIELS — 1920, 7 passenger touring car, which has had little use. The paint, tires, and other equipment on this beautiful and smart car are all in excellent condition. The mechanical condition is unquestionable, as we have just gone over the entire car, leaving it as good as new. A $5,500.00 car for $1,750.00

R. & V. MOTOR CO.

Moline-Knight Chummy. A light economical 4 passenger roadster. This car has been put in condition as to paint, top, curtains, and tires. It is the powerful Knight motor and if you are looking for a good used car see this at $550.

A 7 passenger Moline-Knight touring car, painted a beautiful French gray body, radiator and fenders black. Equipped with new top, curtains and new cord tires. We have gone to considerable expense in putting this car in first class condition and it is a bargain at $650.

Stearns-Knight Chummy Roadster. Car has good paint and tires. Top, upholstery, and curtains like new. Motor is silent; has five wire wheels. This is a 1919 automobile and a bargain at $535.

Stephens Salient Six. Car is in good mechanical condition; has six good tires, paint, top and upholstery like new. $550.

Mitchell 1920 touring car. Repainted and in good running order. $350.

4 Bargains
AT THE
Peerless Motor Car Co.
OF ILLINOIS.

PEERLESS TOURING, 1916. This car is being offered as our special bargain for today and taking into consideration its general condition we believe it to be one of those bargains in a Peerless car that will undoubtedly be sold to the first person who sees it. Do not think that this car is junk or one in which you would be ashamed to ride in, because it is truly a high class motor car that is good for many thousands of miles of uninterrupted service. Rarely do we have the opportunity of offering a car of this series and in this condition at such a ridiculously low price. Act quickly if you would avail yourself of a bargain that is worth many times the price we are asking for it. Special for this sale, $250.

HAYNES SEDAN, MODEL 47, 1921. This standard Haynes 7 passenger sedan is one that is above the average in condition. It is painted a dark blue and is equipped with an excellent set of cord tires, 1 extra, bumper, clock, and many other extras. Mechanically it is exceptionally fine. In order to avail yourself of a bargain in a late model Haynes sedan your immediate action will be necessary. We have taken into consideration the recent price reduction on the prices of new Haynes cars and have priced this car way below the market value to move it. Do not put off seeing and riding in it, if interested. Special for this sale, $1,350.

PEERLESS SEDAN, 1921. This beautiful high grade 7 passenger enclosed Peerless car has just been received from our Shop and Refinishing Department, in such condition that it would be hard to distinguish it from new. It is a special job in many ways, with plenty of extra equipment such as wire wheels, nickeled lamps, bumpers front and rear, etc. This is the first sedan of this series that we have ever had to offer and believe that if you could see this automobile and ride in it you would not hesitate in making a decision that would make you the proud owner of a car, the equal of which we do not believe you can duplicate anywhere, particularly at the price we are asking for this one. In detail, appointments and mechanical condition, it cannot be classed as the ordinary used car. Price, $2,000.

PEERLESS SPORT, 1919. This is our standard 4 passenger, 4 door Sport car and was delivered very late in the year of 1919. In fact, it is a car that is above the average in every respect. The paint, which is a Dark Green, is in fair condition and it is completely equipped with many extras, such as motometer, nickeled headlamps, snubbers, and many other extras. The Cord tires show practically no wear. This particular automobile has class and distinction and is one that this direct branch of the Peerless Motor Car Company will recommend. To interested parties would suggest an inspection of this car immediately. We are pricing it way below the market value and it will undoubtedly be sold to the first person who sees it. Special for this sale, $750.

JORDAN

JORDAN STANDARD 7 PASS. 1917 TOURING. A real buy. We have just refinished this car in olive green. A very beautiful color. The car is in very good mechanical condition. The new top, with beveled glass, adds to its appearance. Upholstered in genuine long grain hand buffed leather. Marshall cushion springs add the necessary touch to your comfort. Mahogany paneling in tonneau, a new rug to give proper finish, nickeled headlamps, good tires, 1 extra. A finished article. Today's special offering: $650.

JORDAN 5 PASS. TOURING, VERY LATE 1921. Thoroughly overhauled and refinished in Brewster Green with red running gear. Very little mileage, wire wheels, 5 cord tires, 2 spotlights, wheel lock, new type barreled lamps, automatic windshield wiper, stoplight, etc. Deep comfortable upholstery of genuine long grain hand-buffed leather. All aluminum body, low to the ground, with full molded crowned fenders. Would make an ideal lady's car, as it is easy to operate and smooth running. A good used Jordan is an insurance policy against future mechanical difficulties. Price, $1,300.

Packard Sport
$2,075

—Series 3-25, with custom built Kimball 4 passenger body, with lines identical with current model Packard. California top, pigskin leather upholstery, Rudge-Whitworth wire wheels, 5 excellent tires, Biflex bumper, and many other extras. The body alone to duplicate today would cost much more than we are asking for the entire car. The chassis has been entirely overhauled in our shops by experienced men, and the car refinished in Deep Burgundy Wine. A Packard bargain such as this one is but rarely offered and we doubt if ever you will again find such a value. Price $2,075. Terms to a responsible purchaser.

PEERLESS TOUR., '20,
$875
A WONDERFUL VALUE!

This beautiful touring car has just been renewed inside and out, is in perfect mechanical condition, and presents the appearance of new. Those who drive Peerless cars adjure that they are all that the name implies, that the motors are troubleproof, long lived, and extremely quiet. In going over this car no expense was spared in our mechanical department. In addition new top and new seat covers have just been tailored on. All bright parts have been renickled and a new burned off job of paint applied. The cord tires are excellent. Several are brand new. Standard new car guarantee. This is a wonderful value in a very comfortable, easy riding car of high quality. OPEN EVENINGS.
